Polycentricity The Multiple Scenes Of Law

Ari Hirvonen

Polycentricity The Multiple Scenes Of Law:

Polycentricity Ari Hirvonen, 1998 This work sets out to demonstrate the inadequacy of current legal paradigms in explaining the phenomena of fragmentation through conceptions of modern law It also addresses the possibility of legal and ethical alternatives and political counterstrategies

Community, Space and Online Censorship Scott Beattie, 2016-05-23 Internet censorship is a controversial topic while the media periodically sounds alarms at the dangers of online life the uncontrollable nature of the internet makes any kind of pervasive regulatory control impossible This book compares the Australian solution a set of laws which have been criticized as being both draconian and ineffectual to major regulatory systems in the UK and US and understanding what drives them The impossibility of internet regulation opens deeper issues what do we mean by regulation and how do we judge the certainty and effectiveness of law These questions lead to an exploration of the theories of legal geography which provide tools to understand and evaluate regulatory practices The book will be a valuable guide for academics students and policy makers working in media and censorship law those from a civil liberties interest and people interested in internet theory generally

Parallel and Conflicting Enforcement of Law Torbjörn Andersson, 2021-10-25 This anthology contains essays on the subject of parallel proceedings based on interventions by a multinational assembly of scholars judges and lawyers at a symposium held in Thoresta Sweden Seven of the essays deal with the subject at a general level addressing questions like uniform application of law polycentricity and European harmonisation of procedural law Eight of the essays are concerned with specific parallel situations administrative law before ordinary courts criminal law in civil proceedings and concurrent application of competition law Although emphasis is put on procedural law the authors may be characterised as qualified specialists with expertise from different fields like contract law legal philosophy administrative law competition law criminal law The anthology may be used as a basis for further research on parallel proceedings in various fields Furthermore it is an important starting point for progressive reflection on issues like transnational litigation the concept of consistency pluralism and comparative law and their meaning in the future idea of law in Europe and the world

Ghost Criminology Michael Fiddler, Theo Kindynis, Travis Linnemann, 2022-01-18 Bringing together prominent early contributions from this emergent perspective the volume traces the origins theory and methodology of a nascent ghost criminology From the powers of exorcism and erasure marshaled by state agents street level struggles over memorialization and memory to the lingering violence of crime scenes and the ghostly traces of outlaw artists *Ghost Criminology* is a book attuned to that which is well theorized in other disciplines the spectral hauntological apparitional Each of the writers assembled here shares as Mark Fisher 2017 put it a fascination for the outside that which lies beyond standard perception cognition and experience As such this collection uses cutting edge social and cultural theory to tangle with some of criminology's most stubborn revenants the politics of criminalization the commodification of crime and violence the haunting power of the image as well as the unheard and disregarded cries of the dead

Ranciere and Law Monica Lopez

Lerma, Julen Etxabe, 2017-11-06 This book is the first to approach Jacques Rancière's work from a legal perspective. A former student of Louis Althusser, Rancière is one of the most important contemporary French philosophers of recent decades, offering an original and path-breaking way to think politics, democracy and aesthetics. Rancière's work has received wide and increasing critical attention, but no study exists so far that reflects on the wider implications of Rancière for law and for socio-legal studies. Although Rancière does not pay much specific attention to law, and there is a strong temptation to identify law with what he terms the police order, much of Rancière's historical work highlights the creative potential of law and legal language with important legal implications and ramifications. So rather than excavate the Rancièrian corpus for isolated statements about the law, this volume reverses such a method and asks what would a Rancière-inspired legal theory look like. Bringing together specialists and scholars in different areas of law, critical theory and philosophy, this rethinking of law and socio-legal studies through Rancière provides an original and important engagement with a range of contemporary legal topics including constituent power and democracy, legal subjectivity, human rights, practices of adjudication, refugees, the nomos of modernity and the sensory configurations of law. It will then be of considerable interest to those working in these areas.

Fair Balance Jonas Christoffersen, 2009 In one of the most important publications on the European Convention and Court of Human Rights in recent years, a wide range of fundamental practical and theoretical problems of crucial importance are addressed in an original and critical way, bringing a fresh, coherent and innovative order into well-known battle zones. The analysis revolves around the Court's fair balance test and comprises in-depth analyses of, e.g., methods of interpretation, proportionality, the least onerous means test, the notion of absolute rights, subsidiarity, formal and substantive principles, evidentiary standards, proceduralisation of substantive rights, etc. The author coins the term of a *co-primarity* in order to clarify the obligation of the Contracting Parties to implement the Convention in domestic law.

Mixed Legal Systems, East and West Vernon Valentine Palmer, Mohamed Y. Mattar, 2016-07-22 Advancing legal scholarship in the area of mixed legal systems as well as comparative law more generally, this book expands the comparative study of the world's legal families to those of jurisdictions containing not only mixtures of common and civil law but also to those mixing Islamic and/or traditional legal systems with those derived from common and/or civil law traditions. With contributions from leading experts in their fields, the book takes us far beyond the usual focus of comparative law with analysis of a broad range of countries including relatively neglected and under-researched areas. The discussion is situated within the broader context of the ongoing development and evolution of mixed legal systems against the continuing tides of globalization on the one hand and on the other hand the emergence of Islamic governments in some parts of the Middle East, the calls for a legal status for Islamic law in some European countries and the increasing focus on traditional and customary norms of governance in post-colonial contexts. This book will be an invaluable source for students and researchers working in the areas of comparative law, legal pluralism, the evolution of mixed legal systems and the impact of colonialism on contemporary legal systems. It will also be an

important resource for policy makers and analysts **Sexuality and Psychoanalysis** Jens de Vleminck, Eran Dorfman, 2010
The relationship between sexuality and psychoanalysis can be described in terms of an old and stormy love affair. The same can be said about the relationship between psychoanalysis and philosophy. It is precisely this fascinating love triangle that the present volume of essays aims to explore. A diverse group of philosophers and psychoanalysts reflected on the concept of sexuality in Freudian and Lacanian psychoanalysis. The result is a stimulating collection of essays where the role of sexuality in psychoanalysis is scrutinized from a philosophical point of view *Feminist Perspectives on Public Law* Susan Millns, Noel Whitty, 2013-03-04
Feminist scholarship can provide public lawyers with the critical tools and insights to respond to these new challenges. This collection begins a dialogue between public law and feminism by offering a range of perspectives on contemporary public law themes and topics **The Three Ps of Liberty** Allen Mendenhall, 2020-03-12
This book considers the three Ps of liberty: pragmatism, pluralism, and polycentricity. These concepts enrich the complex tradition of classical liberal jurisprudence, providing workable solutions based on the decentralization, diffusion, and dispersal of power.

Diversity Research and Policy Steven Knotter, Rob De Lobel, Lena Tsipouri, Vanja Stenius, 2011
Diversity Research and Policy: A Multidisciplinary Exploration provides insight into the role diversity plays in a wide range of academic disciplines such as anthropology, sociology, psychology, economics, linguistics, business management, criminology, law, ecology, and urban planning. Furthermore, it reflects on the implications for policymakers. The volume is a vital tool for anyone conducting research on diversity and an inspiration for practitioners in the field of diversity management and policy implementation. Publisher's website [Captive Images](#) Katherine Biber, 2007-05-07
Captive Images examines the law's treatment of photographic evidence and uses it to investigate the relationship between law, image, and fantasy. Based around the scholarly examination of a bank robbery in which a surveillance camera captures the robbery in progress, Katherine Biber draws upon critical writing from psychoanalysis, postcolonialism, art, law, literature, and feminism to read this crime, its texts, and its images. The result is an interdisciplinary study of crime that unfolds a compelling narrative.

about race relations national identity and fear This book is an essential read for all levels of law students studying or interested in law criminology and cultural studies **Yearbook of Islamic and Middle Eastern Law** ,2002 *Posthuman Property and Law* Jannice Käll,2022-07-28 This book analyses the phenomenon of digitally mediated property and considers how it problematises the boundary between human and nonhuman actors The book addresses the increasingly porous border between personhood and property in digitized settings and considers how the increased commodification of knowledge makes visible a rupture in the liberal concept of the property owning free person Engaging with the latest work in posthumanist and new materialist theory it shows how property as a concept as well as a means for control changes fundamentally under advanced capitalism Such change is exemplified by the way in which data as an object of commodification is extracted from human activities yet is also directly used to affectively control or nudge humans Taking up a range of human engagements with digital platforms and coded architectures as well as the circulation of affects through practices of artificial intelligence that are employed to shape behaviour the book argues that property now needs to be understood according to an ecology of human as well as nonhuman actors The idea of posthuman property then offers both a means to critique property control through digital technologies as well as to move beyond the notion of the self owning object owning human Engaging the most challenging contemporary technological developments this book will appeal to researchers in the areas of Law and Technology Legal Theory Intellectual Property Law Legal Philosophy Sociology of Law Sociology and Media Studies **A Treatise of Legal Philosophy and General Jurisprudence** Enrico Pattaro,Corrado Roversi,2016-07-13 A Treatise of Legal Philosophy and General Jurisprudence is the first ever multivolume treatment of the issues in legal philosophy and general jurisprudence from both a theoretical and a historical perspective The work is aimed at jurists as well as legal and practical philosophers Edited by the renowned theorist Enrico Pattaro and his team this book is a classical reference work that would be of great interest to legal and practical philosophers as well as to jurists and legal scholar at all levels The work is divided in two parts The theoretical part published in 2005 consisting of five volumes covers the main topics of the contemporary debate the historical part consisting of six volumes Volumes 6 8 published in 2007 Volumes 9 and 10 published in 2009 Volume 11 published in 2011 and Volume 12 forthcoming in 2016 accounts for the development of legal thought from ancient Greek times through the twentieth century Volume 12 Legal Philosophy in the Twentieth Century The Civil Law World Volume 12 of A Treatise of Legal Philosophy and General Jurisprudence titled Legal Philosophy in the Twentieth Century The Civil Law World functions as a complement to Gerald Postema s volume 11 titled Legal Philosophy in the Twentieth Century The Common Law World and it offers the first comprehensive account of the complex development that legal philosophy has undergone in continental Europe and Latin America since 1900 In this volume leading international scholars from the different language areas making up the civil law world give an account of the way legal philosophy has evolved in these areas in the 20th century the outcome being an overall mosaic of civil law legal

philosophy in this arc of time Further specialists in the field describe the development that legal philosophy has undergone in the 20th century by focusing on three of its main subjects namely legal positivism natural law theory and the theory of legal reasoning and discussing the different conceptions that have been put forward under these labels The layout of the volume is meant to frame historical analysis with a view to the contemporary theoretical debate thus completing the Treatise in keeping with its overall methodological aim namely that of combining history and theory as a necessary means by which to provide a comprehensive account of jurisprudential thinking

Intercultural Spaces of Law Mario Ricca, 2023-04-03 This book proposes an interdisciplinary methodology for developing an intercultural use of law so as to include cultural differences and their protection within legal discourse this is based on an analysis of the sensory grammar tacitly included in categorizations This is achieved by combining the theoretical insights provided by legal theory anthropology and semiotics with a reading of human rights as translational interfaces among the different cultural spaces in which people live To support this use of human rights semantic and normative potential a specific cultural geographic view dubbed legal chorology is employed Its primary purpose is to show the extant continuity between categories and spaces of experience and more specifically between legal meanings and the spatial dimensions of people s lives Through the lens of legal chorology and the intercultural translational use of human rights the book provides a methodology that shows how to make space and law reciprocally transformative so as to create an inclusive legal grammar that is equidistant from social cultural differences The analysis includes a critical view on opportunities for intercultural secularization the possibility of construing a legal grammar of quotidian life that leads to an inclusive equidistance from differences rather than an unachievable neutrality or an all encompassing universal legal ontology an interdisciplinary methodology for legal intercultural translation a chorological reading of the relationships between human rights protection and lived spaces and an intercultural and geo semiotic examination of a series of legal cases and current issues such as indigenous peoples rights and the international protection of sacred places

Thinking without Desire Panu Minkkinen, 1999-09-01 The book is an attempt to evaluate the reception of Continental philosophy phenomenology hermeneutics deconstruction etc within mainstream jurisprudence The book claims that the reduction of philosophy to social theory can only be accomplished by impoverishing the impetus of philosophical thinking and consequently by transforming critique into criticism and the philosophy of law into legal theory The response developed in this book is the creation of a metaphysical understanding of law or in other words what Aristotle called a first philosophy In addition to philosophy proper the classics of Antiquity the great German philosophers contemporary French thinking the book covers a wide range of jurisprudential literature These include the neo Kantian philosophers of law whose thinking is allegedly at the root of legal positivism but special emphasis is also given to existential philosophers of law deeply inspired by the hermeneutical phenomenology of Martin Heidegger Lastly the book encourages specifically philosophical approaches in law to the thinking of French contemporaries whose work has inspired critical legal scholarship during the
