**From Pompeii** Ingrid D. Rowland, 2014-03-24 The calamity that proved lethal for Pompeii inhabitants preserved the city for centuries leaving behind a snapshot of Roman daily life that has captured the imagination of generations including Renoir Freud Hirohito Mozart Dickens Twain Rossellini and Ingrid Bergman Interwoven is the thread of Rowland's own impressions of Pompeii *Simon & Schuster's Guide to Dogs* Gino Pugnetti, 1980-11-15 With more than 250 000 copies in print Simon Schuster's *Guide to Dogs* is the best guide available whether you need a dog book for general identification or to select the breed that is most suitable for you With more than 320 breeds of dogs described and illustrated in full color this book provides quick access to essential information on physical and psychological characteristics and care required The entries for each breed give details on weight height markings and type of coat as well as information on personality traits origins uses and care Each entry also features easy to read visual symbols that indicate for example whether a breed of dog is good with children or has a tendency to bite whether a breed is well suited as a hunting dog or a guard dog whether the dog needs to be kept outdoors or indoors or can live happily in the city and much more Filled with useful information and illustrated throughout Simon Schuster's *Guide to Dogs* is a valuable reference to the world of canines **Pompeii**, 1990-09-27 Describes the eruption of Mt Vesuvius that destroyed Pompeii in 79 A D and the rediscovery and subsequent excavation of this buried city *The Crosses of Pompeii* Bruce W. Longenecker, 2016-05-19 Through a twist of fate the eruption that destroyed Pompeii in 79 CE also preserved a wealth of evidence about the town buried for centuries in volcanic ash Since the town's excavations in the eighteenth century archaeologists have disputed the evidence that might attest the presence of Christians in Pompeii before the eruption Now Bruce W Longenecker reviews that evidence in comparison with other possible evidence of first century Christian presence elsewhere and reaches the conclusion that there were indeed Christians living in the doomed town Illustrated with maps charts photographs and line drawings depicting artifacts from the town *The Crosses of Pompeii* presents an elegant case for their presence Longenecker's arguments require dramatic changes to our understanding of the early history of Christianity **Cave Canem** Iain Ferris, 2018-02-15 Lavishly illustrated this book examines both written and archaeological sources particularly visual evidence in the form of sculptures coins mosaics wall paintings and decorated everyday items in order to shed light on animals in Roman culture *Man Writes Dog* William Farina, 2014-04-02 Over the millennia many great writers from Pliny and Plutarch to C S Lewis and John Steinbeck have addressed diverse canine themes in their work usually in a broader human context Late in the 20th century it was conclusively established by modern science that all dogs without exception are descended from wolves Viewed through the dynamic lens of this new model the constantly evolving relationship between humankind and canines both wild and domesticated appears more complex and intertwined than ever before This survey reviews what 20 selected authors from the Western tradition have had to say on the same subject matter leading up to our present times *Organic Evolution* Richard
