Leonhard Schmitz,1852 **Excavating Victorians** Virginia Zimmerman,2009-01-08 Excavating Victorians examines nineteenth century Britain's reaction to the revelations about time and natural history provided by the new sciences of geology and archaeology The Victorians faced one of the greatest paradigm shifts in history the bottom dropped out of time and they had to reinvent their relationship to the earth and to time and history These new sciences took the Victorians by storm inundating them with fossils skeletal remains and potsherds artifacts or traces that served at once as relics from the past objects in the present and markers of time's passage Virginia Zimmerman explores how the Victorians utilized a nexus of literature excavation and reflections on time to ease anxieties about the individual's fate in the face of time's overwhelming expanse The function of artifacts is also considered through careful readings of Tennyson's *The Princess* and Dickens's *Little Dorrit* and *Our Mutual Friend* Zimmerman shows how these literary works make use of the language tropes and even generic conventions of excavation and how they participate in the effort to rescue the individual from temporal insignificance

Fodor's Naples, Capri, and the Amalfi Coast Fodor's,2004 From Cosmopolitan Naples to the mysterious Pompeii from enchanting Capri to the beautiful Ravello the bluer than blue paradise of this coastline has been captivating visitors for over 2000 years This fully updated edition of the guidebook has new archaeological tours and added nightlife listings for Capri in addition to its already extensive coverage of everything the visitor needs to plan the perfect trip

Carnival in the Countryside Chris Rasmussen,2015-08-15 More than a century and a half after its founding the Iowa State Fair is the state's central institution event and symbol During its annual run each August the fair attracts hundreds of thousands of visitors who make the pilgrimage to the fairground to see the iconic butter cow to ride the Old Mill to walk through the livestock barns and to people watch At the same time that they enjoy fried candy bars and roller coasters Iowans also compete to raise the best corn and zucchinis to make the best jams and jellies to rear the finest sheep and goats the largest cattle and hogs and the handsomest horses This tension between entertainment and agriculture goes back all the way to the fair's founding in the mid 1800s as historian Chris Rasmussen shows in this thought provoking history The fair's founders had lofty aims they sought to improve agriculture and foster a distinctively democratic American civilization But from the start these noble intentions jostled up against people's desire to have fun and make money honestly or otherwise not least because the fair had to pay for itself In short the Iowa State Fair has as much to tell us about human nature and American history as it does about growing corn
