## **Pondering Moments A Of Prosaic Messages:**

Kissinger Niall Ferguson, 2016-09-27 From the bestselling author of *The Ascent of Money* and *The Square and the Tower* the definitive biography of Henry Kissinger based on unprecedented access to his private papers Winner of the Council on Foreign Relations Arthur Ross Book Award No American statesman has been as revered or as reviled as Henry Kissinger Once hailed as Super K the indispensable man whose advice has been sought by every president from Kennedy to Obama he has also been hounded by conspiracy theorists scouring his every telcon for evidence of Machiavellian malfeasance Yet as Niall Ferguson shows in this magisterial two volume biography drawing not only on Kissinger's hitherto closed private papers but also on documents from more than a hundred archives around the world the idea of Kissinger as the ruthless arch realist is based on a profound misunderstanding The first half of Kissinger's life is usually skimmed over as a quintessential tale of American ascent the Jewish refugee from Hitler's Germany who made it to the White House But in this first of two volumes Ferguson shows that what Kissinger achieved before his appointment as Richard Nixon's national security adviser was astonishing in its own right Toiling as a teenager in a New York factory he studied indefatigably at night He was drafted into the U S infantry and saw action at the Battle of the Bulge as well as the liberation of a concentration camp but ended his army career interrogating Nazis It was at Harvard that Kissinger found his vocation Having immersed himself in the philosophy of Kant and the diplomacy of Metternich he shot to celebrity by arguing for limited nuclear war Nelson Rockefeller hired him Kennedy called him to Camelot Yet Kissinger's rise was anything but irresistible Dogged by press gaffes and disappointed by Rocky Kissinger seemed stuck until a trip to Vietnam changed everything *The Idealist* is the story of one of the most important strategic thinkers America has ever produced It is also a political Bildungsroman explaining how Dr Strangelove ended up as consigliere to a politician he had always abhorred Like Ferguson's classic two volume history of the House of Rothschild Kissinger sheds dazzling new light on an entire era The essential account of an extraordinary life it recasts the Cold War world

*Fire in My Bones* Glenn Hinson, 2010-11-24 Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus To capture this layering Hinson demonstrates how all the parts of the gospel program work together to shape a single whole joining speech and song performer and audience testimony prayer preaching and singing into a seamless and multifaceted service of worship Personal stories ground the discussion at every turn while experiential testimony fuels the unfolding arguments *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians but it is also an exploration of African American aesthetics the study of belief and the ethnographic enterprise **New**

**New Directions in Prose and Poetry** James Laughlin,1974-02 Since 1936 the New Directions in Prose and Poetry anthologies have served as

vehicles for the presentation of new and variant trends in world literature The twenty eighth number in the series which draws on authors from five different countries places a special emphasis on prose narrative dramatic and impressionistic a relatively small but choice selection of poetry is included as well Postcards from Absurdistan Derek Sayer,2022-11-22 A sweeping history of a twentieth century Prague torn between fascism communism and democracy with lessons for a world again threatened by dictatorship Postcards from Absurdistan is a cultural and political history of Prague from 1938 when the Nazis destroyed Czechoslovakia's artistically vibrant liberal democracy to 1989 when the country's socialist regime collapsed after more than four decades of communist dictatorship Derek Sayer shows that Prague's twentieth century far from being a story of inexorable progress toward some end of history whether fascist communist or democratic was a tragicomedy of recurring nightmares played out in a land Czech dissidents dubbed Absurdistan Situated in the eye of the storms that shaped the modern world Prague holds up an unsettling mirror to the absurdities and dangers of our own times In a brilliant narrative Sayer weaves a vivid montage of the lives of individual Praguers poets and politicians architects and athletes journalists and filmmakers artists musicians and comedians caught up in the crosscurrents of the turbulent half century following the Nazi invasion This is the territory of the ideologist the collaborator the informer the apparatchik the dissident the outsider the torturer and the refugee not to mention the innocent bystander who is always looking the other way and Vclav Havel's greengrocer whose knowing complicity allows the show to go on Over and over Prague exposes modernity's dreamworlds of progress as confections of kitsch In a time when democracy is once again under global assault Postcards from Absurdistan is an unforgettable portrait of a city that illuminates the predicaments of the modern world **Harper's Weekly** John Bonner,George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1859 New-Church Messenger, 1912 *The Economist*, 1862 The Index, 1873 **The Index ...** Francis Ellington Abbot, William James Potter, Benjamin Franklin Underwood, 1873 *The Saturday Review of Politics, Literature, Science and Art*, 1866 *Shadowblood* Tracy Revels, 2016-12-19 A sequel to *Shadowfall* this novel continues the adventures of Holmes as a man of two worlds gifted with both deductive and magical powers The convalescing Watson's country holiday is brought to an abrupt end when an eccentric recluse named Edgar Telfair demands that Holmes investigate his daughter's disappearance Holmes's refusal to take the case is followed by Telfair's sudden horrific slaying The act revives Watson's suppressed memories of the Shadows and reintroduces him to Holmes's double life Together Holmes and Watson must find Alice Telfair a witch whose shocking powers are obtained through blood magic the vilest form of sorcery Tracking her from Paris to Prague to America they soon learn that she is traveling with a shadowy figure equally as dangerous Old friends including Lestrade and Mycroft assist Holmes and Watson in their quest In America the pair enlists new allies a Pinkerton agent with a past a Seminole showman a blind photographer whose cameras capture the spirit world

**Curating and Re-Curating the American Wars in Vietnam and Iraq** Christine Sylvester, 2019-03-04 We have long saved and curated objects from wars to commemorate the war experience These objects appear at national museums and memorials and are often mentioned in war novels and memoirs Through them we institutionalize narratives and memories of national identity as well as international power and purpose While people interpret war in different ways and there is no ultimate authority on the experiences of any war curators of war objects make different choices about what to display or write about none of which are entirely problematic good or accurate This book asks whose vantage points on war are made available and where for public consumption it also questions whose war experiences are not represented are minimized or ignored in ways that advantage contemporary militarism Christine Sylvester looks at four sites of war memory the National Museum of American History the Vietnam Veterans Memorial Arlington National Cemetery and selected novels and memoirs of the American wars in Vietnam and Iraq to consider the way war knowledge is embedded in differing sites of memory and display While the museum shows war aircraft and a laptop computer used by a journalist covering the American war in Iraq visitors to the Vietnam Memorial or Arlington Cemetery find more prosaic and civilian items on view such as baby pictures slices of birthday cake or even car keys In addition memoirs and novels of these wars tend to curate ghastly horrors of wars as experienced by soldiers or civilians For Sylvester these sites of war memory and curation provide ways to understand dispersed war authority and interpretation and to consider which sites invite viewers to revere a war and which reflect personal experiences that show the undersides of these wars Sylvester shows that scholars policymakers and other citizens need to consider different types of situated memory and knowledge in order to fully grasp war rather than idealize it
