Prayer And The Priesthood Of Christ In The Reformed Tradition:

Prayer and the Priesthood of Christ Graham Redding, 2005-03-29 In this book Graham Redding provides a detailed account of prayer in the Reformed tradition and a critical examination of its present place in the Reformed Churches From its inception the Christian church thought of worship and prayer in trinitarian terms At the heart of this trinitarian concept lay the doctrine of the priesthood of Christ which in its liturgical expression presented Christ not merely as the object of prayer but also as its mediator prayers were directed to the Father through Christ The author traces the idea of the priesthood of Christ and its effects on Christian worship and prayer from its origins with the earliest Christians and through the Arian and Apollinarian debates He then focuses on the Reformed tradition and the influences of John Calvin John Knox John Craig John McLeod Campbell William Milligan Theodore Beza William Perkins federal theology and the Westminster tradition and through to the present day This is an important history of an important doctrine showing in a remarkable way how the doctrinal struggles within the church have been reflected in the worshipping life of the church and how they continue to be reflected today Redding concludes with a number of key affirmations for a Reformed understanding of prayer and a critique of certain modern tendencies and practices in the church Prayer and the Priesthood of Christ Graham

in Liturgical Prayer Bryan D. Spinks, 2008 Proceeding from Josef A Jungmanns groundbreaking book of the same title this volume gathers new work from fifteen renowned scholars on christological and trinitarian themes in prayer and worship Eastern and Western traditions Catholic and Protestant ancient and contemporary are all represented in this record of the 2005 meeting of the Yale Institute of Sacred Music Collectively these practitioners and theologians from their varied settings grapple with the competing ideas and expressions of christological and trinitarian doctrine in meaningful liturgy **Toward a Priestly Christology** Adriani Milli Rodrigues, 2018-11-02 Toward a Priestly Christology is a constructive theology on the person and work of Christ from the standpoint of a systematic thinking about his priesthood This priesthood is usually

discussed in biblical scholarship on the Christology of Hebrews and also explored in historical or systematic theology with its connections with soteriology and ecclesiology. However, there is a scarcity of studies that attempt to systematize this topic in its basic components and their ontological foundations in order to provide conceptual clarity for a constructive discussion of the priestly Christology in systematic theology. The book makes a contribution to this discussion by engaging firstly with the main models of Christ's priesthood in Christian theology and then with a theological reading of the letter to the Hebrews. In both steps, the author conceptually articulates the priesthood in terms of need, agent, actions, and goal. Then he observes the conceptual articulation from the macro hermeneutical point of view of ontology, especially noticing how assumptions on time and space impact the internal logic of Christ's priesthood. By using existing models of this priesthood as heuristic tools for systematic thinking, the work attempts to push Christian theology toward a more dynamic understanding of Christ's priesthood, especially regarding the relationship between the ascended Christ and our Christian life.

An Introduction to Torrance Theology Gerrit Dawson, 2007-09-01

For more than six decades, the brothers Torrance Thomas James and David have had a tremendous influence on the theological world. They and particularly T.F. Torrance have a devoted following world-wide and particularly in the US. Their high view of the fully human, fully divine Jesus is built upon the foundation of the Patristic writers and the great Reformers from Calvin to Barth. Working in both pastoral and academic settings, the Torrances have stressed the profound implications of Christology for the mission of their Church and the daily life of Christians. Today, a generation of their students around the world find themselves in positions of pastoral and theological leadership. The focus of this book is the person of Christ, Christology, a subject central to the Torrance theological vision and one which has had great influence on the Presbyterian Church. The contributors explore the contemporary relevance of Torrance Christology in such areas as the nature of Christ, the atonement, the ministry of the Church, epistemology, and inclusion in Christ. The result is a book that offers both a fresh introduction to the Torrance tradition even as it advances the Torrance thought along fresh avenues of theological exploration.

Trinitarian Doxology Kevin J. Navarro, 2023-01-26

Liturgical theology tends towards the anthropocentric, focussing primarily on the behaviour of the worshippers. The theology of Thomas F. and James B. Torrance, however, provides an alternative approach: a Trinitarian and Christocentric study of liturgy which decentralises the worshippers' position in liturgy and focusses instead on Christ, the One who is worshipped. In *Trinitarian Doxology*, Kevin J. Navarro examines the Torrances' theology, explicating and illuminating their work whilst simultaneously providing critical analysis which provides a lens for deeper understanding.

Redding,1999 *Prayer: A Guide for the Perplexed* Ashley Cocksworth,2018-07-12 Central to the Christian life is the practice of prayer But what theologically speaking is going on when we pray What does prayer have to do with religious belief and action Does prayer make a difference Prayer A Guide for the Perplexed addresses these and other key questions regarding the Christian theology of prayer Beginning with Evagrius of Ponticus s On Prayer Ashley Cocksworth finds in this early document a profound expression of the integrity of the experience of prayer and theological thought Seeking throughout to integrate systematic theology and the spirituality of prayer individual chapters explore the meaning of some of the core doctrines of lived Christian faith the Trinity creation providence and the Christian life as they relate to the practice of prayer Complete with an annotated bibliography of sources on prayer to promote further reading this volume appeals to academics and general readers alike *Prayer, Middle Knowledge, and Divine-Human Interaction* Kyle D. DiRoberts,2018-07-27 Christians generally believe that in prayer they are free in their act to petition God Christians also believe that they pray to a God that is sovereign and omniscient Kyle DiRoberts maintains that explanation as to how one affirms these two truths is dependent upon one s account of divine providence which determines how motivated the person is to offer petitionary prayer in the divine human relationship The theories of providence and their understanding of petitionary prayer discussed in this book include compatibilism hard determinism open theism and middle knowledge Each of the theories of divine providence discussed in this book share a desire to construct a view concerning petitionary prayer that would propel the Christian toward God in relationship and then lead the body of Christ to pray without ceasing DiRoberts argues that middle knowledge is the preferred theory of providence as it relates to petitionary prayer because for middle knowledge God s sovereignty includes both his omniscience and libertarian human freedom **Theosis in the Theology of Thomas Torrance** Myk Habets,2016-02-17 Torrance s vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets study distinguishes Torrance s Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology *The Person of Christ* Murray Rae,Stephen R. Holmes,2005-11-01 Understanding the Person of Christ affects our understanding of all Christian theology All ten contributors to this volume share a commitment to the orthodox theological tradition in Christology as expressed in the creedal heritage of the Christian church and seek to explicate the continuing coherence and importance of that theological tradition The book s ten essays cover such topics as prolegomena to Christology the incarnation the person and nature of Christ the communicatio idiomatum the baptism of Christ the redemptive work of Christ the ascended Christ and New Testament Christology and offers critical engagements with such diverse theologians as John Calvin Charles Williams and

John Zizioulas The contributors all leading academics include John Webster Richard Burridge Robert Jenson Stephen Holmes Douglas Farrow Brian Horne Murray Douglas Knight Sandra Fach Christoph Schwoebel *Evangelical Calvinism* Myk Habets, Bobby Grow, 2017-05-04 Continuing the discussion initiated in volume one volume two of Evangelical Calvinism further articulates the central motifs of this mood within Reformed theology by examining themes having to do with dogmatics and devotion After further clarifying the methodological and dogmatic aspects common to an Evangelical Calvinism the heart of the present volume is an explication of the vicarious ministry of Christ as it is worked out in its diverse theological dimensions The volume offers constructive accounts of various aspects of liturgy sacraments and doxology showing the vitality and lived spirituality of this Christian vision of faith and practice Both advocates and critics of Evangelical Calvinism now have an extended and thorough body of work with which to interact As with volume 1 this volume promises to set the agenda for contemporary and constructive Reformed studies in a way that provides an alternative to neo Calvinism and Westminster Calvinism alike

Tradition Gerald O'Collins, 2018-11-01 A 1963 report on tradition from the Faith and Order Commission of the World Council of Churches signalled a substantial convergence between the churches over Christian tradition and its relationship to Scripture However since the 1960s theologians have regularly ignored the theme of tradition The few who have discussed this theme have not used the help provided by some sociologists towards understanding the role of tradition in human and religious life for instance as being all pervasive and as shaping the identity of various societies and groups The process and presence of Christian tradition embrace baptism and other sacraments Bible creeds and other doctrines art architecture hymns pilgrimages literature the celebration of Christmas Easter and other feasts and much else besides Particular traditions can call for scrutiny and reform Tradition Understanding Christian Tradition proposes various criteria e g the message of the Scriptures and spiritual experience for discerning and evaluating specific traditions Through the power of the Holy Spirit the risen Christ himself is the central Tradition upper case at the heart of all Christian traditions The Spirit remains the primary bearer of the Church's tradition the secondary agents of tradition include not only ordained ministers but also all the baptized faithful In the history of Christianity tradition has interpreted and actualized the Scriptures but has also been interpreted and challenged by them An appendix explains the insights coming from specialists in the study of collective memory their work also sheds light on the workings of Christian tradition

The Eucharistic Liturgy Jameson K. Pallikunnil, 2017-03-20 The Malankara Mar Thoma Syrian Church exists as a hybrid church by blending the Eastern liturgical elements of the Oriental Orthodox Church and the evangelical ideas of the Protestant Reformation of the sixteenth century This Church is a bridging church connecting Protestantism and Oriental Orthodoxy The reformation in the Malankara Church 1836 instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission A major missiological imperative employed by CMS missionaries in India was solely centered on the scripture Against this popular understanding the Mar Thoma Church through its reformation process showed that liturgy can

also be an imperative for mission The translation and revision of the Eucharistic liturgy is the basic visible expression of reformation in the Malankara Church Hence this book explicitly places how the Eucharistic liturgy of the Mar Thoma Church is observed as the foundation for mission in its course of growth In order to accomplish this objective the writer has examined the historical evolution and the developmental process of the Eucharistic liturgy of the church which is a revised version of the liturgy of St James In a nutshell this study is an appraisal of various missiological themes reflected in the Eucharistic liturgy of the church This study throws ample light on how the Mar Thoma Church integrated liturgy and evangelism in its course of development The writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations convention gatherings and sociocharitable works This volume asserts that an emphasis on Eucharist centred ecclesiology guides and motivates the church to enliven a mission oriented life which is crucial for accomplishing a relevant mission

The Breadth and Depth of the Atonement Christian D. Kettler, 2017-05-11 Atonement For some this word is the heart of the Christian faith For others it is irrelevant for Christianity and how they live their Christian lives Often we do not see the breadth and depth of the atonement in the gospel Christian D Kettler in his fourth book on the vicarious humanity of Christ suggests that we consider that the atonement is not only a vicarious death in our place and on our behalf whether in the form of a penal substitute or a moral example but also his vicarious humanity having atoning significance for all of our lives indeed all of reality the church the world and the self These essays are collected from several years of Kettler s thought on the doctrine of the vicarious humanity of Christ and its implications for all of life and reality seeking to demonstrate that the doctrine of the atonement is not to be restricted to one small part of the doctrinal agenda but has profound implications that theology sometimes does not explore These issues include the nature of culture aesthetics creation out of nothing spiritual formation emotional weakness the priesthood of Christ and creation genetic engineering and trusting in the ideal self

The Unassumed Is the Unhealed Kevin Chiarot, 2013-09-24 This work addresses a pivotal and controversial area lying at the heart of T F Torrance s Christology Namely that Jesus Christ assumed fallen and sinful humanity and living out a sinless life from within our alienated state healed our human nature This is a claim that is conceptually basic to Torrance s integration of incarnation and atonement and thus to his soteriology as a whole It s pervasive nature and its significance within the overall structure of Torrance s thought is thoroughly and sympathetically set forth Christ s assumption of sinful flesh is seen to lie underneath a number of disputed areas in Torrance s thought such as the role or lack thereof of human responsibility and the question of universalism This work not only illuminates but rigorously examines the claim that the unassumed is the unhealed

Representing Christ Uche Anizor, Hank Voss, 2016-04-21 Traditionally associated with Protestantism the doctrine of the priesthood of all believers is a genuinely Christian doctrine with important implications for the global church In Representing Christ Uche Anizor and Hank Voss explore the doctrine in its biblical historical theological and practical dimensions

More Profound Alleluia Leanne Van Dyk, 2004-12-15 Two questions lie at the heart of this rich suggestive book What are the theological implications of worship and What are the liturgical implications of theology Convinced that worship and theology are integrally related the authors of A More Profound Alleluia show in practical terms how liturgy and doctrine fruitfully illuminate each other Each chapter pairs an element of the worship service with related Christian teachings clearly demonstrating how the great doctrines of the faith find their natural expression in the drama of worship and how the liturgy in turn finds its corollary in doctrine The interrelation of theology and worship is illustrated with anecdotes from congregational life resources drawn from church history and themes from novels and films Each chapter also includes two hymn texts that exemplify orthodox doctrine communicated through song A More Profound Alleluia will be a valuable text for courses in theology or worship will help worship leaders to plan services with greater theological depth and will enhance worship for Christian believers generally Contributors Ronald P Byars William A Dyrness Martha L Moore Keish David L Stubbs Leanne Van Dyk John D Witvliet

T&T Clark Companion to Atonement Adam J. Johnson, 2017-07-27 The T T Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation Most edited volumes on this doctrine focus on one aspect of the work of Christ for example Girard Feminist thought Penal Substitution or divine violence The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection The essays are divided into four main sections 1 dogmatic location 2 chapters on the Old and New Testaments 3 major theologians and 4 contemporary developments The first set of essays explore the inter relationship between the atonement and other Christian doctrines for example Trinity Christology and Pneumatology opening up yet further avenues of inquiry Essays on key theologians eschew reductionism striving to bring out the nuances and breadth of the contribution The same is true of the biblical essays The final section explores more recent developments within the doctrine for example the work of Rene Girard and the ongoing reflection on Holy Saturday The book is comprised of 18 major essays and an A Z section containing shorter dictionary length entries on a much broader range of topics The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the doctrine
