Willard,1889-01-01 Woman like man should be freely permitted to do whatever she can do well So said Frances E Willard who lived her life in the firm belief of this principle and who was instrumental in the passage of two amendments to the U S Constitution A passionate advocate for women s rights prohibition and underprivileged people she was devoted to making federal aid to education free school lunches unions the eight hour work day work relief for the poor municipal sanitation and boards of health national transportation anti rape laws and protections against child abuse a reality This long forgotten and out of print book is available for the first time for e readers In Willard s own words she describes her life as an educator temperance reformer and suffragist She was an educator and later president of the Women s Christian Temperance Union She traveled extensively and even climbed the Great Pyramid in Egypt Her sexual orientation is still debated today but she states in this volume The loves of women for each other grow more numerous each day and I have pondered much why these things were That so little should be said about them surprises me for they are everywhere In these days when any capable and careful woman can honorably earn her own support there is no village that has not its examples of two hearts in counsel both of which are feminine She had many passionate attachments to other women and she discusses this in her book Willard was the first woman whose statue was included in the Statuary Hall of the United States Capitol building Be sure to LOOK INSIDE or download a sample **UNIX Review** ,1987-07 [An Army Nurse in the Civil War \(Abridged, Annotated\)](#)

Adelaide W. Smith,2016-11-04 One of the most prominent nurses to serve in the American Civil War Ada Smith was at the center of action She met Abraham Lincoln Ulysses S Grant Dorothea Dix Clara Barton and many of the other military men and civilians in the conflict This lively and engaging memoir is like many of those by nurses of the Civil War They saw the horrible cost of the war in terms of shattered bodies and shattered minds They held the hand of many a dying man and Ada s story is very much the story of the human side of war But they also heard the guns and had rifle balls whistling through their hospital tents After the war Ada continued her work to help veterans as well as engaging in the fight for women s suffrage Every memoir of the American Civil War provides us with another view of the catastrophe that changed the country forever For the first time this long out of print volume is available as an affordable well formatted book for e readers and

smartphones Be sure to LOOK INSIDE by clicking the cover above or download a sample **A Quiet Will: The Life of Clara Barton (Abridged, Annotated)** William E. Barton, Like Florence Nightingale Clara Barton was so much more than the Angel of the Battlefield It was not until the American Civil War that she found her calling As a young woman she struggled with the deep emotions that would be a lifelong trait 1852 I have found it extremely hard to restrain the tears today and would have given almost anything to have been alone and undisturbed I have seldom felt more friendless and I believe I ever feel enough so I see less and less in the world to live for and in spite of all my resolution and reason and moral courage

and everything else I grow weary and impatient I know it is wicked and perhaps foolish but I cannot help it There is not a living thing but would be just as well off without me I contribute to the happiness of not a single object and often to the unhappiness of many and always of my own for I am never happy True I laugh and joke but could weep that very moment and be the happier for it She received an appointment as clerk in the Patent Office at a salary of 1400 a year She was one of the first and believed herself to have been the very first of women appointed to a regular position in one of the departments with work and wages equal to that of a man Then came the catastrophe of the Civil War Early on she decided that marriage would not be the direction of her life She didn't just throw herself into her battlefield work she reinvented how it should be done She operated independently from Dorothea Dix and the corps of army nursing She went where the shells were flying After the war she worked tirelessly to find out the fate of missing soldiers From the beginning of the year 1865 to the end of 1868 she sent out 63 182 letters of inquiry But her crowning achievement was not the fame she gained and the company of the powerful She fought tooth and nail against an isolationist United States to gain acceptance of the Treaty of Geneva which helped her found the American Red Cross Nearly to the end of her long life she worked in the field often at the cost of her own health But she was no shrinking violet She knew how to fight quietly and plied her inflexible will upon the causes that mattered most to her the Red Cross abolition of slavery women's rights and relief of suffering There has probably not been a better biography of Barton than this two volume set by William Barton published in 1922 For the first time both volumes are together in a well formatted ebook version Every memoir of the American Civil War provides us with another view of the catastrophe that changed the country forever Be sure to LOOK INSIDE by clicking the cover above or download a sample
