Religious Influences on Health and Well-Being in the Elderly K. Warner Schaie, PhD, Neal Krause, PhD, Alan Booth, PhD, 2004-06-15 What makes the book's

approach so captivating is that each chapter is written by a different researcher in the study of religion and health. These researchers are responsible for significant portions of the existing literature and methodologies found in this field today. The versatility of the book warrants special mention. It is effective as a survey of work that has already been done on this topic. At the same time, it serves as a wellspring of ideas for new research. This work makes a valuable contribution to the present understanding of research on religion and health. It also serves as a road map to help chart directions for future endeavors in the field.

Teaching for Spiritual Formation Kyle R. Hughes, 2022-01-06 In *Teaching for Spiritual Formation*, church historian and experienced Christian educator Kyle R. Hughes advances a fresh vision of Christian teaching and learning by drawing upon the riches of the Christian tradition, synthesizing the wisdom of the early church fathers with contemporary efforts to cultivate a distinctively Christian approach to education. Of interest to a wide range of Christian educators, this book examines how the writings of five significant church fathers can illuminate our understanding of the vocation of teachers, the nature of students, the purpose of curriculum decisions about pedagogy, and how spiritual formation works. Besides reimagining these aspects of Christian education, Hughes also offers habits and practices that can help bring this vision of Christian teaching and learning to life, challenging Christian educators to sharpen their approach to the integration of faith and learning in practical and accessible ways.

Notes from the Underground Donald Cozzens, 2013 A celebrated priest uncovers the spiritual riches beneath a church covered in scandal and doubt. At a time when many Catholics are questioning their church, Donald Cozzens sheds light on the widespread underground church that cherishes the vision of a renewed and reformed church preached by Pope John XXIII: a church open to the currents of grace flowing through cathedrals and marketplaces, chanceries and ghettos, through women and men, through people of good will. Writing in a fresh way about faith, prayer, communion, and church, Cozzens calls this new underground church a pilgrim people that believes that the Holy Spirit is loose in the world and whose rumors of wisdom might be found in any of God's people as well as in their ordained leaders. I'm hardly alone in the underground church. I take comfort in that Cozzens describes and inspires a church that wants to be simply adult, a church not of children or adolescents, hesitant to think and reflect on the lessons of human experience and their effort to live the gospel. A church closer to the spirit of Yves Congar and Teilhard de Chardin, to Dorothy Day and Mother Teresa, a church in step with the spirit of the gospel.
