Discourse Scott Adams,2020-03-12 It was reported that a doctoral student at Princeton once asked Albert Einstein What is there left in the world for original dissertation research He replied by saying Find out about prayer Somebody must find out about prayer Since Einstein's day a great deal has been written on the topic of prayer in general However relatively little has been written about prayer in John's Farewell Discourse in particular Therefore this analysis not only seeks to understand the relationship between Johannine and Jewish Greco Roman and Christian prayer traditions but also seeks to discern the unique function and application of prayer as it is prescribed in the Farewell Discourse **Christ the Liturgy** William

Daniel,2020-06-25 We are Homo liturgicus liturgical beings But what is liturgy What does it mean to do liturgy How is liturgy related to the agency of God in the world In this profound work William Daniel discloses liturgy as the inner movement of the triune God into which creation is gathered by and through Christ who is Liturgy Christ the Liturgy is a work of historical and liturgical theology that articulates how we make manifest both our true selves and God through bodily comportment and particular movements Daniel explores the participatory nature of liturgy how we encounter our natural nature in measure with our involvement in the agency of Christ which in turn is inseparable from the comportment and movements of others the spatial realities of our environment and the grammatical structure and language used to account for each All are interwoven and affect our capacity to know and experience ourselves as bearers of divine agency as beings known by God Christ centered at every turn and grounded in scripture Daniel's work situates human agency within the Agency of God the Liturgy who is a participatory ontology materialized through dispositions of faith Prayer in Josephus Tessel Marina

Jonquière,2007 This book is an analysis of prayer in the works of Flavius Josephus comprising a study of Josephus' own views and an analysis of 32 prayer texts within his narrative New light is thus shed on his historiographic method and his theology

Cataloging Policy and Support Office,2009 The God of This House Caroline Johnson Hodge,2025-06-24 Christianity is often thought of as a tradition of belief interpretation teachings and texts However a scholarly focus on ideas overlooks how early Christian doctrine interacted with social exchanges in lay spaces Author Caroline Johnson Hodge fills this gap shifting our attention from liturgical settings to religion as it was lived outside the prescriptions of congregations Through a careful reading of the material record alongside print sources Johnson Hodge shows that in the first through the early fourth

centuries Christians developed household rituals akin to traditional domestic cult practices around the Roman Empire and this continuity contributed to the success of the new cult in the Roman world Rather than a well organized universal domestic cult Johnson Hodge finds that practices were flexible and varied ranging widely from established household observances to unauthorized rituals gravesite veneration and the unpatrolled movements of women and slaves Just as important as the official representations were the small gestures at hearths and doorways the myriad ways in which followers of Christ incorporated their divine beings into the rituals of their households shops and tombs In bringing the lived religion approach to bear on this formative period Johnson Hodge s study offers a fascinating portrait of a very pagan world within ancient Christianity This book will be especially valuable to religious studies scholars and others interested in the origins of Christianity

The Lord's Prayer C. Clifton Black, 2018-12-04 C Clifton Black provides a thorough analysis of the most famous prayer in the Christian church the Lords Prayer He begins with an impressionist painting of how the ancients prayed during Jesus time in order to set the context for understanding the prayer he taught his disciples Throughout the book Black systematically interprets the rich meanings of each part of the Lords prayer Additionally he includes an overview of Christian thought on the Lords Prayer from early church mothers and fathers like Tertullian and Teresa of Avila to modern theologians like Karl Barth Uniquely this book is an academic study of the Lords Prayer with a focus on the rhetorical culture from which it developed as well as the theological literary and historical meanings of the prayer itself [French Books of Hours](#) Virginia Reinburg, 2012-02-02 How was the Book of Hours created and used as a book and what did it mean to its owners *P-Z*

One of our earliest surviving Greek tragedies Aeschylus Seven Against Thebes is an extraordinarily rich poetic text It dramatises the civil war between the sons of Oedipus Polynices the exile and Eteocles reigning king of Thebes Polynices marches on Thebes to regain his throne along with six other champion warriors and their armies but the expedition is doomed and the meaning of Oedipus enigmatic curse on his sons ultimately becomes clear through their simultaneous fratricide and the extinction of the Theban house This book places the drama within the context of the connected trilogy of which it was a part It investigates the play s tensions between city and family and the omnipresence of curse and ritual within the religious and political environment of fifth century Greece The drama s focus on the world of male warriors and its stark opposition of the sexes through the female Chorus is analysed in terms of warrior ideology in epic and Greek understanding of appropriate behaviour Finally it explores the complex legacy of the play through its influence on Sophocles and Euripides and shows how the drama s condemnation of civil war has been exploited as an analogue for events in modern history This is part of a series of accessible introductions to ancient tragedies Each volume discusses the main themes of a play and the central developments in modern criticism while also addressing the play s historical context and the history of

eastern Mediterranean centered on the history of practice looking at liturgy performance prayer poetry and the material culture of worship It studies prayer and worship in the variety of Christian communities that thrived from late antiquity to the middle ages Byzantine Orthodoxy Syrian Orthodoxy and the Church of the East Rather than focusing on doctrinal differences and analyzing divergent patterns of thought the essays address common patterns of worship individual and collective prayer hymnography and liturgy as well as the indigenous theories that undergirded Christian practices The volume intervenes in standard academic discourses about Christian difference with an exploration of common patterns of celebration commemoration and self discipline Essays by both established and promising younger scholars interrogate elements of continuity and change over time before and after the rise of Islam both under the control of the Eastern Roman Empire and in the lands of successive caliphates Groups distinct in their allegiances nevertheless shared a common religious heritage and recognized each other even in their differences as kinds of Christianity A series of chapters explore the theory and practice of prayer from Greco Roman late antiquity to the Syriac middle ages highlighting the transmission of monastic discourses about prayer especially among Syrian and Palestinian ascetic teachers Another set of essays examines localization of prayer within churches through inscriptions donations dedications and incubation Other chapters treat the composition and transmission of hymns to adorn the liturgy and articulate the emotions of the Christian calendar structuring liturgical and eschatological time

Jewish Worship in Philo of Alexandria Jutta Leonhardt, Jutta Leonhardt-Balzer, 2001 As a knowledgeable contemporary of the later Second Temple Philo of Alexandria's approach to worship and his view of the essence of Jewish worship are of particular interest to the study of that period Jutta Leonhardt discusses his views on the Jewish festivals especially the Sabbath on prayer psalms hymns praise and thanksgiving and on Temple offerings sacrifices and purification rites These aspects are presented with their parallels in Jewish and pagan traditions and in Greek and Hellenistic philosophy Jewish worship in Philo has never been studied as a coherent whole before Only individual aspects of worship such as prayer of petition or thanksgiving or Philo has been used in studies on Second Temple Judaism as a quarry for general examples of acts of worship Philo accepted and participated in Jewish worship and even knew about details of various Jewish traditions of his time His writings however do not refer to them directly and cannot easily be used to reconstruct Jewish rituals of his time His main aim is to discuss the rites as collected in the Mosaic Torah since these are binding for all Jews These laws are frequently presented using the terminology of pagan cults and interpreted with recourse to Greek philosophy In this philosophical description of actual rites there are parallels to Plato's references to religion in the ideal state in the *Nomoi* Philo presents Judaism as the ultimate Hellenistic cult which combines the various aspects of the different pagan cults in a sublime and perfect form to represent mankind and the universe in the worship of the one God who created the world
