The Pastoral Epistles (ITC) Gerald L. Bray, 2019-07-25 This commentary offers a verse by verse

theological interpretation of the First and Second epistles to Timothy and Titus Bray reads the letters as authoritative scripture moving beyond questions of whether they are pseudonymous and of whether or not they are post apostolic instead looking closely at how they have been understood in the life of the Church Bray engages with the history of commentary surrounding these letters ranging from the Fathers to contemporary theology and exegesis He reads the epistles as the authoritative word from God to his people and through his engagement with the history of interpretation shows the constant thread of witness and confession that unites believers across the ages In so doing Bray shows why the Pastoral Epistles have survived the passage of time and have retained the canonical authority that they have always enjoyed **Christian**
