Willimon, 2010-09-01 One of today's greatest preacher theologians engages one of the twentieth century's greatest teacher theologians on the meaning of preaching Readers of William H Willimon's many books have long found there the influence of Karl Barth probably the most significant theologian of the twentieth century In this new book Willimon explores that relationship explicitly by engaging Barth's work on the pitfalls and problems glories and grandeur of preaching the Word of God The Swiss theologian says the author expressed one of the highest theologies of preaching of any of the great theologians of the church Yet too much of Barth's understanding of preaching lies buried in the Church Dogmatics and other sometimes obscure sources Willimon brings this material to light introducing the reader to Barth's thought not just on the meaning but the practice of preaching as well **Performance in Preaching (Engaging Worship)** Jana Childers, Clayton J. Schmit, 2008-11-01 This volume which launches the Engaging Worship series from Fuller Theological Seminary's Brehm Center for Worship Theology and the Arts offers a unique study of sermon delivery While many books offer advice on how to prepare write and preach a sermon this volume is distinctive in approaching the subject from the perspective of performance The authors who teach at a variety of seminaries and divinity schools across the nation examine how the sermon can bring God's word to life for the congregation In that sense they consider the idea of performance from a wide range of theological artistic and musical viewpoints These thoughtful essays will engage clergy and students with new ways of looking at the art of preaching *Religious Involvement in Hearing Sermons* Theo Pleizier, 2010

Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry Why the Church Needs Bioethics Zondervan,2011-07-05 In a world where incredible medical technologies are

Schleiermacher's Preaching, Dogmatics, and Biblical Criticism Catherine L. Kelsey, 2007-05-25 Friedrich Schleiermacher the father of modern theology found his voice first in preaching This book demonstrates how Schleiermacher moved between the critical reading of Scripture the proclamation of Christian faith to congregations over a forty five year period and eventually the work of theology in all its disciplines Schleiermacher's Preaching Dogmatics and Biblical Criticism is the first work to fully unveil this interaction by focusing on Schleiermacher's 228 known sermons on the Gospel of John Kelsey shows in detail 1 how the central insights of his theology emerged first in his preaching and 2 that his dogmatic writings provided a context within which these insights could be related to all the major doctrinal themes of Christian faith The study concludes by drawing implications for theological reflection and its relation to worship life in our own time A *Handbook for Catholic Preaching* Edward Foley, 2016 While admitting particular parameters and priorities for Roman Catholic preachers this volume was intentionally envisioned as a handbook for catholic preaching in the broadest and most universal sense of that term Cosponsored by the Catholic Academy of Liturgy the Catholic Association of Teachers of Homiletics and the Federation of Diocesan Liturgical Commissions it covers the role of the Scriptures in preaching the challenges of preaching in a digital age sermonizing in an interfaith context and the need for a liberative and prophetic word that cuts across denominations and even faith traditions Intended to aid those who teach or direct the preaching arts the design and writing style of this book are particularly calibrated to graduate students in ministerial studies Every article is a self contained overview of a particular historical period genre of preaching homiletic theory or contemporary issue This more encyclopedic approach devoid of footnotes yet supported by pertinent bibliography and an extensive index provides a sufficiently rich yet thoroughly accessible gateway to major facets of the preaching arts at this stage of the twenty first century General Editor Edward Foley Associate Editors Catherine Vincie Richard N Fragomeni Contributors Herbert
