## **Preaching Proverbs Wisdom For The Pulpit:**

Preaching Proverbs Alyce M. McKenzie, 1996-01-01 Alyce McKenzie offers preachers an effective way to reclaim proverbs in preaching. She corrects popular misconceptions about the nature of proverbs, highlights their usefulness in contemporary situations, and demonstrates their ability to confirm or subvert the status quo. Six sermons are provided to illustrate proverbs at work in dealing with contemporary concerns.

**Making a Scene in the Pulpit** Alyce M. McKenzie, 2018-10-23 How can preachers ensure that their sermons continue to engage listeners in a world defined by visual media and the short segmented delivery of information? Alyce McKenzie harnesses the element of drama and the human fascination with scenes to offer ministers a modern means of sermon development and delivery. McKenzie's core strategy is to invite listeners into scenes, whether from Scripture or contemporary life, and once they are there to point them toward the larger story of God's relationship with humankind. Creating such scenes unifies the whole process of preaching, she says, from the preacher's daily life observations to interpretation of scenes from Scripture to sermon shaping, sequencing, and delivery. The process culminates in a specific understanding of the purpose of the sermon to send listeners out into the scenes they'll play in their lives for the next week, equipped to act out their parts in ways that are kinder, more just, and more courageous than last week.

Shouting Above the Noisy Crowd: Biblical Wisdom and the Urgency of Preaching Charles L. Aaron, Jaime

Clark-Soles, 2021-11-09 What could we accomplish if only we acted more wisely? Could we mitigate the effects of diseases, help the vulnerable feel safer, make progress on justice, cooperate on common problems? We don't see enough wisdom, but neither did Woman Wisdom herself, who cried out in the streets wanting to gain attention. For every preacher who feels the urgency for more wisdom, this book has heard you. We know the urgency, and we want to help. With contributions from O Wesley Allen, Karoline M. Lewis, John C. Holbert, Ruthanna Hooke, David Schnasa, Jacobsen J. Dwayne Howell, Margaret Wenig, Luke Powery, Eunjoo Kim.

**The New Interpreter's® Handbook of Preaching**, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching, with articles on every facet of Christian sermon preparation and delivery. This resource is both scholarly and practical. It focuses on the most distinctive feature and greatest strength of homiletics as a discipline. It is rooted in interdisciplinary scholarship and it develops theory geared to practice. Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition. When theory and practice critique each other, it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel. Excellence in standards is an area in which homiletics needs to grow, and this project will be both a means to encourage and develop it. A guiding question throughout will be: Will it preach? The answers will be offered in the sense that here is something that works well, rather than here is something to try. Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics, brief bibliographies of relevant key books and articles, along with practical methodological suggestions for preachers to employ. The contributors are homileticians, preachers, and writers.
