my freedom in Christ and stunts my spiritual growth In this book that is very clear This is an excellent read for those who are searching for love or wanting to love The underlying theme seems to focus on keeping God first in our lives and in our quest for love MonaLisa tells her story as Tiara often called a mentor minister coach and counselor She is a woman of great wisdom when it comes to helping her family and friends figure out why they love the way they love and why they love who they love She is an essential voice to all of them and honest in her responses to their questions She helps them to see themselves and those they are in love with Whether right or wrong her voice is heard As I read Love is a Desire that Becomes an Appetite I saw myself in several scenarios and even took a moment to reflect just how far I had come in my quest for love Each chapter in this book outlines the different appetites that we as people have Some appetites are learned behavior that was passed down from our parents and some are other behaviors that we ourselves created in an effort to protect and provide Although some scenarios such as the relationship between Darrius and Alexis highlight just how precious love can be when the two put Christ first there are other scenarios like the relationship between Jada and Darnell that can be leave you questioning your own desire to love An Appetite is an excellent depiction of how love can help us when used the correct way and with the right person or hurt us when we ourselves are hurting For the most part Love is a Desire that Becomes an Appetite brings out the best and worst in human relationships when it comes to love and even gives you a view into the author s own desire to love and be loved In her own words love is not love until it is shared with someone else Review by Robin A Stevens 2014
