

Preface to Shakespeare

Points to remember

1. Shakespeare's characters are realistic and genuine representation of human nature and sentiment
2. Shakespeare mixes tragedy and comedy, which is against rules of theatre but this is realistic as life itself is a mix of happiness and sorrows, good and evil, etc.
3. Shakespeare sacrifices virtue for pleasure. He did not write to teach moral virtue. The dialogues in his comedies are gross and immoral.
4. Shakespeare is a better comedian than tragedian. His tragedies are struggling but the comedy flows more naturally.
5. Shakespeare's love for conceit and puns ruins many paragraphs which are otherwise sorrowful and warm, or could have aroused pity or fear.
6. Anachronism (कालभ्रम) - In Shakespeare's plays the conventions, ideas, and manners of one age or country are used randomly for another age or country. This creates a sense of implausibility and impossibility within a play.
7. Shakespeare follows the unity of action. His plays have a beginning, a middle and an end. He does not follow the unities of time and place but Johnson says this is not necessary as the audience knows the stage and the characters are fictional so they can accept geography and time.

Shakespeare's characters are a just representation of human nature as they deal with passions and passions. They are also true to the age, sex, professions to which they belong and hence the speech of one cannot be put in the mouth of another. His characters are not exaggerated even when the dialogues are level with life, Shakespeare plays are a storehouse of practical wisdom and from them a philosophy be formulated of life. Moreover, his plays represent the different passions and not love alone. In this his plays mirror life.

Of tragic comedy Shakespeare has been much criticized for mixing tragedy and comedy but Johnson defends him. Johnson says that in mixing tragedy and comedy Shakespeare has been true nature because even in real life there is a mingling of good and evil, joy and sorrows, tears and smiles etc.

This may be against the classical rules but there is always an appeal open from criticism to nature. Moreover, tragedy and comedy being nearer to life combines
