Prehistoric Southwesterners from Basketmaker to Pueblo Charles Avery Amsden, 1949 **Prehistoric Southwesterners from Basketmaker to Pueblo** Charles Avery Amsden, Southwest Museum (Los Angeles, Calif.), 1976-01-01 Prehistoric Sandals from Northeastern Arizona Kelley Ann Hays-Gilpin, Ann Cordy Deegan, Elizabeth Ann Morris, 2022-04-05 During the late 1920s and early 1930s archaeologists Earl and Ann Axtell Morris discovered an abundance of sandals from the Basketmaker II and III through Pueblo III periods while excavating rockshelters in northeastern Arizona These densely twined sandals made of yucca yarn were intricately crafted and elaborately decorated and Earl Morris spent the next 25 years overseeing their analysis description and illustration This is the first full published report on this unusual find which remains one of the largest collections of sandals in Southwestern archaeology This monograph offers an integrated archaeological and technical study of the footwear providing for the first time a full scale analysis of the complicated weave structures they represent Following an account by anthropologist Elizabeth Ann Morris of her parents research textile authority Ann Cordy Deegan gives an overview of prehistoric Puebloan sandal types and of twined sandal construction techniques revealing the subtleties distinguishing Basketmaker sandals of different time periods Anthropologist Kelley Ann Hays Gilpin then discusses the decoration of twined sandals and speculates on the purpose of such embellishment A Diné History of Navajoland Klara Kelley, Harris Francis, 2019-10-22 For the first time a sweeping history of the Din that is foregrounded in oral tradition Authors Klara Kelley and Harris Francis share Din history from pre Columbian time to the present using ethnographic interviews in which Navajo people reveal their oral histories on key events such as Athabaskan migrations trading and trails Din clans the Long Walk of 1864 and the struggle to keep their culture alive under colonizers who brought the railroad coal mining trading posts and finally climate change The early chapters based on ceremonial origin stories tell about Din forebears Next come the histories of Din clans from late pre Columbian to early post Columbian times and the coming together of the Din as a sovereign people Later chapters are based on histories of families individuals and communities and tell how the Din have struggled to keep their bond with the land under settler encroachment relocation loss of land based self sufficiency through the trading post system energy resource extraction and climate change Archaeological and documentary information supplements the oral histories providing a comprehensive investigation of Navajo history and offering new insights into their twentieth century relationships with Hispanic and Anglo settlers For Din readers the book offers empowering histories and stories of Din cultural sovereignty In short the authors say it may help you to know how you came to be where and who you are Field Guide to Rock Art Symbols of the Greater Southwest Alex Patterson, 1992-05 This is the first specifically designed key to the interpretation of American rock art Interest in the subject has grown significantly among professional archaeologists and informed lay persons in recent years but the purpose and meaning that the intriguing symbols had for their creators remain a mystery Although the significance of

the symbols will never be known for certain educated guesses can be made The Field Guide brings together 600 commentaries on specific symbols by over one hundred archaeologists anthropologists researchers and Native American informants Intended to be used in the field as well as a reference the book includes a pictorial key at the beginning and is organized by tentative meaning or by description The reader can easily find the one or several of the 500 illustrations that most closely match the symbol in question Patterson emphasizes the tentative nature of the interpretations and has included an index by neutral archaeological description as well as complete documentation of every excerpted comment The range of the book is from the northern states of Mexico to Utah and from California to Colorado

Engendering Households in the Prehistoric Southwest Barbara J. Roth, 2016-12-15 The French anthropologist Claude Lévi Strauss once described a village as deserted when all the adult males had vanished While his statement is from the first half of the twentieth century it nonetheless illustrates an oversight that has persisted during most of the intervening decades Now Southwestern archaeologists have begun to delve into the task of engendering their sites Using a close to the ground approach the contributors to this book seek to engender the prehistoric Southwest by examining evidence at the household level Focusing on gendered activities in household contexts throughout the southwestern United States this book represents groundbreaking work in this area The contributors view households as a crucial link to past activities and behavior and by engendering these households we can gain a better understanding of their role in prehistoric society Gender structured household activities in turn can offer insight into broader scale social and economic factors The chapters offer a variety of theoretical and methodological approaches to engendering households and examine topics such as the division of labor gender relations household ritual ceramic and ground stone production and exchange and migration Engendering Households in the Prehistoric Southwest ultimately addresses broader issues of interest to many archaeologists today including households and their various forms identity and social boundary formation technological style and human agency Focusing on gendered activities in household contexts throughout the southwestern United States this book represents groundbreaking work in this area The contributors view households as a crucial link to past activities and behavior and by engendering these households we can gain a better understanding of their role in prehistoric society Gender structured household activities in turn can offer insight into broader scale social and economic factors
