Mencken, 2013-03-20 I am quite convinced that all religions at bottom are pretty much alike On the surface they may seem to differ greatly but what appears on the surface is not always religion Go beneath it and one finds invariably the same sense of helplessness before the cosmic mysteries and the same pathetic attempt to resolve it by appealing to higher powers from *Treatise on the Gods* H L Mencken is perhaps best known for his scathing political satire But politicians as far as Mencken was concerned had no monopoly on self righteous chest thumping deceit and thievery He also found religion to be an adversary worthy of his attention and in *Treatise on the Gods* he offers some of his best shots a choreographed cannonade Mencken examines religion everywhere from India to Peru from the myths of Egypt to the traditional beliefs of America s Bible Belt He compares Incas and Greeks examines doctrines dogmas sacred texts heresies and ceremonies He ranges far and wide but returns at last to the subject that most provokes him Christianity He reviews the history of the Church and its founders It is Tertullian who is credited with the motto *Credo quia absurdum est* I believe because it is incredible Needless to say he began life as a lawyer Mencken is no less interested in the dissidents The Reformers were men of courage but not many of them were intelligent Against the old time religion of fellow countrymen Mencken posed as a figure of old time skepticism and he reaped the whirlwind Controversial even before it was published in 1930 *Treatise on the Gods* remains what its author wished it to be the plain clear challenge of honest doubt
