## **Prelude To Restoration In Ireland The End Of The Commonwealth 1659 166:**

*Prelude to Restoration in Ireland* Aidan Clarke, 1999-09-23 This study fills a major gap in the mainstream narrative of Irish history by reconstructing political developments in the year before the restoration of Charles II It is the first treatment of the complex Irish dimension of the king's return The issue of the monarchy did not stand alone in Ireland Entangled with it was the question of how the restoration of the old regime would affect a Protestant colonial community which had changed in character and fortune as a result of the Cromwellian conquest the immigration that had accompanied it and the massive transfer of land that followed As the return of Charles became increasingly probable Cromwellian and pre Cromwellian settlers were united in their determination to ensure that the restoration of Charles did not deprive them of their gains This account discloses how the leaders of the Protestant establishment protected its interests by managing the transition back to monarchy

**Medicine in an Age of Revolution** Peter Elmer, 2023-08-29 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations *Medicine in an Age of Revolution* is the first major attempt since the 1970s to challenge the idea that the essential engine of medical and scientific change in seventeenth century Britain was puritanism While Peter Elmer seeks to reaffirm the crucial role of the period of the civil wars and their aftermath in providing the most congenial context for a re-evaluation of traditional attitudes to medicine he rejects the idea that such initiatives were the special preserve of a small religious elite puritans claiming instead that enthusiasm for change can be found across the religious spectrum At the same time Elmer seeks to show that medical practitioners were increasingly drawn into contemporary religious and political debates in a way that led to a fundamental politicization of the profession By the end of the seventeenth century it was commonplace to see doctors apothecaries and surgeons fully engaged in everyday political and civic life At the same time religious and political orientation often became an important factor in the career development of medics especially in towns and cities where substantial benefits might accrue to those who found themselves in favour with the ruling elites be they Whig or Tory The body politic a Renaissance commonplace was now peopled by medical practitioners who often claimed a special authority when it came to diagnosing the ills of late seventeenth century society

*The New Model Army* Ian Gentles, 2022-01-01 The definitive account of the superior fighting force that powered the English Revolution The New Model Army was one of the most formidable fighting forces ever assembled Formed in 1645 it was crucial in overthrowing the monarchy and propelling one of its most brilliant generals Oliver Cromwell to power during the English Revolution Paradoxically it was also instrumental in restoring the king in 1660 But the true nature of this army has long been debated In this authoritative history Ian Gentles examines the full scope of the New Model Army As a fighting force it engineered regicide pioneered innovative military tactics and helped to keep Cromwell in power as Lord Protector until his death All the while those within its ranks promoted radical political ideas inspired by the Levellers and held

dissenting religious beliefs Gentles explores how brilliant battlefield maneuvering and logistical prowess contributed to its victories and demonstrates the vital role religion played in building morale and military effectiveness      Community in Early Modern Ireland Robert Matthew Armstrong, Tadhg Ó hAnnracháin, 2006 The theme of community has proved a focus of considerable interest in recent historiography but has been neglected in its application to Ireland Here the question of community is pursued in terms of the political cultural social and religious condition of Ireland and in its European context Contents Tadhg hAnnrachin UCD on the ideal of representative communities Colm Lennon NUIM on fraternity and community in early modern Ireland John McCafferty UCD on early modern interpretations of the Island of Saints and Scholars Tim Harris Brown U on politics religion and community in later Stuart Ireland Patrick Little History of Parliament London on The New English in Europe 1625 1660 Clodagh Tait U Essex on Catholic bequests and recusancy in Ireland Aoife Duignan UCD on Shifting allegiances the Protestant community in Connacht 1643 5 Darren McGettigan on the political community of the lordship of Tir Chonaill and reaction to the Nine Years War Robert Armstrong TCD on nationality and spirituality in Presbyterian Ulster 1650 1700      *Prelude to Restoration in Ireland* ,2006      American Book Publishing Record ,1999      Arts & Humanities Citation Index ,2000
