assorted monstrosities Ray Bradbury's Elliott family stories are a unique component of his extensive literary output. Written between 1946 and 1994, Bradbury eventually quilted the stories together into a novel *From the Dust Returned* (2001), making it a creative project that spanned his adult life. Not only do the stories focus on a single familial unit engaging with overlapping twentieth-century themes of family identity and belonging, they were also unique in their time, interrogating post-war American ideologies of domestic unity while reinventing and softening gothic horror for the Baby Boomer generation. Centred around diverse interpretations of the Elliott Family stories, this collection of critical essays recovers the Elliotts for academic purposes by exploring how they form a collective gothic mythos while ranging across distinct themes. Essays included discuss the diverse ways in which the Elliott stories pose questions about difference and Otherness in America, engage with issues of gender, sexuality and adolescence, and interrogate complex discourses surrounding history, identity, community, and the fantasy of family.

The Virginia Quarterly Review, 2004 [Index Medicus](#), 2002

Vols for 1963 include as pt 2 of the Jan issue: Medical subject headings [The Wide Open](#) Fredericka Hunter, Ian Glennie, 2008-01-01. It is hard to love the high, cold plains of the American West. They are vast and harsh and demanding. And perhaps because they are so hard to love, prairies challenge the imaginative mind and the adventurous heart. *The Wide Open* reveals how some of the most interesting and accomplished writers and photographers in the country have met that challenge and given the genius of the prairie a vision and a voice. Their stories are as diverse as the tellers, ranging from fiction by Barry Lopez, Richard Ford, and William Kittredge to the childhood histories of Mary Clearman Blew and Judy Blunt, and the nonfiction narratives of Jim Harrison, Gretel Ehrlich, and Rick Bass. There are works by Native American prairie dwellers such as M. L. Smoker and James Welch, and the photographic interpretations of Lee Friedlander, Lois Conner, and Geoffrey James. Personal or poetic, journalistic or scientific, these works eloquently attest to the prairie's abundance in all its human and natural variety, offering pictures as wide open and rich as the land they depict.
