Real People:

Knits for Real People Susan Neall, 2015-06-01 Unsure how to sew the new knits so they'll look great and fit better than ready to wear Knits for Real People helps readers sort out the differences in fabric types and explains the fitting and sewing techniques for each Photographs of knit fashions from McCall's Vogue and Butterick pattern companies provide inspiration throughout the book and illustrate the many types of knits The many techniques explained include layout cutting and marking seaming techniques using sewing machines and sergers including the use of the differential feed feature creative embellishments including piping flounces peepers and decorative serging neckline and edge finishes including bands collars and bindings sleeves hems and closures and fitting techniques for tops pants and activewear Knit fabrics are very popular in fabric stores and this book helps people take advantage by teaching how to fit patterns for this versatile material **Raising**

Real People Andrew Fuller, 2002 This bestselling Australian book explores the delights frustrations and dilemmas facing parents of adolescents Author and clinical psychologist Andrew Fuller offers parents practical solutions to common problems adolescents face with a refreshing emphasis on parents being there for their children rather than on the need to adopt particular parenting skills Fuller's approach is light hearted and supportive of parents His awareness that adolescence is a time of enjoyment as well as being anxiety provoking for parents is humorously illustrated in advice sheets around 38 typical and some more difficult parenting issues **Luke's Christology of Divine Identity** Nina Henrichs-Tarasenkova, 2015-11-19

Henrichs Tarasenkova argues against a long tradition of scholars about how best to represent Luke's Christology When read against the backdrop of ancient ways of constructing personal identity key texts in the Lukan narrative demonstrate that Luke indirectly characterizes Jesus as the one God of Israel together with YHWH Henrichs Tarasenkova employs a narrative approach that takes into consideration recent studies of narrative and history and enables her to construct characters of YHWH and Jesus within the Lukan narrative She employs Richard Bauckham's concept of divine identity that she evaluates against her study of how one might speak of personal identity in the Greco Roman world She engages in close reading of key texts to demonstrate how Luke speaks of YHWH as God in order to demonstrate that Luke Acts upholds a traditional Jewish view that only the God of Israel is the one living God and to eliminate false expectations for how Luke should speak of Jesus as God This analysis establishes how Luke binds Jesus identity to the divine identity of YHWH and concludes that the Lukan narrative in fact does portray Jesus as God when it shows that Jesus shares YHWH's divine identity **Engenderings**

Naomi Scheman, 2014-02-25 Naomi Scheman argues that the concerns of philosophy emerge not from the universal human condition but from conditions of privilege Her book represents a powerful challenge to the notion that gender makes no difference in the construction of philosophical reasoning At the same time it criticizes the narrow focus of most feminist theorizing and calls for a more inclusive form of inquiry **Cybersecurity For Dummies** Joseph Steinberg, 2019-10-01 Protect your business and family against cyber attacks Cybersecurity is the protection against the unauthorized or criminal use of

electronic data and the practice of ensuring the integrity confidentiality and availability of information Being cyber secure means that a person or organization has both protected itself against attacks by cyber criminals and other online scoundrels and ensured that it has the ability to recover if it is attacked If keeping your business or your family safe from cybersecurity threats is on your to do list Cybersecurity For Dummies will introduce you to the basics of becoming cyber secure You ll learn what threats exist and how to identify protect against detect and respond to these threats as well as how to recover if you have been breached The who and why of cybersecurity threats Basic cybersecurity concepts What to do to be cyber secure Cybersecurity careers What to think about to stay cybersecure in the future Now is the time to identify vulnerabilities that may make you a victim of cyber crime and to defend yourself before it is too late *Manning the Law* Ngaire

Naffine,2025-09-18 This is a study of elite English men of English law and the methods they used to retain and justify their power and privilege through controlling the story of the legal person It looks at how these men of legal authority thought of themselves and their institution how they studied and explained law and how they put themselves in the middle of it as the standard human in need of legal regulation and protection and in charge of that regulation and protection and assigned to women an inferior legal role and being The main strategy used to do all this was manipulation of the concept of the legal person From the 1860s to the 1920s the courts declared that women were not persons who could exercise public power to vote to sit in Parliament to gain degrees to be lawyers Up to the end of the 20th century and into the 21st women s personhood remained precarious in the private sphere for rape was excused within a marriage and female reproduction remained under state control as it still does The book examines the active exclusion of women from the means of making legal meaning especially the ability to shape law s central concept and shows the epistemological effects of this sex differential of legal power which are still felt today Leading legal thinkers who helped to masculinise the concept of the person to the detriment of women are still revered Law s continuing male orientation is neither seen nor acknowledged and the legal person is treated falsely as if he had always been and remains anyone *The Political Economy of Status* Theodore

Koutsobinas,2014-11-28 In this timely book Theodore Koutsobinas explores the system of status markets and their social effects including inequality He explains how media fascination with superstars and luxury consumption goods amplify positional concerns for all distort t *Debating Health Care Ethics, Second Edition* Patrick Findler,Doran Smolkin,Warren

Bourgeois,2019-05-28 In this updated second edition *Debating Health Care Ethics* explores contemporary moral challenges in health care providing students with the essential tools to understand and critically evaluate the leading arguments in the field and to develop their own arguments on important moral problems in health care Written in a clear and concise way the textbook s first three chapters explore the nature of arguments and ethical theories while the remaining chapters introduce students to moral problems in health care through case studies and dramas that feature complex scenarios involving patients family members and health care providers Each case study and drama is followed by a lively debate where the authors

defend their unique approaches to the dilemma This new edition now includes more gender inclusive dramas an expanded discussion of feminist ethics a case study on euthanasia that highlights changes to Canadian law and an update on fetal consciousness that informs the debate on abortion Emphasizing critical issues in health care from a Canadian perspective this essential textbook will benefit students in philosophy nursing and health studies Love and Intimacy in Online Cross-Cultural Relationships Wilasinee Pananakhonsab,2016-11-16 This book challenges assumptions about the motivations that drive women from relatively poor developing countries to use intermarriage dating sites to find partners from relatively wealthy developed countries It is generally assumed that economic deprivation or economic opportunities are the main factors but this book instead focuses on the work of women s imagination in online cross cultural relationships including the role of desire love and intimacy The experiences of Thai women are used to explore how they initiate develop and maintain love and intimacy with Western men across distance and time The book shows that in the absence of opportunities to search and meet partners from geographically distant parts of the world the technology of the internet offers new ways of searching for and managing relationships and has significant consequences for local experiences and expectations of love and partnering The book will be of interest to scholars and students with an interest in family and intimate life gender and sexualities Asian and Thai studies globalization and nationalism culture and media sociology and anthropology

Dangerous Fictions Lyta Gold,2024-10-29 In a political moment when social panics over literature are at their peak Dangerous Fictions is a mind expanding treatise on the nature of fictional stories as cultural battlegrounds for power Fictional stories have long held an uncanny power over hearts and minds especially those of young people In Dangerous Fictions Lyta Gold traces arguments both historical and contemporary that have labeled fiction as dark immoral frightening or poisonous Within each she asks How dangerous is fiction really And what about it provokes waves of moral panic and even censorship Gold argues that any panic about art is largely a disguised panic about power There have been versions of these same fights over fiction for centuries By exposing fiction as a social danger and a battleground of immediate public concern we can see what each side really wants the right to shape the future of a world deeply in flux and a distraction from more pressing material concerns about money access and the hard work of politics From novels about people driven insane by reading novels to copaganda TV shows that influence how viewers regard the police Gold uses her signature wit research and fearless commentary to point readers toward a more substantial question Fiction may be dangerous to us but aren t we also dangerous to it
