M.D.**

Real Self A Developmental Self And Object Relations Approach:

The Real Self James F. Masterson, M.D., 2013-08-21 First Published in 1985 This informative volume examines the clinical research linking normal separation individuation with object relations theory and developmental psychopathology It focuses on the core problem the lack of a concept of the self integrated with object relations theory By adding a theory of the self to object relations theory the book both enlarges and more acutely focuses the therapeutic perspective thereby enhancing work with patients It also further enables therapists to clarify their own real selves Dr Masterson's thesis is that for the real self to finally emerge from the symbiotic union and assume its full capacities identification acknowledgment and support are required from the mother and father in early development and from the therapist in psychotherapy Dr Masterson describes and illustrates the therapeutic technique of communicative matching and provides the necessary acknowledgment while maintaining therapeutic neutrality Part I reviews psychoanalytic theory of the ego and the emerging real self its structure function development and its psychopathology and treatment Part II explores the relationship between maternal libidinal acknowledgment and the development of the real self by a cross cultural comparison of child raising in Japan Israel and the United States It then describes the influence of social and cultural factors on the functioning of the real self in the United States Part III on Creativity and the Real Self draws upon fairy tales Jean Paul Sartre Edvard Munch and the life and work of the novelist Thomas Wolfe to show how for some artists creativity becomes a crucial vehicle in their search to establish a real self This section illuminates the nature of personal and artistic creativity and describes how a professional interest in the functioning of the real self leads inevitably to an interest in the ultimate of self expression creativity Of special interest are the numerous case illustrations drawn from Masterson's extensive clinical work showing how acknowledgment and support enable the real self to fully emerge from the symbiotic union and to assume its full capacities

The Real Self
James F. Masterson, M.D., 2013-08-21 First Published in 1985 This informative volume examines the clinical research linking normal separation individuation with object relations theory and developmental psychopathology It focuses on the core problem the lack of a concept of the self integrated with object relations theory By adding a theory of the self to object relations theory the book both enlarges and more acutely focuses the therapeutic perspective thereby enhancing work with patients It also further enables therapists to clarify their own real selves Dr Masterson's thesis is that for the real self to finally emerge from the symbiotic union and assume its full capacities identification acknowledgment and support are required from the mother and father in early development and from the therapist in psychotherapy Dr Masterson describes and illustrates the therapeutic technique of communicative matching and provides the necessary acknowledgment while maintaining therapeutic neutrality Part I reviews psychoanalytic theory of the ego and the emerging real self its structure function development and its psychopathology and treatment Part II explores the relationship between maternal libidinal acknowledgment and the development of the real self by a cross cultural comparison of child raising in Japan Israel and the

United States It then describes the influence of social and cultural factors on the functioning of the real self in the United States Part III on Creativity and the Real Self draws upon fairy tales Jean Paul Sartre Edvard Munch and the life and work of the novelist Thomas Wolfe to show how for some artists creativity becomes a crucial vehicle in their search to establish a real self This section illuminates the nature of personal and artistic creativity and describes how a professional interest in the functioning of the real self leads inevitably to an interest in the ultimate of self expression creativity Of special interest are the numerous case illustrations drawn from Masterson s extensive clinical work showing how acknowledgment and support enable the real self to fully emerge from the symbiotic union and to assume its full capacities **Psychotherapy of the**

Disorders of the Self James F. Masterson, M.D., Ralph Klein, M.D., 2013-05-13 The Masterson Approach has evolved from 32 years of scientific inquiry including four formal research projects nine books and 75 papers this volume marks an important stage in a professional journey that has had many turnings Clinical concern and theoretical introspection evoke a wish to share which led to writing and teaching The deepening of this need to build a continuing community of ideas has impelled Masterson to invite those who have learned from him to join me This book represents their commitment and contribution to the Masterson Approach Counseling Troubled Youth Robert C. Dykstra, 1997-01-01 Robert Dykstra uses case studies of

four profoundly troubled young people from varied backgrounds to teach pastoral caregivers the theoretical knowledge and practical wisdom to offer youths effective ministry on the journey to find self **The Emerging Self in Psychotherapy with Adults** Richard A. Mackey, 2009 No detailed description available for The Emerging Self in Psychotherapy with Adults

Transpersonal Psychology in Psychoanalytic Perspective Michael Washburn, 1994-07-01 In this book Michael Washburn provides a psychoanalytic foundation for transpersonal psychology Using psychoanalytic theory Washburn explains how ego development both prepares for and creates obstacles to ego transcendence Spiritual development he proposes can be properly understood only in terms of the ego development that precedes it For example many difficulties encountered in spiritual development can be traced to repressive underpinnings of ego development and significant gender differences in spiritual development can be traced to corresponding gender differences that emerge during ego development Washburn draws on a wide range of psychoanalytic perspectives in discussing ego development and uses both Eastern and Western sources in discussing spiritual development In rethinking transpersonal psychology in psychoanalytic terms he explains how essential elements of Jungian thought can be grounded in psychoanalytic theory **Self-in-Relationship**

Psychotherapy Augustine Meier, Micheline Boivin, 2022-07-29 In this innovative book the authors set out their theory of Self in Relationship Psychotherapy SIRP advocating for the integration of relational self and physical intimacy needs in the conceptualization and treatment of psychological problems placing human needs at the center of treatment This marks a shift in how psychological and relational problems are understood currently being perceived in terms of affects cognitive processes and behaviors Using numerous illustrations from their own clinical practice Meier and Boivin contend that this

understanding overlooks the pivotal role that needs play in all aspects of peoples personal lives and relationships Children adolescents and adults do not live primarily from feelings and thoughts but from basic psychological and relational needs such as wanting to be in a meaningful relationship having the autonomy and freedom to make decisions about their lives experiencing being competent being regarded as a significant and important person and experiencing emotional intimate and sensual and or sexual connections By taking such an approach this book stands out among other books on psychotherapy theories Authored by two seasoned psychologists who have provided therapeutic services to children adolescents and adults for 40 years this book comprises the foundational theory for practicing Self in Relationship Psychotherapy making it of interest to graduate students clinicians in training and practicing psychologists social workers and psychotherapists alike

Self Psychology Douglas Detrick,Susan Detrick,Arnold Goldberg,2014-03-18 This collection of comparisons and contrasts explores Heinz Kohut s self psychology in relation to a wide ranging group of modern thinkers both inside and outside of analysis Separate sections analyze self psychology alongside Freud and the first generation of psychoanalytic dissidents British object relations theorists and contemporary theorists like Kernberg Mahler Lacan and Masterson The Self Under Siege Robert Firestone,Lisa A. Firestone,Joyce Catlett,2013 Noted clinical psychologist Robert Firestone and his co authors explore the struggle that all of us face in striving to retain a sense of ourselves as unique individuals **Identity in Adolescence** Jane Kroger,1996 Jane Kroger presents an updated and expanded critique of five of the most important theorists addressing adolescent identity Erickson Blos Kohlberg Loevinger and Kegan
