Christian church has been endeavoring to formulate its theology in language relevant to the times The essential truth of divine revelation remains unchanged for God is eternally the same but the problems and fashions of human thought vary from century to century Each succeeding period demands some new adjustment discarding the phraseology of the past and adopting eagerly the current formulas that seem more significant In this creedal flux the definition of Christianity often seems to be dependent upon the terms of the latest philosophy that it encounters During the Middle Ages Thomas Aquinas attempted to combine Biblical truth with Aristotelian reasoning Later Immanuel Kant's philosophy led to the theology of Schleiermacher and Harnack and today existentialism wields a powerful influence over Barth Brunner and Bultmann Is there any inherent principle or symbol by which the gospel can be defined without resorting to extraneous forms The author believes that the resurrection of Christ can supply the framework for Christian theology because it marks the intersection of the temporal and eternal worlds of material existence and spiritual life Because the event is supernatural it expresses the essence of God's revelation because it is historical it is a genuine part of human experience The resurrection is a permanent witness to the love power holiness and redemptive purpose of God and is also a fact which must be accepted as part of history It cannot be dismissed as a speculative venture of the intellect which is possibly but not necessarily true

The Reality of Jesus Dermot A. Lane, 1975 A synthesis of current thinking on Christology

Resurrection John Shelby Spong, 2009-10-13 Resurrection is an innovative examination of the foundational event of Christianity and an inspiring vision for reconciliation between Jews and Christians Using approaches from the Hebrew interpretive tradition to discern the actual events surrounding Jesus's death Bishop John Shelby Spong questions the historical validity of a literal narrative concerning the Resurrection However Spong is not

searching for the historical Jesus either he asserts that the Resurrection story was born in an experience that opened the disciples's eyes to the reality of God and the meaning of Jesus of Nazareth To fully understand the meaning of the Resurrection it must be approached in the style of the midrash or teaching tale Spong goes on to trace the Christian origins of anti-Semitism to the Church's fabrication of the ultimate Jewish scapegoat Judas Iscariot He affirms the inclusiveness of the Christian message and emphasizes the necessity of mutual integrity and respect among Christians and Jews John Shelby Spong was the Episcopal Bishop of Newark before his retirement in 2000 As a leading spokesperson for an open scholarly and progressive Christianity Bishop Spong has taught at Harvard and at the Graduate Theological Union in Berkeley California His books include A New Christianity for a New World Rescuing the Bible from Fundamentalism Resurrection Myth or Reality Why Christianity Must Change or Die and his autobiography Here I Stand This book will appeal to those wanting a reasonable nonliteralist faith grounded in the mystery of reality beyond time and space Highly recommended Library Journal
