Reason Enough A Case For The Christian Faith:

Reason Enough : a Case for the Christian Faith Clark H. Pinnock, 1985 Faith Has Its Reasons Kenneth Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics **John Dewey and the Ethics of Historical Belief** Curtis Hutt, 2013-04-15 John Dewey and the Ethics of Historical Belief addresses the ethics of the representation of the past with a focus on the justification of historical belief within religious and critical historiographical traditions What makes a belief about the past justified What makes one historical belief preferable to another A great deal rides on how these questions are answered History textbook wars take place across the globe from California to India Cultural heritage protection is politicized and historical research is commonly deployed in support of partisan agendas This book explores not only John Dewey s relatively unknown contribution to this topic but also the leading alternatives to his approach Author Curtis Hutt focuses attention on the debate among those most influenced by Dewey s thought including Richard Rorty Richard Bernstein James Kloppenberg Wayne Proudfoot and Jeffrey Stout He also reviews the seminal work of Van Harvey on the relationship between historians and religious believers Dewey is cast as a vigorous opponent of those who argue that justified historical belief depends upon one s religious tradition Strongly resisted is the idea that historical belief can be justified simply on account of acculturation Instead Dewey s view that beliefs are justified as a result of theorized historical inquiry is emphasized In order to prevent moral blindness the responsible historian and theologian alike are advised to attend to witnesses to the past that arise from outside of their own traditions Evangelical Review of Theology, Volume 46, Number 4, November 2022 Thomas Schirmacher, 2022-11-21 ERT publishes quality articles and book reviews from around the world both original and reprinted from an evangelical perspective reflecting global evangelical scholarship for the purpose of discerning the obedience of faith and of relevance and importance to its international readership of theologians educators church leaders missionaries administrators and students The journal is published as a ministry rather than as a commercial project seeking to be of service to the worldwide spread of the gospel and the building up of the church and its leadership in co ordination with the World Evangelical Alliance s broader mission and activities Evangelical Review of Theology, Volume 47, Number 1 Thomas Schirmacher, 2023-03-06 ERT publishes quality articles and book reviews from around the world both original and reprinted from an evangelical perspective reflecting global evangelical scholarship for the purpose of discerning the obedience of faith and of relevance and importance to its international readership of theologians educators church leaders missionaries administrators and students The journal is published as a ministry rather than as a commercial project seeking to be of service to the worldwide spread of the gospel and the building up of the church and its leadership in co ordination with the World Evangelical Alliance s broader mission and activities **The Doctrine of the Twelve Apostles** , 2022-11-17 Excerpt from The Doctrine of the Twelve Apostles Translated Into English With Introduction and Notes The Doctrine of tire Twelve A postles or the Doctrine of t ze Lord t zroug

And with All Your Mind Steven H. Propp, 2010-12-21 Its 1971 and Silas Baker is a high school senior in California whose main interests are basketball and weekend parties But his life takes a dramatic turn when he encounters a group of committed Christians who soberly inform him that Jesus is coming soon They enroll at Riverstent Bible College Its an exciting time as leading Bible teachers have predicted that Jesus will return to Rapture his Church within one generation of the 1948 formation of the State of Israel Popular movies further inflame this passion as the eager students study Apologetics and Biblical Archaeology aberrant theologies such as the Death of God movement and even conflicting interpretations of the End Times An activist spirit develops within evangelicalism culminating in the so called Christian Right as the evangelical world is rocked in the aftermath of the televangelist scandals Confronted by world views such as Calvinism and Christian Reconstruction the characters passionately debate controversies such as Biblical Inerrancy and the age of the cosmos in addition to challenging evangelicals who deny traditional doctrines such as that of endless punishment in Hell or who promote an Open yet limited concept of God himself As society evolves so does evangelicalism seeker sensitive megachurches appear while Postmodernism and the Emergent Church become realities Theologians wrestle with the question of divorce and remarriage and the role of women in the church as well as the divisive issue of homosexuality As they struggle with lifes realities they ultimately must also respond to nonchristians who are alienated indifferent or engaged in active opposition to Christianity while searching for the meaning of Christian faith in the modern world

Religious Ambiguity and Religious Diversity Robert McKim, 2015 The religious ambiguity of the world has many aspects one of which is the hiddenness of God Theists have proposed a number of explanations of God s hiddenness Some putative explanations contend that the advantages of God s hiddenness goods of mystery outweigh whatever benefits would result if God s existence and nature were clear to us goods of clarity Goods of mystery that have received a lot of discussion include human moral autonomy and the ability on our part to exercise control over whether we believe in the existence of God The extent of the ambiguity that surrounds God s existence and indeed all important religious matters combined with our lack of an obviously correct and adequate explanation of this lack suggest that even if God exists it is not important that people

believe in God Another central theme in the book is the significance of religious diversity for religious belief The character of this diversity is such that it provides people who take a position on religious matters with reason to adopt the Critical Stance which requires people in all the religious traditions to subject their religious beliefs to critical scrutiny and hold those beliefs in a tentative way Some contend that religious faith requires complete confidence in what is believed but tentative belief actually is sufficient to sustain many forms of religious commitment Biblical Apologetics Clifford B. McManis, 2013-07-26

The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i e to all believers This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church Hopefully today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context George J. Revitalizing Theological Epistemology Steven B Sherman,2010-03-25 In Revitalizing Theological Epistemology Steven B Sherman addresses questions about what evangelical theology ought to be doing in light of the changing cultural situation He wonders if the Christian faith should continue to be presented and defended mainly according to Enlightenment principles when growing criticism of modern thought is affecting virtually every discipline and if evangelicalism and its intellectual leaders ought to wait it out or whether they should re vision their theology This book is about contemporary evangelical approaches to the knowledge of God considering and suggesting ways Christian philosophers and theologians envision and make use of theological knowledge in the postmodern context *DEALING WITH DOUBT* Gary R.

Learning Harold Heie,David L. Wolfe,2004-01-20 Building on foundational studies on the relationship of faith and learning this book presents concrete examples of ways in which a Christian perspective can be brought to bear on scholarship in various academic disciplines The editors present a typology of various strategies for faith discipline integration which are then exemplified by two essays in each of seven disciplines political science sociology psychology biology mathematics the arts and philosophy In each discipline a principal essayist addresses a significant issue from a Christian perspective a respondent then analyzes that essay suggesting at least one alternative approach *The Spirit Unfettered* Edward

Rybarczyk,2011-02-01 This clear guide will help you understand what is distinctive about Protestant perspectives on who the Holy Spirit is and what the Holy Spirit does in our lives After an introduction that broadly compares Protestant views on the Holy Spirit with Roman Catholic and Eastern Orthodox models the understandings of important theologians and figures in Protestant tradition are explored Martin Luther The Anabaptists Meno Simons Balthasar Hubmaier Conrad Grebe Jacob Hutter John Wesley Friedrich Schleiermacher Abraham Kuyper Karl Barth And then living theologians such as Jurgen Moltmann Wolfhart Pannenberg Clark Pinnock and Michael Welker *A Thematic Access-Oriented Bibliography of Jesus's*

Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Freedom Unlimited Jeffrey S. Hocking, 2010-10-18 How are we to understand the freedom for which Christ has set us free? Gal 5:1. Could it be that we have barely glimpsed what this might mean? Most theological accounts of freedom frame the discussion in terms of heteronomy or autonomy. In the Protestant tradition, Calvinists are known for championing the former, and Arminians are credited with advocating the latter. More recently, open theists, in significantly modifying the Arminian paradigm, argue that neither tradition provides a satisfying account of human freedom and propose a more libertarian form of autonomy. This book joins the debate at this point, not in order to take sides, but to suggest a theology that can get beyond not between the heteronomy and autonomy that seem to exhaust the present theological options. Clark Pinnock serves as the chief protagonist because of his role as a leading figure in the Openness of God movement. Because his own development can be described as a pilgrimage from Calvinism to Arminianism to open theism, the present work is able to offer its sympathetic critique in the form of an invitation that we continue to journey in the spirit of openness beyond both heteronomy and autonomy towards a view of divine and human freedom that is covenantal, participatory, and unlimited.

Grace for All Clark H. Pinnock, John D. Wagner, 2015-03-31 Did Christ atone for the sins of humanity on the cross? Does God desire all people to be saved and direct his grace toward all people for that purpose? There are some Christians following a deterministic paradigm who believe this is not true. They believe God has predestined some people for heaven and many or even most for hell. The rising tide of Calvinism and its TULIP theology needs to be respectfully answered. *Grace for All: The Arminian Dynamics of Salvation* features a distinguished international panel of scholars to examine this controversy. These writers address issues such as election, free will, grace, and assurance. They make compelling scriptural arguments for the universality of God's grace, contending that Christ atoned for the sins of all people and that God sincerely offers forgiveness for all through Christ. This book strives to uncover the biblical

position on salvation We hope the reader will enjoy this stimulating series of articles on the Arminian perspective and that it will spur further writing and discussion Grace for All The Arminian Dynamics of Salvation is an updated and revised version of Grace Unlimited a 1975 collection of scholarly articles assembled by the late Clark H Pinnock of McMaster Divinity College The God Biographers Larry Witham,2010-07-01 The God Biographers presents a sweeping narrative of the Western image of God since antiquity following the theme of how the old biography of God has been challenged by a new biography in the twenty first century The new biography has made its case in free will theism process thought evolutionary doctrines relational theology and open theism a story of people ideas and events that is brought up to the present in this engaging narrative Readers will meet the God biographers in the old and new camps On the one side are Job Augustine Boethius Anselm Aquinas and Calvin On the other side is a group that includes the early Unitarian and Wesleyan thinkers the process thinkers Alfred North Whitehead Pierre Teilhard de Chardin and Charles Hartshorne and finally a new breed of evangelical philosophers This story looks closely at the cultural and scientific context of each age and how these shaped the images of God In the twenty first century that image is being shaped by new human experiences and the findings of science Today the debate between the old biographers and the new is playing out in the forums of modern theology courtrooms and social movements Larry Witham tells that panoramic story in an engaging narrative for specialists and general readers alike

The Equipper's Guide to Every-Member Ministry R. Paul Stevens,2000-07 Stevens shows how churches today can be faithful to the New Testament model of every member ministry Specifically he focuses on how the laity can teach and learn the Bible conduct small groups pastor the sick and hurting lead worship evangelize neighborhoods and more Evangelism

Inerrant the Wind Robert M. Price,2009-12-04 In this painstakingly researched and penetrating analysis of the dispute on the doctrine of biblical inerrancythe belief that the Bible is correct in any statement it makes whether on nature or history on doctrine or morals Price provides a historical survey of the fundamentalist modernist controversy of the early 20th century and argues that this history began repeating itself in the 1970s
