On Transhumanism Stefan Lorenz Sorgner, 2020-12-15 Transhumanism is widely misunderstood in part because the media have exaggerated current technologies and branded the movement as dangerous leading many to believe that hybrid humans may soon walk among us and that immortality achieved by means of mind uploading is imminent In this essential and clarifying volume Stefan Lorenz Sorgner debunks widespread myths about transhumanism and tackles the most pressing ethical issues in the debate over technologically assisted human enhancement On Transhumanism is a vital primer on the subject written by a world renowned expert In this book Sorgner presents an overview of the movement s history capably summarizing the twelve pillars of transhumanist discourse and explaining the great diversity of transhumanist responses to each individual topic He highlights the urgent ethical challenges related to the latest technological developments inventions and innovations and compares the unique cultural standing of transhumanism to other cultural movements placing it within the broader context of the Enlightenment modernity postmodernity and the philosophical writings of Nietzsche Engagingly written and translated and featuring an introduction for North American readers this comprehensive overview of the cultural and philosophical movement of transhumanism will be required reading for students of posthumanist philosophy and for general audiences interested in learning about the transhumanist movement **Faith Has Its Reasons** Kenneth

Boa, Robert M. Bowman Jr., 2012-01-05 A most accessible but thoroughly practical primer on apologetics **Reasons for Faith (Foreword by Lee Strobel)** Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3 15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad Meister realize the fear of facing questions about the Christian faith Their book Reasons for Faith gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today s society *Understanding Self and Others in the Postmodern World* Richard E. Bailey Ph. D., 2013-01-22 Understanding Self and Others in the Postmodern World is unlike most books directed at giving people insight into themselves in that it is addressed to those who want to think about their lives relationships with others and how Western culture has arrived at the Postmodern World This book examines seven different worldviews that have become dominant for periods of time in the history of Western culture The author explains that although all worldviews share the same structure and characteristics they vary markedly in their contents Further a worldview molds those entering it after its own image Those readers 1 who identify their own assumptions about the nature of reality what it means to be a human being and the truth will gain insight into themselves And identifying the assumptions held by others on these matters will give the reader insight into them The problem in the Postmodern World is that we live

and work with people who live in these different worlds That situation has invited disagreement and conflict which unresolved has led to the chaos that is characteristic of our time The solution before the nations of the West is that each citizen must grant to all others the same rights to life liberty and the pursuit of happiness he or she claims for him or herself
