Reasonable Rebel G C Lichtenberg:

A Reasonable Rebel Carl Brinitzer, 1960 **From Baroque to Storm and Stress 1720-1775** Friedhelm

Radandt, 2020-01-31 Originally published in 1977 this volume traces the development of literary forms and themes and of movements and schools during the overtly philosophical age It begins with the prominent poets of the 1720s and 1730s Brockes Hagedorn and Haller It charts the many attempts at formulating poetic theory particularly those of Gottsched Bodmer and Breitinger Emphasis is placed on the dramatic writings of J E Schlegel Gellert and Ch F Weisse Young Goethe s creativity in all genres Lenz and Klinger s fascination with the stage and the lyric poetry of the G ttinger Hain explains the effectiveness of the Sturm und Drang The Culture of the Copy Hillel Schwartz, 2013-12-27 A novel attempt to make sense of our preoccupation with copies of all kinds from counterfeits to instant replay from parrots to photocopies The Culture of the Copy is a novel attempt to make sense of the Western fascination with replicas duplicates and twins In a work that is breathtaking in its synthetic and critical achievements Hillel Schwartz charts the repercussions of our entanglement with copies of all kinds whose presence alternately sustains and overwhelms us This updated edition takes notice of recent shifts in thought with regard to such issues as biological cloning conjoined twins copyright digital reproduction and multiple personality disorder At once abbreviated and refined it will be of interest to anyone concerned with problems of authenticity identity and originality Through intriguing and at times humorous historical analysis and case studies in contemporary culture Schwartz investigates a stunning array of simulacra counterfeits decoys mannequins and portraits ditto marks genetic cloning war games and camouflage instant replays digital imaging parrots and photocopies wax museums apes and art forgeries not to mention the very notion of the Real McCoy Working through a range of theories on biological mechanical and electronic reproduction Schwartz questions the modern esteem for authenticity and uniqueness The Culture of the Copy shows how the ethical dilemmas central to so many fields of endeavor have become inseparable from our pursuit of copies of the natural world of our own creations indeed of our very selves The book is an innovative blend of microsociology cultural history and philosophical reflection of interest to anyone concerned with problems of authenticity identity and originality Praise for the first edition T he author brings his considerable synthetic powers to bear on our uneasy preoccupation with doubles likenesses facsimiles replicas and re enactments I doubt that these cultural phenomena have ever been more comprehensively or more creatively chronicled A book that gets you to see the world anew again The New York Times A sprightly and disconcerting piece of cultural history Terence Hawkes London Review of Books In The Culture of the Copy Schwartz has written the perfect book original and repetitive at once Todd Gitlin Los Angeles Times Book Review Face Value Alexander Todorov, 2017-06-06 The scientific story of first impressions and why the snap character judgments we make from faces are irresistible but usually incorrect We make up our minds about others after seeing their faces for a fraction of a second and these snap judgments predict all kinds of important decisions For example politicians who simply look more

competent are more likely to win elections Yet the character judgments we make from faces are as inaccurate as they are irresistible in most situations we would guess more accurately if we ignored faces So why do we put so much stock in these widely shared impressions What is their purpose if they are completely unreliable In this book Alexander Todorov one of the world's leading researchers on the subject answers these questions as he tells the story of the modern science of first impressions Drawing on psychology cognitive science neuroscience computer science and other fields this accessible and richly illustrated book describes cutting edge research and puts it in the context of the history of efforts to read personality from faces Todorov describes how we have evolved the ability to read basic social signals and momentary emotional states from faces using a network of brain regions dedicated to the processing of faces Yet contrary to the nineteenth century pseudoscience of physiognomy and even some of today's psychologists faces don't provide us a map to the personalities of others Rather the impressions we draw from faces reveal a map of our own biases and stereotypes A fascinating scientific account of first impressions Face Value explains why we pay so much attention to faces why they lead us astray and what our judgments actually tell us *Georg Christoph Lichtenberg* Jean M. Sanke, 1999 **German Literature of the Eighteenth and Nineteenth Centuries** Ernest Ludwig Stahl, William Edward Yuill, Hannah Pribsch Closs, M. Q. Smith, 1970

Crossing Borders, Crossing Cultures Massimo Rospocher, Jeroen Salman, Hannu Salmi, 2019-09-23 This volume explores the challenges and possibilities of research into the European dimensions of popular print culture Popular print culture has traditionally been studied with a national focus Recent research has revealed however that popular print culture has many European dimensions and shared features A group of specialists in the field has started to explore the possibilities and challenges of research on a wide European scale This volume contains the first overview and analysis of the different approaches methodologies and sources that will stimulate and facilitate future comparative research This volume first addresses the benefits of a media driven approach focussing on processes of content recycling interactions between text and image processes of production and consumption A second perspective illuminates the distribution and markets for popular print discussing audiences prices and collections A third dimension refers to the transnational dimensions of genres stories and narratives A last perspective unravels the communicative strategies and dynamics behind European bestsellers This book is a source of inspiration for everyone who is interested in research into transnational cultural exchange and in the fascinating history of popular print culture in Europe Encyclopedia of German Literature Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author

entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings *Lichtenberg* Charlotte Marie Craig,1992 This volume of essays is to commemorate Georg Christoph Lichtenberg 1742 1799 on the occasion of the two hundred and fiftieth anniversary of his birth The brilliant eighteenth century German physicist philosopher essayist is particularly noted for his significant aphoristic production The contributors represented are American and Canadian scholars who are treating a variety of topics within Lichtenberg s intellectual and literary sphere The study seeks to augment Lichtenberg scholarship by illuminating topics not heretofore addressed **National Union Catalog** ,1970 Includes entries for maps and atlases Anglo-German and American-German Crosscurrents ,1967 History of Science Alistair Cameron Crombie,Michael A. Hoskin,1988 A review of literature and research in the history of science medicine and technology in its intellectual and social context Anglo-German and American-German Crosscurrents Philip Allison Shelley,1957 *German Literature: Classification schedule, classified listing by call number, chronological listing* Harvard University. Library,1974 *German Literature in the United States, 1945-1960* William LaMarr Kopp,1967 **Widener Library Shelflist: German literature** Harvard University. Library,1974 **The British Library General Catalogue of Printed Books to 1975** British Library,1983 Adult Catalog: Authors Los Angeles County Public Library,1970 **General Catalogue of Printed Books** British Museum.
