Reasons To Believe:

Reasons to Believe Scott Hahn, 2007-05-08 This book unravels mysteries corrects misunderstandings and offers thoughtful straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn't merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn's examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ

More Than a Theory (Reasons to Believe) Hugh Ross, 2009-03-01 The year 2009 marks the 150th anniversary of the publication of Charles Darwin's *On the Origin of Species* Alongside that event there are many Darwin Day celebrations planned to acknowledge his 200th birthday Add to these the virulent attacks of the New Atheists led by Richard Dawkins Bible believing Christians will be left increasingly challenged with the theory of evolution as the only model to explain the origins and age of the universe In *More Than a Theory* Hugh Ross founder and president of Reasons To Believe offers discerning readers a comprehensive testable creation model to consider as an alternative This fascinating resource will educate readers with a direct response to the recent and well publicized challenges from aggressive atheists In doing so it also reminds the scientific community of what constitutes good science Furthermore it will supply Christians with the scientific information they need to defend their convictions that the God of the Bible is the Creator Complete with several appendices that put common documents and stories to the same test *More Than a Theory* is a bold brave and unapologetic work of apologetics that will stir much discussion in both the scientific and religious realms

101 Good Reasons to Believe James D. Sideras, 2018-01-04 This book presents a strong case for the Christian faith by using scientific evidence and philosophical reasoning Although an abundance of Christian apologetic textbooks exist most are not easily accessible because they offer long and scholarly treatments of subject matter that may not appeal to lay readers This book differs in two ways First it presents the case for Christianity in a friendly scholarly prose which enables readers to plainly understand each reason to believe Second these reasons are concisely structured so that within minutes readers can quickly examine each argument in light of the evidence presented

101 Good Reasons to Believe is essential reading for theists who wish to strengthen their faith in God and for nontheists who desire to critically investigate the truth claims of the Bible. This book includes topics such as astronomical evidence for the existence of God, evidence for creation and intelligent design, refutation of Darwinian evolution, the historicity of Jesus, why there is human suffering if God exists, the accuracy of the Bible, and evidence for heaven and hell. The 101 reasons presented make thought provoking and compelling reading for scholars and non scholars alike. *100 Reasons to Believe the Bible Is the Word of God* Wiley Graf, 2016-12-29

OBJECTIVE The purpose of this work is to present the many evidences demonstrating that the Bible must be the Word of God that more might come to saving faith in Christ.

THE UNAWARE Drawing from personal experience the author is convinced that more would believe if only they were made aware of the many evidences solidly supporting the Christian faith. 100 Reasons to Believe is written specifically for these unaware individuals and indeed for all sincere seekers of truth who long for evidence to back up their faith. But we live in an increasingly noisy and distracted world. Some readers will remain unaware if our product is merely black words on a white page. More could be reached by simply sprucing up our product with a calculated use of visuals.

AWARENESS RAISING DISTINCTIVE The great distinguishing characteristic of this work is its use of eye pleasing attention grabbing retaining visuals. Each of the 100 Reasons is presented in a self contained two page storyboard with an image always leading off the even numbered left page. Shaded boxed theme statements are added along with scannable text and the calculated use of white space. The result is an easier and more enjoyable reading experience. Higher reader retention rates will naturally follow leading to an overall raised awareness of the many evidences solidly supporting the Christian faith.

CHAPTER CONTENTS Witnesses are brought in to testify from numerous fields of study. 1 A Creation Flood Model is Superior to an Evolutionary Explanation of Origins. 2 Manuscripts Archaeology Support the Historical Reliability of Scripture. 3 The Structure and Style of Scripture Suggests a Supernatural Author. 4 Jesus Fulfillment of Messianic Prophecy Confirmed by Hostile Witnesses. 5 Fulfilled Prophecy in History Confirmed by Extra Biblical Witnesses. 6 Scripture Anticipates Numerous Scientific Advances and 7 Closing Witnesses to the Truth of Scripture.

APPLICATION Lost in self and sin the world has little interest in what the Bible has to say with regard to God's Salvation. But once convinced that the Bible is indeed the Word of God it is only natural to ask. According to the Bible what must I do to be saved. The Appendix provides a Biblical answer to this most important of all questions. Coming full circle with God's added blessing the stated purpose of this work will have been achieved with all that respond in faith.
