

An abstract painting of a face in profile, facing right. The face is rendered in warm, textured tones of yellow, orange, and red, set against a dark, moody background of blues and purples. The brushstrokes are visible, giving the work a painterly, expressive quality. The text is overlaid on the painting in a white serif font.

English as a Vocation Christopher Hilliard, 2012-05-31 English as a Vocation is a history of the most influential movement in modern British literary criticism F R Leavis and his collaborators on the Cambridge journal Scrutiny in the 1930s to the 1950s demonstrated compelling ways of reading modernist poetry Shakespeare and the texts of advertising Crucially they offered a way of teaching critical reading an approach that could be adapted for schools and adult education classes modelled in radio talks and paperback guides to English Literature and taken up in universities as far afield as Colombo and Sydney This book shows how a small critical school turned into a movement with an international reach It tracks down Leavis's students analysing the pattern of their social origins and subsequent careers in the context of twentieth century social change It shows how teachers transformed Scrutiny approaches as they tried to put them into practice in grammar and secondary modern schools And it explores the complex even contradictory politics of the movement Champions of creative writing and enemies of progressive education alike based their arguments on Scrutiny's interpretation of modern culture Left Leavisites such as Raymond Williams Richard Hoggart and Stuart Hall wrought influential interpretations of social class and popular culture out of arguments with the Scrutiny tradition This is the first book to examine major figures such as these alongside the hundreds of other teachers and writers in the movement whose names are obscure but who wrestled with the same challenges how do you approach a baffling poem How do you uncover what an advertisement is trying to do How can literature inform our everyday experiences and judgements What does culture mean in modern times

On Shakespeare and Early Modern Literature John Kerrigan, 2004 Includes essays on Shakespeare originally published 1987 1997 **Archipelagic English** John Kerrigan, 2010-09-09 Seventeenth century English Literature has long been thought about in narrowly English terms Archipelagic English corrects this by devolving anglophone writing showing how much remarkable work was produced in Wales Scotland and Ireland and how preoccupied such English authors as Shakespeare Milton and Marvell were with the often fraught interactions between ethnic religious and national groups around the British Irish archipelago This book transforms our understanding of canonical texts from Macbeth to Defoe's Colonel Jack but it also shows the significance of a whole series of authors from William Drummond in Scotland to the Earl of Orrery in County Cork who were prominent during their lifetimes but who have since become neglected because they do not fit the Anglocentric paradigm With its European and imperial dimensions and its close attention to the cultural make up of early modern Britain and Ireland Archipelagic English authoritatively engages with questions and develops the claim now made by historians that the crises of the seventeenth century stem from the instabilities of a state system which between 1603 and 1707 was multiple mixed and inclined to let local quarrels spiral into all consuming conflict This is a major interdisciplinary contribution to literary and historical scholarship which is also set to influence present day arguments about devolution unionism and nationalism in Britain and Ireland *Seeing Mary Plain* Frances Kiernan, 2013-08-05 A revealing portrait of the dramatic life of writer and intellectual Mary McCarthy From her Partisan Review days to her controversial

success as the author of *The Group* to an epic libel battle with Lillian Hellman Mary McCarthy brought a nineteenth century scope and drama to her emblematic twentieth century life Dubbed by Time as quite possibly the cleverest woman America has ever produced McCarthy moved in a circle of ferociously sharp tongued intellectuals all of whom had plenty to say about this diamond in their midst Frances Kiernan's biography does justice to one of the most controversial American intellectuals of the twentieth century With interviews from dozens of McCarthy's friends former lovers literary and political comrades in arms awestruck admirers amused observers and bitter adversaries Seeing Mary Plain is rich in ironic judgment and eloquent testimony A Los Angeles Times Best Book of 2000 and a Washington Post Book World Rave **Words Alone** Denis

Donoghue,2002-08-11 When Denis Donoghue left Warrenpoint and went to Dublin in September 1946 he entered University College as a student of Latin and English A few months later he also started as a student of lieder at the Royal Irish Academy of Music These studies have informed his reading of English Irish and American literature Now in this volume one of our most distinguished readers of modern literature offers his most personal book of literary criticism Donoghue's *Words Alone* is an intellectual memoir a lucid and illuminating account of his engagement with the works of T S Eliot from initial undergraduate encounters with *The Love Song of J Alfred Prufrock* to later submission to Eliot's entire writings The pleasure of Eliot's words persists Donoghue says only because in good faith it can't be denied Submission to Eliot in Donoghue's case involves the ear as much as it does the mind He is a reader who listens attentively and a writer whose own music in these pages commands attention Whether he is writing about Eliot's poetry or confronting the often contentious prose Donoghue eloquently demonstrates what it means to read and to hear a master of language **Thom Gunn** Michael Nott,2024-06-18 A
