Recasting A Craft St Louis Typefounders Respond To Industrialization:

Recasting a Craft Robert A. Mullen, 2005 In the nineteenth and early twentieth centuries type for newspapers and books was set one letter at a time and the manufacturers of the metal type used in the printing trade were called typefounders This prominent yet rarely documented industry was essential to the development of modern American publishing and was particularly prevalent in St Louis In Recasting a Craft St Louis Typefounders Respond to Industrialization Robert A Mullen recognizes the city's significant contributions to typefounding and details how the craft fundamentally changed through mechanization growth and the creation of a large conglomerate Like many trades of the nineteenth and early twentieth centuries that were eventually lost to industrialization the typefoundries of St Louis grew from small shops to factories with organized labor Mullen describes three distinct periods of the industry that emerged in St Louis's typefounding trade the early struggles in establishing the industry there the period of intense competition and creative enterprise and the proliferation of new companies that appealed to those customers who felt alienated by the monopolizing older companies Mullen discusses at length the technological social and demographic foundations of the immense growth of the trade in the nineteenth century identifying the changes in typographical design and the demand for it in the new era of advertising He also profiles the workers working conditions and labor issues such as the failed industry wide strike of 1903 that emerged as the craft of typefounding entered the industrial age More than two hundred type designs that originated with the St Louis firms are listed in an appendix with examples of each face The volume also contains a list of the catalogs of the St Louis typefoundries known to exist in the public and academic libraries of the United States

Type Specimens Dori Griffin, 2021-12-30 Type Specimens introduces readers to the history of typography and printing through a chronological visual tour of the books posters and ephemera designed to sell fonts to printers publishers and eventually graphic designers This richly illustrated book guides design educators advanced design students design practitioners and type aficionados through four centuries of visual and trade history equipping them to contextualize the aesthetics and production of type in a way that is practical engaging and relevant to their practice Fully illustrated throughout with 200 color images of type specimens and related ephemera the book illuminates the broader history of typography and printing showing how letterforms and their technologies have evolved over time inspiring and guiding designers of today
