Recent Developments in Banking and Finance in the People's Republic of China, Hong Kong, and Taiwan United States. Congress. House. Committee on Banking and Financial Services, 1996 **Recent developments in international banking and finance** Sarkis Joseph Khoury, **International Banking and Financial Centers** Yoon S. Park, Musa Essayyad, 2012-12-06 The development of international financial centers IFCs has paralleled the rapid expansion of international banking and Eurocurrency activities During the past decade and a half the international banking and financial markets have experienced phenomenal growth along with the parallel expansion of IFCs The size of the Eurocurrency market grew from 110 billion in 1970 to over 4 000 billion by 1987 while the total international assets of all banking institutions rose from 130 billion to 4 800 billion during the same period Some of the preeminent IFCs are playing a major role in the international financial markets as demonstrated by the size of their international assets Bahamas 144 billion Cayman Islands 174 billion Singapore 150 billion Hong Kong 130 billion Bahrain 46 billion and Panama 32 billion The patterns of Euroborrowing and Eurolending activities in these IFCs have been undergoing major changes These changes came about as a result of the introduction of the floating exchange rate system in 1973 recent financial deregulation internationalization of the financial markets securitization of financial assets and liabilities and global financial innovations Since the pioneering work of Kindleberger in 1974 on the formation of financial centers there has not been a comprehensive study to reflect the recent developments trends and the mystique that have surrounded the IFCs functions and operations in the international money and capital markets Academic Foundation'S Bulletin On Banking & Finance : Volume -1 ,2000

International Finance in the New World Order H.P. Gray, S.C. Richard, 2014-06-28 Some of the most important developments of the last quarter century relate to the internationalization of financial issues the advent of free trade areas the efforts of the European Union in establishing a single currency burdens of international indebtedness and the economic growth and development of nations International financial systems are increasingly fragile and vulnerable in the face of possible international financial shock Exchange rate issues and other changes in financial conditions have profound consequences not only for multinational corporations which have to devise new ways of managing their global operations but also for firms and industries at the national level The papers in this book confront these and other problems in international finance that have arisen in recent years seeking to identify causal linkages at the global national and company levels
