Recharting The Caribbean Land Law And Citizenship In The British Virgin Islands:

Recharting the Caribbean Bill Maurer, 2000 Weaves a story of statecraft and law making of power and the construction of identity Recharting the Caribbean Bill (William) M. Maurer, 2025-10-01 If as many cultural critics have asserted the world is becoming more like the Caribbean then the task of charting what we mean by the Caribbean is an urgent one This careful study of the British Virgin Islands BVI calls attention to the ways in which ideas about nature and choice have come to justify a social order in which half the population is deemed not to belong and is denied legal rights The BVI one of Britain's few remaining colonial possessions has become an important destination point for Caribbean migrants and a center for international financial services Bill Maurer traces how the BVI came to be defined legally and popularly as a territorial entity and how BVI Islanders came to define themselves as a people sharing a culture He argues that law has been central to the construction of ethnic racial and cultural differences that create boundaries between peoples and places and that facilitate the exploitation of labor the exclusion of people from the political process and the globalization of capital *Recharting the Caribbean* will be important reading for anthropologist legal scholars and historians of colonial discourse Bill Maurer is Assistant Professor of Anthropology University of California at Irvine **Recharting the Caribbean** William M. Maurer, 1994 *Land, Law and Environment* Allen Abramson, Dimitrios Theodossopoulos, 2000-11-20 In ten essays anthropologists mostly focus more on the practical rather than cultural and ideological issues of postcolonial legacies in land law contemporary claims on ancestral lands and conservation issues from Australia to West Africa Abramson is with U College London Theodossopoulos is at the U of Wales Lampeter The book is distributed by Stylus Annotation copyrighted by Book News Inc Portland OR **Land and Territoriality** Michael Saltman, 2020-05-26 In the past territorial conflict usually involved major powers seeking hegemony over strategic spaces and resources More recently however the decline of opposing global power blocs has elevated ethnicity to a prime cause of conflict over land This book considers the multiple roles ethnicity plays in fostering territorial conflicts both violent and non violent across the globe While land disputes relating to nationalism have resulted in the loss of human life in some regions in others ties between ethnicity and land are asserted more peacefully Nationalism and challenges to the validity of the links between people and places have caused widespread bloodshed in the disputed territory of Palestine involving competing claims of Arabs and Jews have led to war In North America however indigenous Indians claims to land are settled in the courts rather than through violence This book shows how human behaviour is affected by the multiple ways in which people identify with land topography and natural resources In doing so it highlights the growing trend towards defining physical space in specific ethnic contexts associated with a contemporary world that facilitates global movement *European Integration and Postcolonial Sovereignty Games* Rebecca Adler-Nissen, Ulrik Gad, 2013-05-02 This book examines how sovereignty works in the context of European integration and postcolonialism Focusing on a group of micro polities associated with the European Union it offers a new understanding of

international relations in the context of modern sovereignty This book offers a systematic and comparative analysis of the Overseas Countries and Territories OCTs the EU and the four affected Member States UK France the Netherlands and Denmark Contributors explore how states and state like entities play sovereignty games to understand how a group of postcolonial entities may strategically use their ambiguous status in relation to sovereignty The book examines why former colonies are seeking greater room to manoeuvre on their own whilst simultaneously developing a close relationship to the supranational EU Methodologically sophisticated this interdisciplinary volume combines interviews participant observation textual legal and institutional analysis for a new theoretical approach to understanding the strategic possibilities and subjectivity of non sovereign entities in international politics Bringing together research on European integration and postcolonial theory European Integration and Postcolonial Sovereignty Games will be of interest to students and scholars of International Relations EU studies Postcolonial studies International Law and Political Theory Practicing Ethnography in Law J. Starr, M. Goodale, 2016-04-30 Practicing Ethnography in Law brings together a selection of top scholars in legal anthropology social sciences and law to delineate the state of the art in ethnographic research strategies Each of these original essays addresses a particular set of analytical problems and uses these problems to explore issues of ethnographic technique research methodology and the theoretical underpinnings of ethnographic legal studies Subjects explored include the relationship between legal and feminist scholarship between law and the media law and globalization and the usefulness of a wide variety of research techniques comparative linguistic life history interview and archival This volume will serve as a guide for students who are designing their own research projects for scholars who are newly exploring the possibilities of ethnographic research and for experienced ethnographers who are engaged with methodological issues in light of current theoretical developments The book will be essential reading for courses in anthropological methods legal anthropology and sociology and law **Law and Identity in Mandate Palestine** Assaf Likhovski, 2006 One of the major questions facing the world today is the role of law in shaping identity and in balancing tradition with modernity In an arid corner of the Mediterranean region in the first decades of the twentieth century Mandate Palestine was confronted **Law, Infrastructure and Human Rights** Michael B. Likosky, 2006-10-30 From attacks on oil infrastructure in post war reconstruction Iraq to the laying of gas pipelines in the Amazon Rainforest through indigenous community villages infrastructure projects are sites of intense human rights struggles Many state and non state actors have proposed solutions for handling human rights problems in the context of specific infrastructure projects Solutions have been admired for being lofty in principle however they have been judged wanting in practice This book analyzes how human rights are handled in varied contexts and then assesses the feasibility of a common international institutional solution under the auspices of the United Nations to the alleged problem of the inability to translate human rights into practice **Salvaging Empire** James J. A. Blair, 2023-08-15 Salvaging Empire probes the historical roots and current predicaments of a twenty first century settler colony seeking to control an uncertain

future through resource management and environmental science Four decades after a violent 1982 war between the United Kingdom and Argentina reestablished British authority over the Falkland Islands Las Malvinas in Spanish a commercial fishing boom and offshore oil discoveries have intensified the sovereignty dispute over the South Atlantic archipelago Scholarly literature on the South Atlantic focuses primarily on military history of the 1982 conflict However contested claims over natural resources have now made this disputed territory a critical site for examining the wider relationship between imperial sovereignty and environmental governance James J A Blair argues that by claiming self determination and consenting to British sovereignty the Falkland Islanders have crafted a settler colonial protectorate to extract resources and extend empire in the South Atlantic Responding to current debates in environmental anthropology critical geography Atlantic history political ecology and science and technology studies Blair describes how settlers have asserted indigeneity in dynamic relation with the environment Salvaging Empire uncovers the South Atlantic s outsized importance for understanding the broader implications of resource management and environmental science for the geopolitics of empire

Globalization Under Construction Richard Warren Perry,Bill Maurer,2003 In Globalization Under Construction the authors attempt to discern in the disparateness of contemporary events an emerging pattern of governmentality techniques of governance assemblages of intersecting arguments about the history of the present the nature of the future that our present portends

Thumb Culture Peter Glotz,Stefan Bertschi,Chris Locke,2015-09-15 Mobile communication has an increasing impact on people s lives and society Ubiquitous media influence the way users relate to

their surroundings and data services like text and pictures lead to a culture shaped by thumbs Representing several years of research into the social and cultural effects of mobile phone use this volume assembles the fascinating approaches and new insights of leading scientists and practitioners The book contains the results of a first international survey on the social consequences of mobile phones It provides a comprehensive inventory of today s issues and an outlook in mobile media society and their future study

Ethnography and Law Eve Darian-Smith,2017-11-30 Ethnographies of law are historically associated with anthropology and the study of far away places and people In contrast this volume underscores the importance of ethnographic research in analyzing law in all societies particularly complex developed nations By exploring recent ethnographic research by socio legal scholars across a range of disciplines the volume highlights how an ethnographic approach helps in appreciating the realities of legal pluralism the subtle contradictions in any legal system and how legal meaning is constantly reproduced on the ground through the cultural frames and practices of peoples everyday lives

The Vanishing Hectare Katherine Verdery,2018-05-31 In most countries in Eastern Europe and the former Soviet Union the fall of communism opened up the possibility for individuals to acquire land Based on Katherine Verdery s extensive fieldwork between 1990 and 2001 The Vanishing Hectare explores the importance of land and land ownership to the people of one Transylvanian community Aurel Vlaicu Verdery traces how collectivized land was transformed into private property how land was valued what the new owners were able to do with it and what it signified to each of the different groups vying for land rights Verdery tells this story about transforming socialist property forms in a global context showing the fruitfulness of conceptualizing property as a political symbol as a complex of social relations among people and things and as a process of assigning value This book is a window on rural life after socialism but it also provides a framework for assessing the neo liberal economic policies that have prevailed elsewhere such as in Latin America Verdery shows how the trajectory of property after socialism was deeply conditioned by the forms property took in socialism itself this is in contrast to the image of a tabula rasa that governed much thinking about post socialist property reform

Transnational Legal Processes Michael Likosky,2002-04 This work comprises 24 linked essays by leading transatlantic scholars in international law and the social sciences examining the sociolegal aspects of multi jurisdictional legal techniques and trans jurisdictional social phenomena The contributors bring a range of disciplinary expertises including anthropology economics law and sociology to bear on key questions raised by transnational legal processes The pieces explore legal developments in multiple territories including Africa Asia Latin America and the United States The volume is designed as a general reader for courses on law and globalisation and related studies The collection is made up of four parts each addressing a central theme in transnational law and legal action law making and compliance human rights commerce and governance The essays discuss such diverse problems as the role of foreign actors in the ethnic conflicts of Kosovo and Rwanda the power the United States and the UK wield over international capital markets and the adaptability of existing public international law to deal with the challenges

wrought by globalisation Sweetness in the Blood James Doucet-Battle, 2021-03-16 A bold new indictment of the racialization of science Decades of data cannot be ignored African American adults are far more likely to develop Type 2 diabetes than white adults But has science gone so far in racializing diabetes as to undermine the search for solutions In a rousing indictment of the idea that notions of biological race should drive scientific inquiry Sweetness in the Blood provides an ethnographic picture of biotechnology's framings of Type 2 diabetes risk and race and importantly offers a critical examination of the assumptions behind the recruitment of African American and African descent populations for Type 2 diabetes research James Doucet Battle begins with a historical overview of how diabetes has been researched and framed racially over the past century chronicling one company's efforts to recruit African Americans to test their new diabetes risk score algorithm with the aim of increasing the clinical and market value of the firm's technology He considers African American reticence about participation in biomedical research and examines race and health disparities in light of advances in genomic sequencing technology Doucet Battle concludes by emphasizing that genomic research into sub-Saharan ancestry in fact underlines the importance of analyzing gender before attempting to understand the notion of race No disease reveals this more than Type 2 diabetes Sweetness in the Blood challenges the notion that the best approach to understanding managing and curing Type 2 diabetes is through the lens of race It also transforms how we think about sugar filling a neglected gap between the sugar and molasses sweetened past of the enslaved African laborer and the high fructose corn syrup and corporate fed body of the contemporary consumer laborer Borders of Visibility Jennifer L. Shoaff, 2017-11-21 An anthropological study of Haitian migrant women's experiences of marginality and violence as they endeavor to make a living and life in the Dominican Republic Book jacket **Money Talks** Nina Bandelj, Frederick F. Wherry, Viviana A. Zelizer, 2020-06-09 The world of money is being transformed as households and organizations face changing economies and new currencies and payment systems like Bitcoin and Apple Pay gain ground What is money and how do we make sense of it Money Talks is the first book to offer a wide range of alternative and unexpected explanations of how social relations emotions moral concerns and institutions shape how we create mark and use money This collection brings together a stellar group of international experts from multiple disciplines sociology economics history law anthropology political science and philosophy to propose fresh explanations for money's origins uses effects and future Money Talks explores five key questions How do social relationships emotions and morals shape how people account for and use their money How do corporations infuse social meaning into their financing and investment practices What are the historical political and social foundations of currencies When does money become contested and are there things money shouldn't buy What is the impact of the new twenty-first century currencies on our social relations At a time of growing concern over financial inequality Money Talks overturns conventional views about money by revealing its profound social potential
