## Relics Of Ancient Exegesis:

**Relics of Ancient Exegesis** D. W. Gooding, 1976-01-29 A detailed analysis of two passages that may well hold the key to the major textual problems raised by the ancient Greek translation of 1 Kings      **Subversive Scribes and the Solomonic Narrative** Eric A. Seibert, 2006-06-15 Investigates the Solomonic narrative through the optics of propaganda and specifically subversion This book explores examples of scribal subversion in 1 Kings 1 11 It examines texts that undermine the legitimacy or the legacy of Solomon and explores the social context in which scribal subversion was not only possible but perhaps necessary      *The Septuagint* Jennifer Dines, 2004-05-01 Jennifer Dines provides an introductory survey of current scholarship on the Greek Bible the Septuagint She outlines its origins in the third to first centuries BCE going on to trace its subsequent history to the fifth century CE The Septuagint's relationship with the standard Hebrew text and its translational characteristics are examined as is its value as a collection with its own literary and exegetical character The Septuagint is shown to be an important source for biblical studies both Old and New Testament to make a distinctive contribution to the history of biblical interpretation and to be of considerable interest for understanding the early development of both Judaism and Christianity      **"As It Is Written" and Other Citation Formulae in the Old Testament** Kevin L. Spawn, 2014-12-03 This volume examines the use of citation formulae in the Old Testament After demonstrating the lack of consensus and method in the treatment of such exegetical devices the author addresses the need for a sustained examination of citation formulae and related expressions This inquiry focuses on the careful identification of the referents of citation bases as a basis for the study of inner biblical exegesis Further insights are offered on the development of such exegetical devices the hermeneutics of the post exilic community and the syntax of comparative statements in Hebrew      Textual and Literary Criticism of the Books of Kings Julio Trebolle Barrera, 2020-06-08 This volume contains a collection of the author's life long study along with some new research written specifically for this book of the text of 1 2 Kings some of them translated into English for the first time Julio Trebolle's career has focused on the history of these biblical books from the triple angle of a combined textual literary and source compositional criticism His usage of the Septuagint and its secondary versions like the Old Latin as a basis for the reconstruction of the history of the text is an invaluable contribution to the panorama of textual pluralism in the Bible during the Second Temple period which has emerged after the discoveries of the Dead Sea      *1 and 2 Chronicles* Hugh G. M. Williamson, 2010-12-01 In this commentary on the books of 1 and 2 Chronicles Dr Williamson brings to light the theological and spiritual richness of these historical books Composed in the era after the Babylonian Exile they brought a new perspective to the idea of Israel and to the story of its past Making full use of a wide range of studies by Jewish and Christian scholars this commentary offers a wealth of new insights and conclusions      **1 and 2 Kings** Donald J. Wiseman, 2015-06-17 1 and 2 Kings offer a unique vantage point for understanding the last days of the united kingdom under David to the eventual fall of the kingdoms of Israel and Judah Donald Wiseman brings to this commentary his lifelong study of

archaeology history languages and documents of the ancient Near East      *Cosmos and Creation* Michael W. Duggan, Renate Egger-Wenzel, Stefan C. Reif, 2020-02-10 This volume contains essays by some of the leading scholars in the study of the Jewish religious ideas in the Second Temple period that led up to the development of early forms of Rabbinic Judaism and Christianity Close attention is paid to the cosmological ideas to be found in the Ancient Near East and in the Hebrew Bible and to the manner in which the translators of the Hebrew Bible into Greek reflected the creativity with which Judaism engaged Hellenistic ideas about the cosmos and the creation The concepts of heaven and divine power human mortality the forces of nature combat myths and the philosophy of wisdom as they occur in 2 Maccabees Ben Sira Wisdom of Solomon and Tobit are carefully analysed and compared with Greek and Roman world views There are also critical examinations of Dead Sea scroll texts early Jewish prayers and Hebrew liturgical poetry and how they these adopt adapt and alter earlier ideas The editors have included appreciations of two major figures who played important roles in the study of the Second Temple period and in the history and development of the ISDCL namely Otto Kaiser and Alexander Di Lella who died recently and are greatly missed by those in the field      **Reflection and Refraction** Robert Rezetko, Timothy Henry Lim, W. Brian Aucker, 2007 This volume of thirty articles covering a wide range of subjects related to Old Testament study is written by colleagues friends and students of A Graeme Auld to honour the occasion of his sixty fifth birthday      Hezekiah and the Compositional History of the Book of Kings Benjamin D. Thomas, 2014-07-29 This study explores one of the oldest and most central issues of the Hebrew Bible the compositional history of 1 2 Kings Its approach does not proceed from the assumption prevalent since the time of de Wette namely that the origins of 1 2 Kings should be explained through a process of Deuteronomistic literary redaction rooted in the Josianic reform Rather this study reads 1 2 Kings through the lens of other texts with similar genres existing in its historical context More precisely the texts under question belong to the genre of chronography kinglists chronicles and royal inscriptions possessing similar or in some cases identical structures and motifs to those found in 1 2 Kings This study includes a literary critical analysis of every main structural feature of the regnal framework regnal year totals synchronisms geographic filiations naming the queen mother source citations death and burial formulae regnal evaluations royal predecessor formula and cultic reports It also seeks to determine the extent of the original framework by mapping its opening and conclusion The results of the study indicate that the framework s opening was in Solomon s account and its original climax was in Hezekiah s account and represented the latter as a royal YHWHist par excellence excellence the restorer of order who limited sacrificial space to Jerusalem The genealogical structure of this Hezekian History emerges from the Davidic royal ideology rooted in Jerusalem There is no decisive indication that calls for the original framework structure s classification as Deuteronomistic or Josianic The author of the framework wrote during the early to mid seventh century B C E and reported the major historical events surrounding Hezekiah s reign including the survival of Jerusalem in 701 B C E in the B1 narrative as well as his centralizing reform      **Solomon the Esoteric King**

Pablo Torijano Morales,2021-11-15 The aim of the present work is to study the esoteric characterization of King Solomon that became popular in certain currents of Judaism and Christianity of Late Antiquity and to establish a typology of it Representative texts are analyzed first to establish precisely the development of the different esoteric traditions linked to King Solomon and then to show how these texts and traditions are placed in relation within the broad context of Magic and Religion in Late Antiquity The book provides data for a better understanding of magic and its role in the Mediterranean Oikumene suggests the necessity for a better categorization of the magical discipline and furthers the discussion on the transmission and importance of esoteric traditions withing Judaism and Christianity      *The History of the Jewish People in the Age of Jesus Christ: Volume 3.i* Emil Schürer,Geza Vermes,Fergus Millar,2014-01-30 Emil Sch rer s Geschichte des jüdischen Volkes im Zeitalter Jesu Christi originally published in German between 1874 and 1909 and in English between 1885 and 1891 is a critical presentation of Jewish history institutions and literature from 175 B C to A D 135 It has rendered invaluable services to scholars for nearly a century The present work offers a fresh translation and a revision of the entire subject matter The bibliographies have been rejuvenated and supplemented the sources are presented according to the latest scholarly editions and all the new archaeological epigraphical numismatic and literary evidence including the Dead Sea Scrolls and the Bar Kokhba documents has been introduced into the survey Account has also been taken of the progress in historical research both in the classical and Jewish fields This work reminds students of the profound debt owed to nineteenth century learning setting it within a wider framework of contemporary knowledge and provides a foundation on which future historians of Judaism in the age of Jesus may build      **The Sovereignty of God in Salvation** E. Earle Ellis,2011-11-03 In his new work *The Sovereignty of God in Salvation* E Earle Ellis sets out to explore God s sovereign purpose both in individual salvation and in the salvation history within which the Bible has been authored transmitted interpreted and communicated In the process he touches on such themes as the nature of free will the manifestation God s sovereignty in the life and ministry of the Apostle Paul the presence of God s hand in the transmission and interpretation of the biblical texts and new perspectives on both the modern inclination to emphasise Paul s use of Graeco Roman rhetoric as well as the contemporary reception of the biblical message The sovereignty of God forms an overarching theme throughout 1 and 2 Kings August H. Konkel,2010-05-11 The NIV Application Commentary helps you communicate and apply biblical text effectively in today s context To bring the ancient messages of the Bible into today s world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This

**Empirical Models for Biblical Criticism** Jeffrey H. Tigay,2005-10-21 Modern critical scholarship has concluded that the books of the Hebrew Bible have not reached us in their original form but are the products of lengthy evolution Many of these books are thought to combine the works of more than one author or age and to have undergone considerable revision Tigay and the other contributors use comparisons of various texts from ancient Mesopotamia and post exilic Israel Such comparisons show that the sort of development of biblical literature that nineteenth century critics were led to postulate from close study of the texts alone is characteristic of many ancient Near Eastern texts Empirical Models for Biblical Criticism is of value to scholars interested in the Old Testament as well as religion theology Jewish studies Near Eastern studies and comparative literature
