Travel and Religion in Antiquity Philip A. Harland, 2011-03-15 Travel and Religion in Antiquity considers the importance of issues relating to travel for our understanding of religious and cultural life among Jews Christians and others in the ancient world particularly during the Hellenistic and Roman eras The volume is organized around five overlapping areas where religion and travel intersect travel related to honouring deities including travel to festivals oracles and healing sanctuaries travel to communicate the efficacy of a god or the superiority of a way of life including the diffusion of cults or movements travel to explore and encounter foreign

peoples or cultures including descriptions of these cultures in ancient ethnographic materials migration and travel to engage in an occupation or vocation With interdisciplinary contributions that cover a range of literary epigraphic and archeological materials the volume sheds light on the importance of movement in connection with religious life among Greeks Romans Nabateans and others including Judeans and followers of Jesus *Ancient Symbol Worship* Hodder Michael Westropp,1874

Religions in Antiquity Jacob Neusner,2004-07-09 These essays were originally intended for presentation to Professor Erwin Ramsdell Goodenough on the occasion of his seventy fifth birthday Before his death in March 1965 he knew of our plans for this volume and was gladdened by them The editor hopes that these papers many of which fruitfully utilize Goodenough s scholarship may contribute to the critical discussion of some problems of concern to him during his lifetime He can conceive no higher nor more appropriate act of reverence for the memory of a beloved teacher and friend From the Foreword by Jacob Neusner **Religions in Antiquity** Hanover Seminar on Religions in Antiquity (N.H.),1966 **Death,**

Burial and Rebirth in the Religions of Antiquity Jon Davies,2013-04-03 In *Death Burial and Rebirth in the Religions of Antiquity* Jon Davies charts the significance of death to the emerging religious cults in the pre Christian and early Christian world He analyses the varied burial rituals and examines the different notions of the afterlife Among the areas covered are Osiris and Isis the life theology of Ancient Egypt burying the Jewish dead Roman religion and Roman funerals Early Christian burial the nature of martyrdom Jon Davies also draws on the sociological theory of Max Weber to present a comprehensive introduction to and overview of death burial and the afterlife in the first Christian centuries which offers insights into the relationship between social change and attitudes to death and dying Religion Jörg Rüpke,2019-01-10 What is a religion What triggered the spontaneous development of distinct religions throughout the ancient world How do religions evoke the ultimate realities they claim to address Such questions are as evergreen as belief itself The Hellenistic and Roman worlds were a fertile seedbed of the monotheistic faiths that dominate today s western image of religion as well as many global conflicts In this concise and elegant overview Jorg Rupke addresses the similarities and differences of religions in antiquity tracing their sometimes complex lineage into modern systems of belief Greek and Roman religion is discussed not in isolation but in the broader context of western Asia and Egypt The author also addresses developments relating to early Islam on the south eastern margins of the Byzantine Empire Examining such topics as the functions of priests and religious functionaries religious individualism the relationship between religion and political identity the acceptance of the pagan Julian calendar by Christians and contrasting ancient and modern understandings of divination Rupke shows that study of pre modern culture enables us more daringly to explore the contemporary religious world **The Power of Religion in Late Antiquity**

Andrew Cain,2016-09-17 Late Antiquity witnessed a dramatic recalibration in the economy of power and nowhere was this more pronounced than in the realm of religion The transformations that occurred in this pivotal era moved the ancient world into the Middle Ages and forever changed the way that religion was practiced The twenty eight studies in this volume explore

this shift using evidence ranging from Latin poetic texts to Syriac letter collections to the iconography of Roman churches and Merovingian mortuary goods They range in chronology from the late third through the early seventh centuries AD and apply varied theories and approaches All converge around the notion that religion is fundamentally a discourse of power and that power in Late Antiquity was especially charged with the force of religion The articles are divided into eight sections which examine the power of religion in literature theurgical power over the divine emperors and the deployment of religious power limitations on the power of the ecclesiastical hierarchy the use of the cross as a symbol of power Rome and its transformation as a center of power the power of religion in the barbarian west and religious power in the communities of the east This kaleidoscope of perspectives creates a richly illuminating volume that add a new social and political dimension to current debates about religion in Late Antiquity

Empsychoi Logoi — Religious Innovations in Antiquity Alberdina Houtman,Albert de Jong,Magda Misset-Van de Weg,2008-11-30 The fact that religions show internal variation and develop over time is not only a problem for believers but has also long engaged scholars This is especially true for the religions of the ancient world where the mere idea of innovation in religious matters evoked notions of revolution and destruction With the emergence of new religious identities from the first century onwards we begin to find traces of an entirely new vision of religion The question was not whether a particular belief was new but whether it was true and the two were no longer felt to be mutually exclusive The present volume brings together articles that study this transformation ranging from broad overviews to detailed case studies
