Living a Safe Universe Lynda Madden Dahl, 2013 Seth channeled by Jane Roberts tells us You live in a safe universe He also reminds us we create our own realities through our mental acts Which means while we live in a safe universe we don t always live a safe universe because we don t always safely create within it What does it take to live a safe universe There is only one answer Trust After years of focused effort Lynda Madden Dahl award winning author of five Seth based books and co founder of Seth Network International found a path within the material not obvious at first but there nonetheless that resolves all trust issues if one is but willing to try Lynda takes the reader deep into the heart of Seth s teachings and one emerges with a new vision and understanding of concepts that will transform one s personal world and thus the world in general Highly recommended for all Seth readers who wish to take Seth s material to a whole new level Rich Kendall author of *The Road to Elmira* member of Jane Roberts ESP Class I love this book *Living a Safe Universe* brings us to a new understanding of the Seth material and how to apply this understanding to trust Lynda drives home the point that we are primarily consciousness which exists in the spacious present as opposed to being an ego in time and then explains why that fact changes the playing field entirely Lawrence Davidson member of Jane Roberts ESP class founder of California Seth Conference **Seth Material Q&a: the Spiritual Inner Journey of Self Awareness** Barrie Gellis, 2019-05-20 This book is

about the brave inner journey of self awareness that we all must take It offers my unique perspective as a creative thinker inner traveler and poet who attended Seth class from 1972 1973 and has been studying the material for 47 years as of this writing I am one of the New York Boys that Sue Watkins described in her book Conversations With Seth Jane Roberts who channeled Seth ushered in the modern new age movement This book is not ONLY for Seth readers but for EVERYONE who has their own spiritual questions You need not ever have heard of Seth I encourage readers to apply their own beliefs to what I say The book offers help and advice to anyone who is on his her own inner spiritual quest who wants to start one or who has simply felt an inner tugging as if something or someone inside is trying to help them understand that there is more to life than our five senses present I have been told that I explain metaphysical concepts clearly and creatively answering difficult and complex questions with insight compassion and humor to help the medicine go down The idea of this book started with the many comments and questions that arose from my online activities and my Seth presentations and interviews and grew from there It is heartening and inspiring to discover how I have helped others continue on their own spiritual journeys see testimonials below

The Outline of Parapsychology Jesse Hong Xiong,2010 This work of systematic parapsychology aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The book states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the

theoretical basis of parapsychology The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet *Seth Material* Jane Roberts, 1981-11-01 **The Early Sessions Book 1 of the Seth Material (Hardcover)** Jane Roberts, Robert Butts, 2022-06 Hardcover version The Early Sessions is the material given by Seth in the first 6 years of his relationship with Jane Roberts and her husband Rob Butts It consists of the first 510 Seth sessions dictated by Seth and it is published in 9 volumes The Early Sessions contain teachings and insights from Seth on a vast array of topics The numerous gems of Seth s wisdom contained in these books will delight Seth enthusiasts for years to come and add to the already substantial impact that The Seth Material has had on New Age and Metaphysical thought In addition to the intrinsic value of the material The Early Sessions show the actual evolution of the Seth material the first questions asked by Jane and Rob and the detailed exposition by Seth of his philosophy and vision *The Individual and the Nature of Mass Events* Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* Speaking exclusively through Jane Roberts Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs But how do our realities merge and combine to form mass reactions such as the overthrow of governments the birth of a new religion wars epidemics earthquakes and new periods of art architecture and technology In this pioneering work Seth explores the connection between personal beliefs and world events He pinpoints the unconscious and often negative beliefs pervading science and religion medicine and mythology and offers thought provoking reflections on Darwinism Freudianism religions cults and medical beliefs With fascinating and inspiring implications Seth asserts that the personal impulses we are often taught to see as dangerous chaotic or contradictory are instead crucial to the best interests of the species and the natural world for they lead us to live not only as

loving caretakers but as partners with other species Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probable futures the most promising events Jane Roberts Speaking for Seth

The Delight Makers Catherine L. Albanese, 2023-01-17 Can you draw a clear line through American history from the Puritans to the

Nones of today On the surface there is not much connective tissue between the former who often serve as shorthand for a persistent religious fanaticism in the United States and the almost one quarter of the population who now regularly check the None or None of the above box when responding to surveys of religious preference But instead of seeing a disconnect between these two groups separated by time historian Catherine Albanese insists there is a deep connection that spans the centuries With a targeted romp through American history from the seventeenth century to the present Albanese ties together these seemingly disparate groups through a shared and distinctively American preoccupation with delight and desire Albanese begins our journey with the role of delight and desire in the brand of Calvinism championed by renowned Puritan minister Cotton Mather and later Jonathan Edwards She then traces the development of these themes up through the present treating the reader to revelatory readings of Ralph Waldo Emerson Horace Bushnell Andrew Jackson Davis William James Emma Curtis Hopkins Elizabeth Towne and others revealing the contours of an evolving theology of desire The result is an original and entertaining take on an underexamined through line in American history [Awakening the Soul](#) Bill Missett, 2008-05-21 Awakening The Soul The Trilogy includes ATS Book One Proof of Our Spiritual Nature which itemizes more than 80 characteristics of our spiritual nature many very familiar and explains 10 of them in depth ATS Book 2 Our Suppressed Spiritual Nature which explains why we are so out of touch with our spiritual nature primarily through suppression of those traits by religions primarily Christianity and ATS Book 3 Restoring Your Spiritual Nature contains detailed channeled instructions to restore immediate awareness of your spiritual nature which has proven highly successful in doing just that **The Unknown Reality, Volume One** Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this mind stretching journey into the very frontiers of consciousness Seth reveals the multidimensional nature of the human soul In Seth Speaks Seth introduced the concept of probable realities in which our idle daydreams and unfulfilled impulses do take place in which all possible choices are fully experienced by other portions of the self Now in this first volume of The Unknown Reality Seth explains the dazzling labyrinths of unseen probabilities involved in any decision and how our awareness of these can enrich the waking life we know In a fascinating exploration of the cosmic web of our existence Seth reveals The purpose of dreams and how they are often fulfilled unconsciously Misconceptions about death and the afterlife How different probable realities intersect and influence one another The relationship between physical health and inner reality A series of exercises to help you discover the unknown portions of your greater identity The self is multidimensional when it is physically alive It is a triumph of spiritual and psychological identity ever choosing from a myriad of probable realities its own clear unassailable focus When you don't realize this then you project upon life after death all of the old misconceptions The fact is that in life you poise delicately and yet perfectly between realities and after death you do the same Jane Roberts Speaking for Seth **Everyday Telepathy, Clairvoyance and Precognition** Mary Barton, 2010-08-23 Latest research and examples of telepathic clairvoyant and

Hanegraaff,2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney,2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality
