Sexual Violence in Australia, 1970s-1980s Lisa Featherstone, 2021-07-28 This book explores sexual violence and crime in Australia in the 1970s and 1980s a period of intense social and legal change Driven by the sexual revolutions second wave feminism and ideas of the rights of the child there was a new public interest in the sexual assault of women and children Sexual abuse was studied surveyed and discussed more than ever before in Australian society Yet despite this there remained substantial inaction by government from community and on the part of individuals This book examines several difficult questions of our recent history why did Australia not act more firmly to eradicate rape and child sexual abuse What prevented our culture from looking seriously at trauma How did we fail to protect victim survivors Rich in social and legal history this study takes readers into the world of victims of sexual crime and into the wider community that had to deal with sexual violence At the core of this book is the question that resonates deeply right now why does sexual violence appear seemingly insurmountable despite significant change

Women's Criminalisation and Offending in Australia and New Zealand Victoria M. Nagy, Georgina Rychner, 2023-12-22 Women s Criminalisation and Offending in Australia and New Zealand offers new research and analysis of women s offending and criminalisation in Australia and New Zealand from British settlement through to the late twentieth early twenty first centuries Drawing attention to women as offenders as understood in a multitude of ways this collection highlights how women have been involved with crime and criminal behaviour their treatment inside and outside of courts and prisons and how women s deviation from societal norms have attracted negative attention throughout the decades For Aboriginal and M ori women especially the responses were harsher than what they could be for non indigenous women The chapters cover a broad range of transgressions that women have been actively involved with including theft drug and alcohol abuse and offences organised crime and homicide as well as how women s behaviour and their bodies have been criminalised and responded to by authorities What this collection demonstrates is that women have often chosen to be involved with crime and criminality while on other occasions their behaviour innocent as it was was not considered acceptable by contemporaries resulting in confusion and misapprehension of women who refused to fit a mould Women s Criminalisation and Offending in

Sex Power and Justice Diane Elizabeth Kirkby, 1995 This book explores the history of gender bias in the law. It draws on the most recent scholarship in the historical research of law in Australia. The contributors present material of both contemporary and historical relevance as they offer new insights into the significance of the law over two centuries of Australia's history. It analyses the impact of the law on women on legal constructions of gender and race and on feminist campaigns to redress grievances. In the nineteenth century feminists organised campaigns to repeal repressive and discriminatory laws. Twentieth century feminists joined the legal profession and set out to redirect legal education and practices in new ways. These essays contribute to this critique as they explore areas feminists have identified in women's struggle to achieve justice. Weaving together themes of difference categorisation and change in four broad areas sexuality family punishment and citizenship this book offers an original and unique contribution to current concerns about the gender bias in law. This book will meet the demands of students and teachers seeking historical material to broaden legal education and will be a valuable aid to all those interested in the law in Australian history

Precarious Work, Women, and the New Economy Judy Fudge, Rosemary Owens, 2006-04-26

Globalisation the shift from manufacturing to services as a source of employment and the spread of information based systems and technologies have given birth to a new economy which emphasises flexibility in the labour market and in employment relations. These changes have led to the erosion of the standard industrial employment relationship and an increase in precarious work work which is poorly paid and insecure. Women perform a disproportionate amount of precarious work. This collection of original essays by leading scholars on labour law and women's work explores the relationship between precarious work and gender and evaluates the extent to which the growth and spread of precarious work challenges traditional norms of labour law and conventional forms of legal regulation. The book provides a comparative perspective by furnishing case studies from Australia Canada the Netherlands Quebec Sweden the UK and the US as well as the international and supranational context through essays that focus on the IMF the ILO and the EU. Common themes and concepts thread throughout the essays which grapple with the legal and public policy challenges posed by women's precarious work

Just Relations Alison Louise Holland, 2015 When Mary Bennett died in 1961 Australia lost one of its leading Aboriginal rights activists. Mary's crusade is still sadly a current one and this book serves to historicize the ongoing struggle for Aboriginal rights through the lens of Mary's campaign. By tracing Mary's advocacy from the 1920s when the possibility of Aboriginal human rights was first mooted to the 1960s when an attempt was made to have the Aboriginal question raised before the United Nations Just Relations charts a large portion of human rights history. However the book

also tracks a discourse of needs moral codes and sentiments as well as the urgent goal of keeping people alive In this sense then Mary Bennett s story demonstrates the close connection between the rise of humanitarianism as a political project and the rise of human rights Just Relations was shortlisted for the 2016 NSW Premier s Australian History Prize Librarians ebook available on ProQuest and EBSCO Subject Biography Aboriginal Studies Human Rights Australian Studies History **Sex, Soldiers and the South Pacific, 1939-45** Yorick Smaal,2015-08-04 Sex Soldiers and the South Pacific 1939 45 explores the queer dynamics of war across Australia and forward bases in the south seas It examines relationships involving Allied servicemen civilians and between the legal and medical fraternities that sought to regulate and contain expressions of homosex in and out of the forces **Dissenting Lives** Anne Collett,Tony Simoes de Silva,2017-10-02 This collection brings together a series of essays that combine the public and private nature of dissent stories of dissent that encapsulate the mood of an historical or cultural period or of a society Dissent is most memorable when it is public explosive dramatically enacted Yet quiet dissent is no less effective as a methodical unstitching of social and political mores rules and regulations Success depends perhaps less on intensity than on determination on patience as much as courage Moreover although many persistent dissenters often gain an iconic status most live dissent in the fabric of their ordinary lives Some combine both Imprisoned at Robben Island for 27 years his image and voice erased from the print media or airwaves Nelson Mandela remained even in jail one of the most powerful agents of dissent in South African society until his freedom in 1990 Deep connections deep commitment profoundly personal convictions and courageous public dissent are some of the threads that bind together this diverse and exciting collection of essays Alone each essay explores dissent and consent in stimulating and distinct ways together they speak both of the effects of dissent and consent and of their affective energies and potential This book was originally published as a special issue of Life Writing Feminism, Postfeminism and Legal Theory Dorota Gozdecka,Anne Macduff,2018-12-19 There is much debate about postfeminism what it is and its role in feminist politics Whilst postfeminism has become increasingly influential in the study of literature popular culture and philosophy it has so far received comparatively little attention in law This book aims to remedy this situation The book brings together feminist legal scholars working in different contexts to examine the idea of postfeminism and assess its contemporary relevance It explores a range of questions including the following Does postfeminism describe an age that follows modernism an age where identity politics has realised its goals and feminism is no longer needed Or does postfeminism describe the feminism of a postmodernist age where identity can mean anything at all Or differently again does the term capture a new feminism that discredits feminism and attempts to reshape its political consciousness And what might the answers to these questions mean for law and legal theory and a feminist politics of law reform The White Possessive Aileen Moreton-Robinson,2015-05-15 The White Possessive explores the links between race sovereignty and possession through themes of property owning property being property and becoming propertyless Focusing on the Australian Aboriginal context Aileen Moreton Robinson questions

current race theory in the first world and its preoccupation with foregrounding slavery and migration The nation she argues is socially and culturally constructed as a white possession Moreton Robinson reveals how the core values of Australian national identity continue to have their roots in Britishness and colonization built on the disavowal of Indigenous sovereignty Whiteness studies literature is central to Moreton Robinson's reasoning and she shows how blackness works as a white epistemological tool that bolsters the social production of whiteness displacing Indigenous sovereignties and rendering them invisible in a civil rights discourse thereby sidestepping thorny issues of settler colonialism Throughout this critical examination Moreton Robinson proposes a bold new agenda for critical Indigenous studies one that involves deeper analysis of how the prerogatives of white possession function within the role of disciplines

Prostitution, Race and Politics

Philippa Levine, 2013-01-11 In addition to shouldering the blame for the increasing incidence of venereal disease among sailors and soldiers prostitutes throughout the British Empire also bore the burden of the contagious diseases ordinances that the British government passed By studying how British authorities enforced these laws in four colonial sites between the 1860s and the end of the First World War Philippa Levine reveals how myths and prejudices about the sexual practices of colonized peoples not only had a direct and often punishing effect on how the laws operated but how they also further justified the distinction between the colonizer and the colonized

Self, Others and the State Arlie Loughnan, 2019-12-12 Criminal responsibility is now central to criminal law but it is in need of re-examination In the context of Australian criminal laws *Self Others and the State* reassesses the general assumptions made about the rise to prominence of criminal responsibility in the period since around the turn of the twentieth century It reconsiders the role of criminal responsibility in criminal law arguing that criminal responsibility is significant because it organises key sets of relations between self others and the state as relations of responsibility Detailed studies of decisive moments and developments since the turn of the twentieth century and original explorations of relations of responsibility expose the complexity and dynamism of criminal responsibility and reveal that it is the means by which matters of subjectivity relationality and power make themselves felt in the criminal law

Complicating Categories: Gender, Class, Race and Ethnicity Eileen Boris, Angelique Janssens, 1999 This volume focuses on complicating central concepts in the understanding of economic and social history class gender race and ethnicity Only recently have historians begun to ask how gender race and ethnicity as categories of analysis change narratives of class formation and working class experience While all three concepts refer to systems of inequality it remains unclear how these systems of difference relate to each other Despite a growing body of

empirical literature authors more often connect dyads rather than consider historical phenomenon from the triad of class race and gender This volume highlights attempts to write a richer history that complicates categories suggesting how class gender race and or ethnicity combine across a wide range of economic and social landscapes Globalisation, Global Justice and Social Work Iain Ferguson, Michael Lavalette, Elizabeth Whitmore, 2005 Globalization has become a seemingly unstoppable force over recent decades and in its wake global notions of social justice have developed in response to its negative aspects Neo liberal economic policies have been a key element in the wider process of globalization and these policies have had a profound impact on welfare provision and the shape of social work practice Arising dissatisfaction among users of welfare and social work services is fuelling the search for a new more radical social work that is firmly rooted in principles of social justice Globalisation Global Justice and Social Work explores the global effects of neo liberal policies on welfare services in different countries with contributions from social work academics practitioners and welfare activists around the world The first section of the book presents case studies of impact of neo liberalism on welfare systems social service provision and the practice of social work In the second section the chapters explore the relationship between social work practice and the struggle for social justice Authors discuss the personal and political dilemmas they have had to address in seeking to link a personal commitment to social justice with their daily practice as workers and educators in social work The final section assesses the prospects for social work practice based on notions of social justice by looking at what can be learned from the experience of previous radical movements as well as from emergent global and local movements

Homophobia Shirleene Robinson, 2008 Homophobia is a prejudice with effects that extend far beyond the gay and lesbian community While its physical emotional and social effects have been charted to some extent the development of homophobia in Australia has yet to be fully explored Homophobia An Australian History is the first book to consider homophobia in a distinctively Australian context In this collection thirteen well known scholars examine the embedded homophobic attitudes that Australian gay and lesbian activists have fought to change The book traces the evolution of homophobia from its expression in Australia's past as a colonial settler society through to manifestations in present day society The compilation of this text is timely given the 2007 release of the Same Sex Same Entitlements report of the Human Rights and Equal Opportunity Commission The release of this report which focused on institutionalised and legal homophobia has raised public awareness of these issues and sparked broader debates about homosexual rights The thirtieth anniversary of Sydney's Gay and Lesbian Mardi Gras earlier this year also offers an ideal opportunity to reflect on the past gains and future goals of the gay and lesbian rights movement The collected chapters in this book argue that homophobia developed in conjunction with the growth of a modern homosexual identity in the second half of the nineteenth century To various extents the legal and medical professions and other social institutions have perpetuated homophobic attitudes Homophobia An Australian History raises awareness of the devastating impact these attitudes can have on individuals and on society Addendum At the
