Chronological Signs of the Second Coming of Christ Shaun Bailey,2015-02-17 The second coming of Jesus Christ will be a great day for the righteous and a dreadful day for those who are wicked This book is designed to prepare you to warn you and to answer your questions about the coming of Christ Ultimately the most important thing you can do is to prepare yourself to enter the presence of the Lord Signs is a scriptural guidebook on that journey Author Shaun Bailey has used modern technology and a lifetime of study to search the scriptures for clues that don t just identify the signs of the times but put them in a useful chronological order Over 540 scriptural references and quotes from the prophets are compiled to explore 37 signs in depth and in context This is the first book in a two part series and deals with the events of the sixth seal or the time period before the great and dreadful day of the Lord The African Bible Embaye Melekin,2011-03 The African Bible is the record of the Abyssinian prophets who came to Africa from Jerusalem in around 600 BC The Sabeans Nephites and the Agazians Lamanites will become the ancestors of the African people The prophecies of the African Bible have been entirely fulfilled upon Africans Jews and Gentiles The Agazians or black Africans were prophesied to dwindle in unbelief as was apparent in the history of the continent Also black Africans were prophesied to be scourged slaved and scattered by the Gentiles and that was the experience of Africans The African Bible the Book of Mormon was prophesied to be hidden from the African people until God s own time and will first be discovered by the Gentiles Hence the prophet Joseph Smith translated them into English from the Sabean script and the Mormon Church had them for almost two centuries without knowing the authentic owners of the records The records were then to be revealed to the African people by one of their descendants and that is what I am doing now I have convincingly proven the Book of Mormon to be the record of the African ancestors and is therefore an African Bible Hence Africans are the remnants of the house of Israel and descendants of Manasseh **Social Abominations** Norman Morand Roumane,1897 The MacArthur New Testament Commentary Set of 30 volumes John MacArthur,2011-02-21 This set includes the entire collection of the MacArthur New Testament Commentary series Matthew 1 7 Matthew 8 15 Matthew 16 23 Matthew 24 28 Luke 1 5 Luke 6 10 Luke 11 17 John 1 11 John 12 21 Acts 1 12 Acts 13 28 Romans 1 8 Romans 9 16 1 Corinthians 2 Corinthians Galatians Ephesians Philippians Colossians Philemon 1 2 Thessalonians 1 Timothy 2 Timothy Titus Hebrews James 1 Peter 2 Peter Jude 1 3 John Revelation 1 11 and Revelation 12 22 The MacArthur New Testament Commentary series continues to be one of today s top selling commentary series These commentaries from respected Bible scholar and preacher John MacArthur give a verse by verse analysis in context and provide points of application for passages illuminating the biblical text in practical and relevant ways

The Plates of Mormon Brant A. Gardner,2023-11-14 Book Description For nearly two centuries Latter day Saints have been reading the Book of Mormon through multiple changes in its punctuation formatting and versification The Plates of Mormon A Book of Mormon Study Edition Based on Textual and Narrative Structures in the English Translation offers a new perspective on this book of scripture by seeking to align its English translation with the inaccessible golden plates from which that translation was made Originally punctuated and formatted by the 1830 first edition s compositor John H Gilbert who had to add punctuation and paragraphs to the text to make it more reader friendly this study edition meticulously returns to this issue by reexamining punctuation and paragraphs to enhance readability while maintaining faithfulness to the source material Utilizing insights explored in his companion volume Engraven Upon Plates Printed Upon Paper Textual and Narrative Structures of the Book of Mormon editor Brant A Gardner also addresses issues of spelling grammar alterations deletions and paratextual information providing readers with a deeper understanding of the Book of Mormon s composition and the principles guiding this edition s editorial decisions Additionally this edition examines narrative and literary structures in its translation to best represent how Mormon s ancient writings were recorded on his golden plates It does so not only by

removing modern summaries and versification formatting but also by returning the text to its original chapters and relocating the small plates section outside of Mormon's intended record. It also highlights the logic behind punctuation, paragraphing chapters and headers, helping readers gain a more profound appreciation for the text's nuances. If you're interested in the Book of Mormon's origins, textual structure, and the thoughtful decisions made in presenting it, this edition provides valuable insights and a fresh perspective on this sacred text. It is a must-read for those seeking to explore the Book of Mormon anew.

Praise for *The Plates of Mormon*: Brant Gardner's *The Plates of Mormon: A Book of Mormon Study Edition* is highly recommended to any and all readers who want to more deeply engage the text of the Book of Mormon. In this book, Gardner takes readers back to the early stages of the coming forth of the Book of Mormon. He expertly works through the book's transmission, bringing to life the words of Mormon, Nephi, and others. Gardner skillfully integrates the earliest manuscripts of the Book of Mormon while also highlighting the hundreds of places where the Book of Mormon interacts with the Bible. A remarkable achievement.

Nicholas J. Frederick, Associate Professor of Ancient Scripture, Brigham Young University and author of *The Bible, Mormon Scripture, and the Rhetoric of Allusivity*. This volume is a welcome addition to other recent study editions of the Book of Mormon. Relying upon the Printer's Manuscript, Gardner succeeds in making the text more intelligible and accessible to readers through a careful restructuring of punctuation, sentences, paragraphs, and narrative blocks, as well as by beginning with the large plates followed by the small. Readers will engage anew with the text of the Book of Mormon in this logically and creatively reformatted presentation, supported by highly insightful footnotes. There is much to be gained from this innovative contribution to Book of Mormon studies.

Kerry Hull, co-editor, *A Hundredth Part: Exploring the History and Teachings of the Book of Mormon*. Brant Gardner's *The Plates of Mormon: A Book of Mormon Study Edition* is an excellent addition to the small but growing number of scholarly editions of the Nephite record. Working from the Printer's Manuscript, Gardner has undertaken the labor of its first compositor, John H. Gilbert, by punctuating and paragraphing the Book of Mormon text afresh and providing a new and enjoyable experience, one which rewards its readers with new insights as the familiar chapter and verse structure is shaken up. Most notable is the re-arrangement by order of translation, allowing readers to experience the Book of Mormon as its original authors intended. Footnotes throughout provide interesting history and insights from the Original and Printers Manuscripts, as well as noting quotations, allusions, and echoes to the language of the King James Bible, enriching the reader's experience.

Having published and presented on the Book of Mormon in academic settings for over two decades, Brant Gardner has here produced a study edition of the Book of Mormon worthy of inclusion on the shelves of every serious student of the keystone scripture. Jared Riddick, librarian and archivist at Scripture Central.
