

A scenic landscape at sunset or sunrise. The sky is filled with warm, golden light from the low sun, casting a glow over the scene. In the foreground, there's a dark, reflective body of water, possibly a lake or a wide river, which mirrors the sky and the surrounding landscape. A winding road or path leads from the bottom right towards the horizon, disappearing into the distance. The road is flanked by tall, dry grasses and some sparse vegetation. In the background, there are rolling hills or mountains under the soft light of the setting or rising sun. The overall mood is peaceful and contemplative.

We have all known the long
loneliness and we have learned
that the only solution is love and
that love comes with community.

Spiritual Socialists Vaneesa Cook, 2019-10-25 Refuting the common perception that the American left has a religion problem Vaneesa Cook highlights an important but overlooked intellectual and political tradition that she calls spiritual socialism Spiritual socialists emphasized the social side of socialism and believed the most basic expression of religious values caring for the sick tired hungry and exploited members of one s community created a firm footing for society Their unorthodox perspective on the spiritual and cultural meaning of socialist principles helped make leftist thought more palatable to Americans who associated

socialism with Soviet atheism and autocracy In this way spiritual socialism continually put pressure on liberals conservatives and Marxists to address the essential connection between morality and social justice Cook tells her story through an eclectic group of activists whose lives and works span the twentieth century Sherwood Eddy A J Muste Myles Horton Dorothy Day Henry Wallace Pauli Murray Staughton Lynd and Martin Luther King Jr spoke and wrote publicly about the connection between religious values and socialism Equality cooperation and peace they argued would not develop overnight and a more humane society would never emerge through top down legislation Instead they believed that the process of their vision of the world had to happen in homes villages and cities from the bottom up By insisting that people start treating each other better in everyday life spiritual socialists transformed radical activism from projects of political policy making to grass roots organizing For Cook contemporary public figures such as Senator Bernie Sanders Pope Francis Reverend William Barber and Cornel West are part of a long standing tradition that exemplifies how non Communist socialism has gained traction in American politics
