Longman Anthology Of World Literature Vol Ii The 17th Century To Present Day:

The Longman Anthology of World Literature David Damrosch, 2004 The Longman Anthology of World Literature Volume D offers a fresh and highly teachable presentation of the varieties of world literature from the 17th and 18th centuries

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *Periodization and Sovereignty* Kathleen Davis, 2012-03-12 Despite all recent challenges to stage oriented histories the idea of a division between a medieval and a modern period has survived even flourished in academia Periodization and Sovereignty demonstrates that this survival is no innocent affair By examining periodization together with the two controversial categories of feudalism and secularization Kathleen Davis exposes the relationship between the constitution of the Middle Ages and the history of sovereignty slavery and colonialism This book s groundbreaking investigation of feudal historiography finds that the historical formation of feudalism mediated the theorization of sovereignty and a social contract even as it provided a rationale for colonialism and facilitated the disavowal of slavery Sovereignty is also at the heart of today s often violent struggles over secular and religious politics and Davis traces the relationship between these struggles and the narrative of secularization which grounds itself in a period divide between a modern historical consciousness and a theologically entrapped Middle Ages incapable of history This alignment of sovereignty the secular and the conceptualization of historical time which relies essentially upon a medieval modern divide both underlies and regulates today s volatile debates over world politics The problem of defining the limits of our most fundamental political concepts cannot be extricated Davis argues from the periodizing operations that constituted them and that continue today to obscure the process by which feudalism and secularization govern the politics of time *The Routledge Companion to World Literature* Theo D'haen, David Damrosch, Djelal Kadir, 2011-09-14 In the age of globalization the category of World Literature is increasingly important to academic teaching and research The Routledge Companion to World Literature offers a comprehensive pathway into this burgeoning and popular field Separated into four key sections the volume covers the history of World Literature through significant writers and theorists from Goethe to Said Casanova and Moretti the disciplinary relationship of World Literature to areas such as philology translation globalization and diaspora studies theoretical issues in World Literature including gender politics and ethics a global perspective on the politics of World Literature The forty eight outstanding contributors to this companion offer an ideal introduction to those approaching the field for the first time or looking to further their knowledge of this extensive field *The Longman Anthology of World Literature: The medieval era*, 2009 The Longman Anthology is designed to open up the horizons of world literature placing major works within their cultural contexts and fostering connections and conversations between eras as well as regions *World Literature Decentered* Ian Almond, 2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet World Literature Decentered is the first book to decenter Eurocentric discourses of global literature and global history not just by

deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world **Longman Anthology British**

Mapping World Literature Mads Rosendahl Thomsen,2008-06-21 Mapping World Literature explores the study of literature and literary history in light of global changes looking at what defines world literature in the 21st century Surveying ideas of literature from Goethe to the present Thomsen devises a compelling concept of literary constellations He discusses a wide range of critical positions identifies the limits of comparative and post colonial approaches and examines two specific cases literature written by migrant writers and the literature of genocide war and disaster Mapping World Literature captures new ways of understanding the patterns and trends that emerge in literature opening up and inspiring research to

map patterns in the field **Antígonas** Moira Fradinger, 2023-02-28 *Antígonas* Writing from Latin America is the first book in the English language to approach classical reception through the study of one classical fragment as it circulates throughout Latin America. This interdisciplinary research engages comparative literature, Latin American studies, classical reception history, feminist theory, political philosophy, and theatre history. Moira Fradinger tracks the ways in which, since the early nineteenth century, fragments of Antigone's myth and tragedy have been persistently cannibalized and ruminated throughout South and Central America and the Caribbean, quilted to local dramatic forms, revealing an archive of political thought about Latin America's heterogeneous neo-colonial histories. *Antígona* is consistently characterized as a national mother and, as the twentieth century advances, multiplied on stage, forming female collectives foregrounding the urgency of systemic change or staging gender politics. Through meticulous examination of classical culture in neocolonial contexts, Fradinger explores ways of reading Creole texts from the geopolitical South that disrupt the colonial reading protocols that deracinate texts or lock them into locality. By historicizing *Antígona* plays and interpreting them with a purpose to address specific colonial legacies, the book reveals how *Antígona* has ceased being Greek and instead tells stories of twentieth and twenty-first century Latin America. *Antígonas* rethinks the paradigms through which we understand the presence of ancient cultural materials in former colonial territories while illuminating an understudied continent in Anglophone reception studies.

Cultures in Contact Joan Aruz, Sarah B. Graff, Yelena Rakic, 2013 The exhibition *Beyond Babylon: Art, Trade, and Diplomacy in the Second Millennium B.C.* held in 2008-2009 at The Metropolitan Museum of Art demonstrated the cultural enrichment that emerged from the intensive interaction of civilizations from western Asia to Egypt and the Aegean in the Middle and Late Bronze Ages. During this critical period in human history, powerful kingdoms and large territorial states were formed. Rising social elites created a demand for copper and tin, as well as for precious gold and silver and exotic materials such as lapis lazuli and ivory, to create elite objects fashioned in styles that reflected contacts with foreign lands. This quest for metals, along with the desire for foreign textiles, was the driving force that led to the establishment of merchant colonies and a vast trading network throughout central Anatolia during the early second millennium B.C. Texts from palaces at sites from Hattusa (modern Bogazkaya) in Hittite Anatolia to Amarna in Egypt attest to the volume and variety of interactions that took place some centuries later, creating the impetus for the circulation of precious goods, stimulating the exchange of ideas and inspiring artistic creativity. Perhaps the most dramatic evidence for these far-flung connections emerges out of tragedy: the wreckage of the oldest known seagoing ship discovered in a treacherous stretch off the southern coast of Turkey near the promontory known as Uluburun. Among its extraordinary cargo of copper, glass, and exotic raw materials and luxury goods is a gilded bronze statuette of a goddess, perhaps the patron deity on board who failed in her mission to protect the ship. To explore the themes of the exhibition, art, trade, and diplomacy viewed from an international perspective, a two-day symposium and related scholarly events allowed colleagues to explore many facets of the multicultural societies that developed in the

second millennium B C Their insights which dramatically illustrate the incipient phases of our intensely interactive world are presented largely in symposium order beginning with broad regional overviews and examination of particular archeological contexts and then drawing attention to specific artists and literary evidence for interconnections In this introduction however their contributions are viewed from a somewhat more synthetic perspective one that focuses attention on the ways in which ideas in this volume intersect to enrich the ongoing discourse on the themes elucidated in the exhibition The Environment and Literature of Moral Dilemmas David Aberbach,2021-08-18 Exploring the literature of environmental moral dilemmas from the Hebrew Bible to modern times this book argues the necessity of cross disciplinary approaches to environmental studies as a subject affecting everyone in every aspect of life Moral dilemmas are central in the literary genre of protest against the effects of industry particularly in Romantic literature and Condition of England novels Writers from the time of the Industrial Revolution to the present including William Blake Elizabeth Gaskell Charles Dickens mile Zola Henrik Ibsen Anton Chekhov T S Eliot John Steinbeck George Orwell and J M Coetzee follow the Bible in seeing environmental problems in moral terms as a consequence of human agency The issues raised by these and other writers including damage to the environment and its effects on health and quality of life particularly on the poor economic conflicts of interest water and air pollution deforestation and the environmental effects of war are fundamentally the same today making their works a continual source of interest and insight Sketching a brief literary history on the impact of human behavior on the environment this volume will be of interest to readers researching environmental studies literary studies religious studies and international development as well as a useful resource to scientists and readers of the Arts **The Athenaeum** ,1907 *Publishers' circular and booksellers' record* ,1839 British Books ,1839 *The Publishers' Circular and Booksellers' Record* ,1929 **Athenaeum and Literary Chronicle** James Silk Buckingham,John Sterling,Frederick Denison Maurice,Henry Stebbing,Charles Wentworth Dilke,Thomas Kibble Hervey,William Hepworth Dixon,Norman Maccoll,Vernon Horace Rendall,John Middleton Murry,1833 Lady Anne Halkett Suzanne Linda Trill,2017-03-02 An in depth examination of Lady Anne Halkett s writing is long overdue Although Lady Anne Halkett is beginning to receive much warranted critical attention to date scholars have concentrated almost exclusively on her autobiographical Memoirs Consequently her extensive Select and Occasional Meditations have been neglected or marginalised While these texts are devotional in nature they also bear witness to Halkett s own sense of self and subjectivity The structure of this edition provides the first opportunity for scholars to place Halkett s Memoirs in its moment of production an in relation Halkett s other writings In so doing we gain a unique insight into a particular early modern woman s devotional practice and her developing subjectivity Suzanne Trill s original introduction discusses how this combination of texts requires scholars to revise their representations of Halkett and her writing Trill argues for a more detailed interrogation of Halkett s national and religious affiliations to this end she offers an analysis of the religious conflicts between Scotland and England 1660 1700 with particular reference to Halkett s

representation of her ministers experiences within this conflict Halkett s intense engagement with contemporary social political and religious changes makes her writing more than simply the record of an individual woman s life This edition of selections of her writings offers a new angle on Halkett s life and writing that will be of interest to literary scholars historians linguists and to those interested in women s studies in general The Publisher , 1909
