Looking Seeing Poems And Song Lyrics:

Looking ... Seeing Harry Chapin, 1975 **The Look of Lyric: Greek Song and the Visual**, 2016-04-26 The Look of Lyric Greek Song and the Visual addresses the various modes of interaction between ancient Greek lyric poetry and the visual arts as well as more general notions of visibility. It covers diverse poetic genres in a range of contexts radiating outwards from the original performance s to encompass their broader cultural settings the later reception of the poems and finally also their understanding in modern scholarship. By focusing on the relationship between the visual and the verbal as well as the sensory and the mental this volume raises a wide range of questions concerning human perception and cultural practices. As this collection of essays shows Greek lyric poetry played a decisive role in the shaping of both The Poetics of American Song Lyrics Charlotte Pence, 2012 Poets teachers and musicologists fusing studies of form scansion and musical creation to redefine the place of the American bard *AB Bookman's Weekly*, 1999 *Herself an Author* Grace S. Fong, 2008-05-08 Grace Fong has written a wonderful history of female writers participation in the elite conventions of Chinese poetics. Fong s recovery of many of these poets her able exegesis and elegant analytical grasp of what the poets were doing is a great read and her bilingual presentation of their poetry gives the book additional power. This is a persuasive and elegant study. Tani Barlow author of *The Question of Women in Chinese Feminism*. In this quietly authoritative book Grace Fong has brought a group of women poets back to life. Previously ignored by scholars because of their marginal status or the inaccessibility of their works these remarkable writers now speak to us about the sensualities pains satisfactions and sadness of being a woman in a patriarchal society. Professor Fong a superb translator of Chinese poetry prose and criticism has rendered the works of these women in a way that is true both to our theoretical concerns and theirs. Dorothy Ko author of *Cinderella s Sisters: A Revisionist History of Footbinding*. Professor Fong approaches the poetry of Ming Qing upper class women as a social cultural activity that allowed these women to manifest their agency and assert their own subjectivity against the background of virtual and actual networks of fellow female poets. As the distillation of more than ten years of research by one of the leading scholars in this field this work is a timely contribution that eminently deserves our attention. Given the inclusion of translations of some of the texts discussed the book provides a comprehensive introduction to the reading of women s poetry of the Ming Qing period. Wilt Idema Harvard University *Herself an Author* addresses the critical question of how to approach the study of women s writing. It explores various methods of engaging in a meaningful way with a rich corpus of poetry and prose written by women of the late Ming and Qing periods much of it rediscovered by the author in rare book collections in China and the United States. The volume treats different genres of writing and includes translations of texts that are made available for the first time in English. Among the works considered are the life long poetic record of Gan Lirou the lyrical travel journal kept by Wang Fengxian and the erotic poetry of the concubine Shen Cai. Taking the view that gentry women s varied textual production was a form of cultural practice Grace Fong examines women s

autobiographical poetry collections travel writings and critical discourse on the subject of women's poetry offering fresh insights on women's intervention into the dominant male literary tradition The wealth of texts translated and discussed here include fascinating documents written by concubines women who occupied a subordinate position in the family and social system Fong adopts the notion of agency as a theoretical focus to investigate forms of subjectivity and enactments of subject positions in the intersection between textual practice and social inscription Her reading of the life and work of women writers reveals surprising instances and modes of self empowerment within the gender constraints of Confucian orthodoxy Fong argues that literate women in late imperial China used writing and reading to create literary and social communities transcend temporal spatial and social limitations and represent themselves as the authors of their own life histories

Contemporary Leonard Cohen is an exciting new study that offers an original explanation of Leonard Cohen s staying power and his various positions in music literature and art The death of Leonard Cohen received media attention across the globe and this international star remains dear to the hearts of many fans This book examines the diversity of Cohen s art in the wake of his death positioning him as a contemporary multi media artist whose career was framed by the twentieth century and neoliberal contexts of its production The authors borrow the idea of the contemporary especially from philosophy and art history applying it to Cohen for the first time not only to the drawings that he included in some of his books but also to his songs poems and novels This idea helps us to understand Cohen s techniques after his postmodern experiments with poems and novels in the 1960s and 1970s It also helps us to see how his most recent songs poems and drawings developed out of that earlier material including earlier connections to other writers and musicians Philosophically the contemporary also sounds out the deep feelings that Cohen s work still generates in readers and listeners Whether these feelings are spiritual or secular sincere or ironic we get them partly from the sense of timeliness and the sense of timelessness in Cohen s lyrics and images which speak to our own lives and times our own struggles and survival From a set of international collaborators The Contemporary Leonard Cohen delivers an appreciative but critical examination of one of our dark luminaries **Love,**
