Healing Hands of Jesus Rekha Vidyarthi, 2012-03 Archangel Michael taught interactive healing to author Rekha Vidyarthi through this technique she has assisted the healing process in people for sixteen years Michael said to her You need to heal yourself in order to heal others Written with Jesus's guidance Healing Hands of Jesus illustrates how you can choose to change the karmic things and past lives that are happening right now Angels heal many lives at once by

healing one personality and integrating one fragment at a time into the higher self shortening the incarnation of a troubled past and present Every experience in life is created by unconscious thoughts Your outer situation triggers your innermost emotions and feelings The mind requires answers in order to change one's perspective Because most answers lie either in childhood or in a past life it is necessary to look within The angels trigger our memories to identify the connection which is when healing begins Such things as parental imprinting family karma ego anger fear guilt sadness depression or learned behavior perpetuate from one life to the next These issues repeat themselves through many lives until we learn how to heal the issues Healing Hands of Jesus explains that we must ask forgiveness for the negative things that are happening to us now in order to heal ourselves The Sufi Message of Hazrat Inayat Khan Centennial Edition Hazrat Inayat Khan, 2016-12 The works of Hazrat Pir o Murshid Inayat Khan are one of the great spiritual treasures of the world At once deeply rooted in the Sufi tradition and strikingly original in insight and expression Hazrat's teachings remain as potent and meaningful today as they were when originally communicated a century ago with a message for every human mind and heart and indeed for humankind collectively For some time the need for a new popular edition of Hazrat Inayat Khan's collected works has been apparent With this in view Suluk Press now commences its series The Sufi Message of Hazrat Inayat Khan Centennial Edition The aim of this series is to provide the full set of Hazrat's best known teachings in a form that balances fidelity to his original words with sensitivity to the contemporary evolution of the English language
