## **Mubarak AlSabah:**

**Mubarak Al-Sabah** Souad M. Al-Sabah, 2014-05-15 Amidst political upheaval and the decline of the Ottoman Empire the State of Kuwait emerged as an independent country under British protection in 1899 with Sheikh Mubarak Al Sabah widely accredited as the instrument of its foundation But the path to power for Mubarak was not a simple or smooth one The author here presents an original perspective on the difficulties and controversies surrounding Mubarak's ascension With unparalleled insights and access to original sources she reveals the life personality and politics of a man who determined to secure a distinctive Kuwaiti state helped to shape the modern Middle East This biography provides a comprehensive overview of a time of significant political and social change in the Gulf when development diplomacy economics finance and trade were both routes to political independence and the perpetuation of British domination Remembered for his unyielding determination to boost the profile and wealth of Kuwait and establish his leadership at a turbulent time of regional war Mubarak engineered major change for Kuwait From the negotiations of the 1899 Anglo Kuwait Agreement during which Mubarak sought to outfox Lord Curzon and other British officials to his ambitions to tame tribal politics the author here presents a unique portrait of the man who transformed Kuwait from an Ottoman sub province to an independent state

Abdullah Mubarak Al-Sabah Souad M. Al-Sabah, 2015-02-02 Sheikh Mubarak was the founder of the modern state of Kuwait But the man who actually led Kuwait to modernity was his son Abdullah Mubarak Al Sabah one of the most significant figures of Kuwait from the 1940s to Kuwaiti independence in 1961 Largely responsible for the creation of the Kuwaiti defence forces Abdullah Mubarak Al Sabah made a point of prioritising what he saw to be Kuwait's national interests in the face of British American and Iranian pressures during a crucial period of change He developed carefully crafted cautious relations with foreign oil companies and secured Kuwait's economic standing through his driven and single minded policies The author here presents this part biography part history of modern Kuwait with fresh new research and insights From America's drive to build stronger connections in the region in the 1950s when both the Cold War and Arab nationalisms were in full play to sensitive diplomatic issues such as water border disputes and difficult interactions with Iraq especially following the 1958 revolution of Abd al Karim Qasim the author examines Kuwait's relations with its neighbours and the West and the role played by this pivotal figure in the country's history and development This book makes a significant contribution to understanding the complex politics of modern Kuwait and the recent history of the Gulf States Al-Sabah Alan

Rush, Alan de Lacy Rush, 1987 **Kuwait and Al-Sabah** Rivka Azoulay, 2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikhdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait's social structure Rivka Azoulay

shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait s ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime s pact with society which threatens the pre oil alliances upon which the Al Sabah s regime has been built      The Ottoman Gulf Frederick F. Anscombe,1997 What caused the decline of the Ottoman empire in the Persian Gulf Why has history credited only London not Istanbul with bringing about the birth of the modern Gulf States Using the Ottoman imperial archives as well as European and Arab sources Anscombe explains how the combination of poor communication scarce resources and misplaced security concerns undermined Istanbul s control and ultimately drove the Gulf shaikhs to seek independence with ties to the British      *Kuwait 1975/76 - 2019* Anthony Axon,Susan Hewitt,2019-12-09 The third in a new series the Contemporary Archive of the Islamic World CAIW this title draws on the resources of Cambridge based World of Information which since 1975 has followed the politics and economics of the region Kuwait s documented history begins in the mid 19th Century Its location established it as an important entrep t at the head of the Arabian Gulf Notionally under Ottoman rule it became a de facto protectorate of Great Britain The discovery of oil changed Kuwait beyond recognition It gained full independence in 1971 and was long considered the most developed state in the Gulf Coveted by Iraq it was invaded in 1990 It also played a part in the2003 invasion of Iraq      **The Making of Contemporary Kuwait** Mahjoob Zweiri,Sinem Cengiz,2024-06-03 This book explores the contemporary history governance foreign policy political economy culture and society of Kuwait It highlights the dynamics of the country putting forward both an overview of each subject covered and new research findings It begins by providing a historical understanding of state formation and goes on to examine state structure including the ruling monarchy state legitimacy and the creation of the Constitution and the National Assembly It considers foreign policy including the tools of diplomacy the state s regional and international approach and the factors that have formed and reformed Kuwait s strategic policy in the global arena It assesses the economy including rentierism the labour market both for locals and for migrants the class system and the process of Kuwaitization and it discusses Kuwaiti society and national identity as well as investigates issues of women civil society youth and the Bidoon minority Overall the book provides a full and detailed analysis of contemporary Kuwait and of the factors which are bringing about new developments      *Stories of Democracy* Mary Ann Tétreault,2000 A sophisticated investigation of the shifting tides of democratic governance in modern Kuwait from 1921 to the present based on interviews both with political activists and members of the political elite *Stories of Democracy* sheds light on a wide array of issues concerning Middle Eastern politics and democratic institutions in general Mary Ann T tetreault explores how various political factions have sought to advance their own notions of Kuwaiti history and politics through distinctive popular appeals 1 pro democracy forces focusing on Kuwait s relationship to the universal values of the democratic world around them and 2 anti democrats proffering Arab and Muslim religious and cultural traditions She explores how such dramatic events as the suspension of the

Kuwaiti constitution in 1986 and the invasion by Iraq in 1990 occasioned major shifts in the course of the democracy movement. The current running through virtually all of the nation's political drama is the monolithic Kuwait Petroleum Corporation KPC used by the government as an instrument of economic strength to safeguard sovereignty in the absence of military might. *Saudi Arabia and the Gulf Arab States Today* Sebastian Maisel, John A. Shoup, 2009-02-17 This extremely timely and helpful ready reference will familiarize all students and readers with the Gulf region and Saudi Arabia Bahrain Dubai the UAE Kuwait Oman Yemen and Qatar. These states are bound by the desert culture the Gulf new oil economy and Islam to name some commonalities. Most Americans know something about the region such as oases dates camels oil Bedouin tribes and the legends of Lawrence of Arabia to Osama bin Laden. Islamic concepts and practices are still unfamiliar. On one extreme Saudi Arabia the cradle of Islam has been largely closed off to Western tourists. On the other extreme Dubai courts tourist dollars as it constructs modern architectural showcases. This is the first A-Z encyclopedia to focus on the Gulf illuminating the land people religion culture and traditions institutions economy and much more for general readers. The more than 200 essay entries have a current focus with historical context as necessary. The breadth of coverage means that this resource will be of use for a wide range of researchers and browsers. Besides individual entries on each state major cities and regions are also profiled. The natural environment and human adaptation to it receives significant space. Islamic customs and rules and various interpretations are clearly explained. Essays on topics such as key public figures institutions major events politics and state structures some based on sources often not available in English make this two volume set the first choice resource for accurate information. Suggestions for further reading accompany most entries. A chronology selected bibliography and photos also complement the text. [The Arabian Seas: Biodiversity, Environmental Challenges and Conservation Measures](#) Laith A. Jawad, 2021-03-30 The Arabian Seas Marine Region encompasses marine areas from Djibouti to Pakistan including the northern part of Somalia the Red Sea the Arabian Persian Gulf and parts of the Arabian Sea. Human pressures on the coastal and marine environments are evident throughout the region and have resulted in harmful environmental effects. Oil and domestic urban and industrial pollutants in several areas of this part of the world have caused local habitat degradation eutrophication and algal blooms. Further coastal landfill dredging and sedimentation as well as nutrient and sediment runoff from phosphate mining agriculture and grazing and reduction in freshwater seepage due to groundwater extraction are all contributing to the degradation of coastal environments. This book discusses aspects not covered in other books on the region which largely focus on marine biodiversity and examines several environmental challenges that are often ignored but which have a significant impact on the environment. Evaluating the status quo it also recommends conservation measures and examines the abiotic factors that play a major main role in the environmental changes. Lastly the book addresses the biodiversity of the area providing a general context for the conservation and management measures discussed. **Creative Insecurity** Dania Thafer, 2023-06-23 The Middle East is experiencing the

world's most prominent youth bulge. Yet many MENA economies' institutional designs, both formal and informal, favour the power of business elites systematically discriminating against young people joining the workforce or opening businesses and thus limiting their ability to contribute to innovation. Large youth populations can be a boon or a curse: nurtured and integrated, they can jumpstart stratospheric growth; but if alienated and confined, they can drain a society politically and economically. The Gulf Cooperation Council countries are no exception to this perilous dilemma. This book explores the problem through a new concept: creative insecurity, a state's subjection to an institutional ecosystem that is suppressing opportunities for innovation to the extent that it is causing economic and political vulnerabilities which in turn threaten national security. Creative insecurity threatens the longevity of many states today. In this original incisive study, Dania Thafer argues that GCC member states should make it a national security imperative to cash in their demographic dividend by averting the deleterious effects of ill-disposed elite politics. Investing in an innovation ecosystem that harnesses the talent of the youth majority will be crucial for the GCC's successful transition to the post-oil era. **Poet and Businessman** Leif Stenberg, 2022-08-30. A history of contemporary Kuwait as seen through the life of an individual Kuwaiti. This book reviews and analyzes the modern history of Kuwait through the life of Abd al Aziz Sa'ud al Baktain, a wealthy businessman, philanthropist, and poet. He is the head of a large influential international cultural foundation based in Kuwait City. Abd al Aziz's life story tightly interweaves with modern discussions on the history of the state of Kuwait. There are very few books taking a collective grip on the history of the state of Kuwait. Likewise, there are very few studies about the generation of Gulf individuals who experienced benefitted from and even suffered from the discovery of oil and who has been a crucial part of socioeconomic and cultural developments in countries like Kuwait in recent history. By constructing a cohesive overview of the modern history of Kuwait enriched by the life of an individual that has lived through the better part of that particular history, this book fills a lacuna in contemporary scholarship on the Middle East and especially the Arabian or the Persian Gulf.

**Kuwait Investment and Business Guide Volume 1 Strategic and Practical Information** IBP USA, 2013-08 Kuwait Investment and Business Guide Strategic and Practical Information **The Report: Kuwait 2019** Oliver Cornock, With the sixth largest proven oil reserves in the world and an industry that dates back to the early days of oil and gas dominance in energy Kuwait is among the world s principal hydrocarbons powers Yet given the lower oil prices seen in global markets in recent years initiatives outlined in the New Kuwait 2035 development plan come at a critical time in terms of enhancing the state s competitiveness as a destination for foreign direct investment

**All in the Family** Michael Herb, 2016-03-22 Michael Herb proposes a new paradigm for understanding politics in Saudi Arabia and the Gulf He critiques the theory of the rentier state and argues that we must put political institutions and specifically monarchism at the center of any explanation of Gulf politics All in the Family provides a compelling and fresh analysis of the importance of monarchism in the region and points out the crucial role of the ruling families in creating monarchical regimes It addresses the issue of democratization in the Middle Eastern monarchies arguing that the prospects for the gradual emergence of constitutional monarchy are better than is often thought

**The Report: Kuwait 2011** , 2010 **The Arab Nahda as Popular Entertainment** , 2023-11-16 What was popular entertainment like for everyday Arab societies in Middle Eastern cities during the long nineteenth century In what ways did

caf culture theatre illustrated periodicals cinema cabarets and festivals serve as key forms of popular entertainment for Arabic speaking audiences many of whom were uneducated and striving to contend with modernity s anxiety inducing realities Studies on the 19th to mid 20th century s transformative cultural movement known as the Arab nahda renaissance have largely focussed on concerns with nationalism secularism and language often told from the perspective of privileged groups Highlighting overlooked aspects of this movement this book shifts the focus away from elite circles to quotidian audiences Its ten contributions range in scope from music and visual media to theatre and popular fiction Paying special attention to networks of movement and exchange across Arab societies in Lebanon Syria Egypt Iraq and Morocco this book heeds the call for translocal transnational cultural histories while contributing to timely global studies on gender sexuality and morality Focusing on the often marginalized frequenters of caf s artist studios cinemas nightclubs and the streets it expands the remit of who participated in the nahda and how they did      *Kuwait: Prospect and Reality* H.V.F. Winstone,Zahra Freeth,2017-08-18 For many the story of this small Arabian state begins and ends with the wealth that has accrued from its vast oil deposits But the real fascination of Kuwait lies in its geological and archaeological history in its long struggle for survival among powerful neighbours in its ambitious plans for industrial and economic development This book first published in 1972 shows the effects of the new material wealth opened up by oil in relation to the country s remote past and its Islamic background
