Theodore H. Cohn

Multinationals In The Global Political Economy:

Multinationals in the Global Political Economy Lorraine Eden, Evan H. Potter, 1993-10-15 Multinationals in the Global Political Economy looks at the new diplomacy between the multinational firm and the nation state focusing on the interdependencies conflictual and co operative between the two primary actors in the global economy An international group of scholars the United Kingdom the United States Canada and Sweden from a variety of disciplines international relations political science public policy economics and business studies discuss the theory and practice of MNE state relations in the 1990s *Global Companies* American Assembly, 1975 Monographic compilation of conference papers on multinational enterprise covers management attitudes legal aspects of relations with both home country and host country foreign investment in developing countries the long term political behaviour of the multinational the need for an international agreement as a supranational control effects of multinationals on the future international economic system etc Conference held in new york 1974 December **Global Political Economy** Theodore H. Cohn, 2015-08-07 Praised for its authoritative coverage Global Political Economy places the study of IPE in its broadest theoretical context This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development Written by a leading IPE scholar Global Political Economy equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the global economy **MNCs in Global Politics** John Mikler, Karsten Ronit, 2020-12-25 This authoritative book examines the power of multinational corporations MNCs to exert influence in global politics Focusing on the actions and motivations of MNCs it explores how they attempt to shape the political issues that affect them Multinational Enterprises and the Global Economy John H. Dunning, Sarianna M. Lundan, 2008-01-01 For many years to come this volume is surely going to be the ultimate reference work on international business thanks to Dunning and Lundan have at their disposal a wealth of relevant data as well as theoretical and empirical analyses which will enable them to assess the capabilities contributions and challenges posed by the multinational enterprises to the global economy Seev Hirsch International Business Review Multinational Enterprises and the Global Economy has become a classic in international business Yet the book s second edition is even better than the first in part because of Professor Dunning s wise decision to choose Dr Lundan as his co author and to draw upon her deep knowledge of various strands of research on business government relations and the societal effects of firm behaviour In addition to being a remarkably useful reference book Multinational Enterprises and the Global Economy is the first book any IB doctoral student should read to understand the significance and richness of IB scholarship as it has developed over the past 50 years Alain Verbeke Journal of International Business Studies The second edition of Multinational Enterprises and the Global Economy provides unparalleled coverage not only of the literature relevant to IB research but also of the evolution of IB in the world economy Dunning and Lundan offer powerful insights into

the societal effects of MNEs and the role of business government relations in the IB context Journal of International Business Studies This wonderful book offers the definitive synthesis of the modern literature on the economic aspects of international business It is encyclopedic yet full of incisive insights It is a creative masterpiece which unbundles the DNA of the multinational enterprise and shows how it is the cornerstone of the field of international business Alan M Rugman University of Reading UK The rise of the multinational enterprise and the consequent globalisation of the world economy was arguably the single most important phenomenon of the second half of the twentieth century This magisterial book written by two leading authorities examines this phenomenon in depth It explains how foreign investment by multinationals diffused advanced technologies and novel management methods driving productivity growth in Europe Asia and North America however economic inequalities were reinforced as rich countries attracted more foreign investment than poor ones This new edition of a classic work is not only an authoritative guide to contemporary multinational business but a major historical resource for the future Mark Casson University of Reading UK This thoroughly updated and revised edition of a widely acclaimed classic text will be required reading for academics policymakers and advanced students of international business worldwide Employing a distinctive and unified framework this book draws together research across a range of academic fields to offer a synthesis of the determinants of MNE activity and its effects on the economic and social well being of developed and developing countries Unique to the new edition is its focus on the institutional underpinnings of the resources and capabilities of MNEs and the role of MNE activity in transmitting and facilitating institutional change Since the initial publication of this book more than a decade ago the economic managerial and social implications of globalisation and technological advancement have become even more varied and prominent Accompanying these developments there has been a rise in scholarly interest in interdisciplinary research addressing the important challenges of an ever changing physical and human environment Drawing on articles and books from international business and economics as well as economic geography political economy and strategic management a systematic overview of the developments in scholarly thinking is prese

Issues and Agents in International Political Economy Benjamin J. Cohen, Charles Lipson, 1999 This is the second of two anthologies on international political economy drawn from articles published in the journal International Organization The book is organized into four sections Trade Multinational Firms and Globalization Money and Finance and Emerging Issues

Global Political Economy Ronen Palan, 2013-05-07 Global Political Economy GPE is a broad and varied field of study and draws insight from a great number of fields and approaches One of the serious problems confronting academics and students is the sheer mass of theories and debates in the field This textbook provides up to date summaries of the debates and approaches that are currently at the forefront of both European and American GPE This new revised and expanded second edition contains updated versions of most of the original chapters In addition there is a new section entitled Emerging issues in contemporary Global Political Economy GPE and six new chapters The second edition is structured

around three themes Part I focuses on the six central concepts of GPE state firm power labour finance and globalization Each one of them has been increasingly subjected to a rigorous and critical evaluation in recent scholarship Part II covers a select number of theories and debates currently at the forefront of GPE game theory behavioural economics neo sociological and evolutionary institutionalism neo Marxism development and post development libidinal economies and economic constructivism Part III which is new to this edition is entitled Emerging issues in contemporary Global Political Economy GPE and focuses on war state and International Political Economy IPE race gender and culture environmental politics and the rise of China This is essential reading for all serious scholars and advanced students of IPE

Analyzing the Global Political Economy Andrew Walter,Gautam Sen,2008-12-08 Ideally suited to upper undergraduate and graduate students Analyzing the Global Political Economy critically assesses the convergence between IPE comparative political economy and economics Andrew Walter and Gautam Sen show that a careful engagement with economics is essential for understanding both contemporary IPE and for analyzing the global political economy The authors also argue that the deployment of more advanced economic theories should not detract from the continuing importance for IPE of key concepts from political science and international relations IPE students with little or no background in economics will therefore find this book useful and economics students interested in political economy will be alerted to the comparative strengths of political science and other social science disciplines A concise look at the foundations of analysis in the political economy of global trade money finance and investment Suitable for upper undergraduate and graduate students with some or no economic background Techniques and findings from a range of academic disciplines including international relations political science economics sociology and history Further reading and useful weblinks including a range of relevant data sources listed in each chapter

Foreign Direct Investment in a Changing Global Political Economy Steve Chan,2016-07-27 This book examines foreign direct investment in a changing world economy It offers case studies of this investment in different national and industrial contexts Firms and countries have encountered mixed results in using this investment to further their foreign leverage Conversely potential host countries have faced different opportunities and constraints in attracting or utilizing foreign capital for their development Although some countries have been relatively successful most do not appear to be well positioned to take advantage of the ongoing processes of globalization of national economies

Handbook of the International Political Economy of the Corporation Andreas Nölke,Christian May,2018-09-28 Over the past few decades corporations have been neglected in studies of international political economy IPE Seeking to demystify them what they are how they behave and their goals and constraints this Handbook introduces the corporation as a unit of analysis for students of IPE Providing critical discussion of their global and domestic power and highlighting the ways in which corporations interact with each other and with their socio political environment this Handbook presents a thorough and up to date overview of the main debates around the role of corporations in the global political economy

Multinational Corporations and Global

Justice Florian Wettstein, 2009-10-08 Multinational Corporations and Global Justice Human Rights Obligations of a Quasi Governmental Institution addresses the changing role and responsibilities of large multinational companies in the global political economy This cross and inter disciplinary work makes innovative connections between current debates and streams of thought bringing together global justice human rights and corporate responsibility Conceiving of corporate social responsibility CSR from this unique perspective author Florian Wettstein takes readers well beyond the limitations of conventional notions which tend to focus on either beneficence or pure charity While the call for multinationals involvement in the solution of global problems has become stronger in recent times few specifics have been laid down regarding how to hold those institutions accountable in the global arena This text attempts to work out the normative basis underlying the responsibilities of multinational corporations thereby filling a crucial void in the literature and marking a milestone in the CSR debate

International Political Economy in the 21st Century Roy Smith, Imad El-Anis, Christopher Farrands, 2014-01-21 No approach to world affairs in the 21st century can afford to ignore the impact that processes of globalisation are having on governments economies cultures and individuals An understanding of the theories that underpin International Political Economy and their practical applications is therefore crucial to the study of international relations politics development and economics In this comprehensive and accessible introduction to the field the authors consider traditional and alternative approaches to IPE elucidating key concepts assumptions and the intellectual and historical context in which they arose and developed making clear at all times their relevance to issues from trade finance and government to environment technology development and culture The style of this book encourages independent reflection and critical thinking Each chapter relates theoretical analysis to contemporary issues by way of giving the student a better understanding of the theory and also demonstrating the value of theory in the real world

International Political Economy Thomas Oatley, 2015-10-05 Broadly viewing the global economy as a political competition that produces winners and losers International Political Economy holistically and accessibly introduces the field of IPE to students with limited background in political theory history and economics This text surveys major interests and institutions and examines how state and non state actors pursue wealth and power Emphasizing fundamental economic concepts as well as the interplay between domestic and international politics International Political Economy not only explains how the global economy works it also encourages students to think critically about how economic policy is made in the context of globalization

GLOBAL SECURITY AND INTERNATIONAL POLITICAL ECONOMY - Volume II P. Bilgin, P. D. Williams, M. Sekiguchi, J. K. Galbraith, S. T. Inayatullah, J. Wiener, R. A. Schrire, I. L. Murphy, 2010-09-19 Global Security and International Political Economy is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias This 6 volume set contains several chapters each of size 5000 30000 words with perspectives issues of great relevance to our world such as Global Security Global

Security and the International System The Regional Dimension of Global Security The National Dimension Of Global Security
 The Societal Dimension Of Global Security The Human Security Agenda In World Politics History Of Empires And Conflicts
 The Myth Of The Clash Of Civilizations In Dialogical Historical Context Causes And Prevention Of Armed Conflict
 International Development Policies And Global Security Environment And Global Security Political Economy Of International
 Security Political Issues In Human Resource Development Globalization And The Consumer Society These volumes are aimed
 at the following five major target audiences University and College students Educators Professional practitioners Research
 personnel and Policy analysts managers and **International Political Economy Yearbook** W. Ladd Hollist,2020-01-29
 The International Political Economy Yearbook will be published annually under the sponsorship of the International Political
 Economy Section of the International Studies Association at the Department of Political Science Brigham Young University
 The intent of the series is to describe and explain the structure and the dynamic operation of the international political
 economy and to explore their political social and economic impact on different countries be they advanced market economies
 newly industrializing countries or underdeveloped countries This first volume is an overview of the policy and research field
 of international political economy studies It explores what international political economy is what approaches and theories
 might broaden and deepen our understanding of the phenomena addressed what perspectives seem inappropriate or
 misdirected and why neither international relations scholars nor mainstream economists can any longer claim status as
 senior partners in the community of scholars and policymakers interested in these issues It also addresses major policy
 problems confronting both advanced and developing countries including commodity trade foreign investment regulation of
 multinational corporations food shortages and other development problems industrial crises in the United States and Europe
 international debt and the increased role of the state in different economies **International Political Economy** Jeffry A.
 Frieden,David A. Lake,2002-11-01 Now in its fourth edition this best selling reader in international political economy offers
 31 solid articles 15 new by renowned scholars in political science and economics Frieden and Lake have edited and
 introduced each reading with care to ensure its accessibility to students who are new to the subject This reader continues to
 offer a provocative look at the postive and negative impacts of globalization **Ford and the Global Strategies of**
Multinationals Maria Isabel Studer Noguez,2003-08-27 Today the Multinational Enterprise MNE is seen as a leading agent
 in the process of globalization As they adopt global strategies MNE s are seen to be creating stronger deeper and more
 lasting links amongst countries thus shifting the balance of power inexorably in their favour to the detriment of the state This
 book interrogates this idea by undertaking a historical analysis of the global strategies of Ford **Globalisation and**
Interdependence in the International Political Economy R. J. Barry Jones,2013-11-07 Globalisation and
 Interdependence in the International Political Economy addresses central developments within the contemporary
 international system The notions of interdependence and globalisation that have accompanied the political discourse of a new

world disorder are replete with definitional ambiguities theoretical difficulties and empirical complexities Barry Jones offers a critical review and analysis of these concepts their significance and place within the wider debates of international political economy He argues that contemporary conditions are complex with regionalising tendencies cross cutting those of increasing globalisation and national impulses surviving even in the face of powerful internationalising forces Future developments it is concluded may also be far more uncertain and turbulent than is widely anticipated Written by a leading authority this volume is an effective and compelling introduction to the complex study of international political economy

China's Global Political Economy Robert Taylor, Jacques Jaussaud, 2018-04-27 Much has been written about China's economy as well as its business management system China's Global Political Economy however is designed to bring together these two perspectives serving to enhance our understanding of China's growing global role Examining changes in the management strategies of foreign companies investing in China and Chinese enterprises doing business overseas this book analyses China's political economy in the context of the Communist Party's changing policies The introductory section begins by studying the aspects of Chinese economic growth as it impacts on domestic social issues and the projection of Chinese power abroad Within this overall framework it then goes on to critically assess the effects of foreign investment business management strategies human resource management corporate social responsibility and the financial services sector Arguing that the encouragement of consumption is a significant objective of the Chinese leadership the last section is concerned with the importance of the food industry This book will be of interest to students and scholars of Chinese business management and international political economy as well as policymakers and business practitioners

The Multinational Enterprise, EU Enlargement and Central Europe Y. Akbar, 2003-02-04 As the role of the multinational enterprise MNE in the economic development of countries grows a focus on how MNEs influence the process of regulatory and legislative structures has developed among scholars of international political economy Yusaf H Akbar draws a conceptual link between the market strategies of MNEs and the convergence of regulatory systems internationally Focusing on empirical evidence from Central Europe and industry specific case studies Akbar uses the example of the successful implementation of EU laws in Hungary as it bids to join the European Union to demonstrate the profound impact of MNE strategies
