The Anthropology of Sex Hastings Donnan, Fiona Magowan, 2020-05-31 Sex scholarship has a long history in anthropology from the studies of voyeuristic Victorian gentlemen ethnographers to more recent analyses of gay sex transsexualism and the newly visible forms of contemporary sexuality in the West The Anthropology of Sex draws on the comparative field research of anthropologists to examine the relationship between sex as identity practice and experience Sexual cultures vary enormously and while often the topic of tabloid titillation they are more rarely subjected to strict cultural analysis The Anthropology of Sex is the first work to critically synthesise over a century of comparative expertise knowledge and understanding of diverse sexual forms Explores sexuality from diversity to perversity and asks how diverse sexual practices are linked Probes the cultural and comparative context of contemporary sexual practice and belief Examines the shaping of sex by global and globalizing forces The Anthropology of Sex will be key reading for undergraduate and postgraduate courses in anthropology and related disciplines

Nudism in Australia Magnus Clarke, 1982-01-01 *Some Like It Hot*, *The Dressed Society* Peter Corrigan, 2008-01-16 It was traditionally said that clothes maketh the man But what codes and meanings are associated with dress in a society that consists of divisions between class race gender family status and religion Is social and cultural life still fundamentally themed by the clothes that we wear If so how should we read these codes and themes in order to decipher their relation to power and meaning This exhaustive book demonstrates how dress shapes and is shaped by social processes and phenomena such as beauty time the body the gift exchange class gender and religion It does this through an analysis of topics like the Islamic clothing controversy in state schools the multitude of identities associated with dress the Dress Reform movement the construction of the body in fashion magazines and the role of the internet in fashion What emerges is a trenchant sharply observed account of the place of dress in contemporary society The book will be of interest to students and researchers in Sociology Cultural Studies Women s Studies Gender Studies Anthropology and Fashion Studies
