Blows,2003-08-27 Written by an experienced nurse lecturer who also trained as a mental health nurse this book explores the underlying biology associated with the pathology of mental health disorders and the related nervous system Integrating related pharmacological and genetic knowledge *The Biological Basis of Nursing Mental Health* covers topics including the physiology of neurotransmission and receptors the normal human brain hormones and mental health the biology of emotions stress anxiety and phobic states the biology of substance abuse developmental

disorders genetics and mental health affective disorders depression and suicide schizophrenia the ageing brain and dementia degenerative diseases of the brain epilepsy and sleep disorders Relevant to nurses at all stages of their training this is an essential text for mental health nursing students practitioners and educators BMJ ,2005 Principles and Practice of Nurse Prescribing Jill Gould,Heather Bain,2022-01-12 Feel prepared to take on nurse prescribing with this short and accessible text Whether you are pre registration or undertaking a prescribing course this book is your perfect introduction to the world of nurse prescribing Covering the legal professional and pharmacological considerations as well as core skills such as assessment and teamworking this accessible text explores all aspects of non medical prescribing in clear straightforward terms Key features Mapped to the 2021 RPS Competency Framework and 2018 NMC Standards Case studies activities and other learning features illustrate theory and concepts in practice Includes RAPID CASE a new model to aid safe prescribing decision making *Oxford Handbook of Prescribing for Nurses and Allied Health Professionals* Sue Beckwith,Penny Franklin,2011-05-12 This new edition is fully revised to provide concise practical and expert advice for the non medical prescriber Intended for all levels it covers basic pharmacology legal parameters safe and effective prescribing and common conditions Written by experienced nurse prescribers it contains a wealth of guidance and information *The Textbook of Non-Medical Prescribing* Dilyse Nuttall,Jane Rutt-Howard,2015-06-15 The Textbook of Non Medical Prescribing is an easy to read comprehensive overview of the essential knowledge key issues and skills relevant to non medical prescribing Now fully updated and linked to the National Prescribing Centre Single Competency Framework for non medical prescribers with activities to help you link your continuing professional development within the competences required as a prescriber This practical title remains an ideal resource for all qualified health professionals to practice safe and effective non medical prescribing The section edition is structured around four core themes public health social and cultural issues prescribing principles and continuing professional development which are threaded throughout the text It also includes additional material on the importance on continuing professional development in prescribing as well as the history and context of non medical prescribing ethical legal and professional issues effective consultations essential pharmacology clinical skills prescribing for specific groups and the role of the multidisciplinary team Key Features Accessible and study friendly Each chapter has learning objectives and activities to support a deeper understanding of the theoretical knowledge base and its application to practice Case studies linking the topics to real life scenarios Companion website at www.wiley.com/go/nuttall with a range of self assessment questions quizzes numeracy exercises case studies and weblinks The Textbook of Non Medical Prescribing provides support to anyone studying for a prescribing qualification or looking for a refresher on the subject **Independent Prescribing for General Practice Nurses** Amanda Blaber,Hannah Morris,Jennifer Gorman,Donna Goddard,2021-10-06 General Practice Nurses play an essential role in delivering care through general practice taking on a spectrum of different responsibilities within patient care to support the ever increasing workload within

GP surgeries clinics and health centres Often working autonomously as part of a multidisciplinary team general practice nurses assess advise and treat patients of all different ages and backgrounds and therefore may encounter almost every aspect of patient care during their work This book is specifically aimed at GP Nurses undertaking independent prescribing within the complexity of contemporary primary healthcare It offers a complete overview for those taking on an independent nurse prescribing course as well as those nurses who have already qualified as independent prescribers Case studies written for the general practice setting will help nurses build on the skills and practice they have already developed as they take on the independent prescribing role and will also be of value to more experienced or advanced nurses hoping to refresh their existing knowledge Written by a range of specialist authors the book also covers the theoretical knowledge and context associated with independent prescribing enabling GP nurses to practise competently and confidently and deliver clinically effective person centred care

Oxford Handbook of Nurse Prescribing Sue Beckwith,Penny Franklin,2007 Giving a picture of the role of the nurse prescriber this handbook provides evidence based advice for nurse prescribers This handbook contains the practical principles required to enable the prescriber to practice safely effectively and cost consciously

Staff Nurse Survival Guide John Fowler,2012-07-12 This handy second edition uses the same easy to read question and answer format as the first containing over 80 questions and answers from 19 different specialists It is divided into five chapters and covers topics such as Dealing with complaints Mental health Clinical supervision Dealing with aggression and bereavement Central venous pressure monitoring Mentoring a student

Advancing Nursing Practice in Pain Management Eloise Carr,Mandy Layzell,Martin Christensen,2010-02-22 This book showcases the development and evaluation of innovative examples of pain management initiatives by advanced practitioners It considers each service development or community initiative both in terms of advanced practice nursing and pain management There is a wide range of examples of innovation in pain management included from the introduction of ketamine use in one trust to wider issues around meeting the needs of pain management in the community The book considers issues including use of research education and interprofessional working in the advanced practitioner role Each chapter looks at development of the service challenges of implementation evaluation of the service s success and justifying the importance of the advanced nurse in the service s achievements Underlying theory is considered but the focus of each chapter is the translation of knowledge and skills into practice Written by expert advanced nurse practitioners with a wealth of experience in pain management Explores pain management in primary and secondary care both within and outside the NHS Suitable for qualified nurses Nurse Practitioners specialist nurses working in the pain field and nursing students on postgraduate courses on pain management

Men's Health Ian Peate,2007-08-20 Providing user friendly information in an accessible manner Men s Health The Practice Nurse s Handbook provides nurses with an insight and understanding of contemporary issues that affect men their partners and their families Author Ian Peate addresses some of the common issues conditions that may be seen or encountered by the practice nurse

and provides practical evidence based information and guidance There are seventeen chapters in total addressing key salient issues associated with the health of men **Independent Prescribing for District Nurses** Amanda Blaber,Hannah Morris,Jennifer Gorman,2020-04-14 District and community nursing are unique roles within healthcare practice When visiting patients in their own homes or in residential care homes district nurses are required to deal with a range of health and social care needs often in unpredictable and changing environments As part of the increasingly complex care district nurses offer to patients independent prescribing can also enable a timely and effective response to providing patient centred care This book is specifically aimed at district nurses undertaking independent prescribing within the complexity of contemporary primary health care It will help district nurses build on the skills and practice they have developed as community nurse prescribers as they develop into the independent prescribing role District nurses also need to consider autonomous decision making in prescribing practice whilst prescribing as part of a wider health care team supporting patients to self manage and considering individual patient and family factors to maintain wellbeing and positive outcomes Bringing together a range of specialist authors the book covers the theoretical knowledge and context associated with independent prescribing enabling district nurses to practice competently and confidently to deliver clinically effective person centred care It offers a complete overview for those taking an independent nurse prescribing course as well as district nurses who have already qualified as independent prescribers *Watson's Clinical Nursing and Related Sciences E-Book* Mike Walsh,Alison Crumbie,2007-07-25 Previous editions of this popular textbook have provided nursing students with the comprehensive guide they need to a wide range of clinical nursing issues This edition continues to provide this comprehensive support but also reflects the changing context of nursing care in the 21st century It reflects the growing importance of primary health and the community the move towards evidence based practice and the importance of the multi disciplinary team The text is designed to emphasise the importance of holistic patient focussed nursing It addresses health assessment and introduces students to key aspects of the medical history and physical exam Contemporary issues such as substance misuse are also examined Clearly written and well organised to support study the text also features case studies critical incidents and care plans The chapters include extensive 2 colour artwork and are supported by current references and suggestions for further reading Electronic ancillary material is available at <http://evolve.elsevier.com> Walsh Watsons Comprehensive nursing focussed textbook Emphasis on holistic nursing care rather than bio medical approach Includes material on all major client groups including children older people and mental health clients Reflects hospital and community aspects of nursing care for major disorders Case studies and care plans included Well designed in two colours and easy to use Each disorder chapter features key themes of psychological and social dimensions of care involving family discharge planning requirements for care after discharge nursing care within the context of the multi disciplinary team evidence based practice Supplementary electronic ancillaries on Evolve narrated Powerpoint presentations and related case studies A new

chapter on non medical prescribing and principles of safe practice An updated edition of the Watson s Clinical nursing pocket book prepared specifically for this edition to be published in the same year **Non-Medical Prescribing in Healthcare**

Practice Dawn Brookes,Anne Smith,2017-09-16 This text offers a contemporary insight into non medical prescribing initiatives in everyday situations covering the latest phase in this ever evolving field of professional practice With contributors from a variety of health professions this practical text examines prescribing as it stands now how it may develop in the future **Current Issues in Nurse Prescribing** Molly Courtenay,2001-01-02 Examines key topical issues for nurse prescribers Designed specifically for nurses undertaking the prescribing programme and for qualified nurse practitioners

Community Practitioners and Health Visitors Handbook Jackie Carnell,Roger Kline,1999 A practical manual covering all issues regarding the health service It highlights the way that all community practitioners can contribute to primary care groups and is written specifically from the health visitor s and community nurse s viewpoint **Pharmacology and**

Medicines Management for Nurses E-Book George Downie,Jean Mackenzie,Arthur Williams,Caroline Milne,2007-12-28 This title is directed primarily towards health care professionals outside of the United States An understanding of medicines and their effects on patients remains a crucial area of nursing knowledge This book provides a thorough foundation upon which nurses can build their clinical experience to achieve competence It not only provides information on the actions of drugs on the body but also gives clear guidance on the practical aspects of medicines management in both hospital and community Organisation of the text broadly follows the British National Formulary for ease of use Management of medicines linked to their therapeutic use Medicine administration linked with relevant care of patients where possible Basic principles of clinical pharmacology underpin the therapeutic chapters A chapter on the role of patients and carers is included All content revised in the light of changes in drug therapy clinical practice and medicines management including nurse prescribing Key objectives for each chapter Self assessment exercises with answers More detail relating to palliative care nurse prescribing A new section on Intensive Therapy Totally redesigned in two colours with improved design and page layout and better illustrations
