

Five Leadership Styles for Nurses

SERVANT LEADERS - Develop the skills of individual team members to inspire and motivate them.

TRANSFORMATIONAL LEADERS - Unite team members by communicating a shared vision and mission.

DEMOCRATIC LEADERS - Focus on improving the system and bringing individuals together.

AUTHORITARIAN LEADERS - Make decisions without input from others and micromanage team members.

LAISSEZ-FAIRE LEADERS - Use a hands-off, reactive approach instead of actively working to make changes.

Nursing Issues In Leading And Managing Change

Barbara Cherry (Nurse), Susan R. Jacob

Nursing Issues In Leading And Managing Change:

Nursing Issues in Leading and Managing Change Jeanette Lancaster, 1999 NURSING ISSUES IN LEADING AND MANAGING CHANGE provides current cutting edge information to guide nurses who are responsible for managing change in our health care system The text covers the changes in the systems of health care role theory decision process social and cultural settings ethical and legal issues credentialing management skills managed care and nursing informatics The book is organized in three parts change theory the environment of change and effecting change in the health care system Each chapter provides consistent features including objectives and key points to emphasize important information the student needs to know Key terms boxes are integrated throughout the chapters to highlight important vocabulary terms used in today s health care environment Chapters conclude with critical thinking questions to enhance learning and to reinforce critical thinking skills Discusses critical issues that affect nurses today and assists them in preparing for future practice Provides substantive core content based on business practices to help the nurse more effectively deal with issues related to their practice Includes an introduction in every chapter to pique students interest and set the context of material to follow Offers objectives to provide the student a clear understanding of the outcomes expected after reading each chapter Integrates key points at the end of the chapter to emphasize important information the student will need to know Includes critical thinking questions at the end of each chapter to help students assess their own strengths areas of improvement values attitudes and goals Features key term boxes throughout each chapter to highlight important vocabulary terms used in today s health care environment Presents a three part organization the theoretical foundations for change the environment in which changes occurs and effecting change in the health care system to help organize the material in a logical fashion for student comprehension Provides a consistent format in each chapter to make the material more user friendly for the student
