October War:

Israeli Fortifications of the October War 1973 Simon Dunstan, 2012-09-20 The Bar Lev Line along the Suez Canal was born out of the overwhelming victory of the Israel Defence Forces IDF in the Six Day War of 1967 Devastated by their defeat the Egyptian army bombarded Israeli positions causing many casualties Accordingly the IDF Chief of Staff General Haim Bar Lev ordered the construction of a series of fortified positions named the Bar Lev Line Each position was surrounded by barbed wire and minefields and virtually immune to strikes by artillery shells and even 500kg bombs On 6 October 1973 Yom Kippur the positions were manned by just 436 reservists when the Egyptian Second and Third Armies launched a massive offensive along the Suez Canal The positions were quickly cut off from the supporting elements and the Israeli defenders paid a high price with a casualty rate of almost 50 per cent Despite these losses it was not the Bar Lev Line that failed but Israel's military and political establishment which realised Arab intentions too late The October 1973 War Asaf

Siniver, 2013-09-30 The October War of 1973 also known as the Yom Kippur War was a watershed moment in the history of the Arab Israeli conflict and the modern Middle East more broadly It marked the beginning of a US led peace process between Israel and her Arab neighbours it introduced oil diplomacy as a new means of leverage in international politics and it affected irreversibly the development of the European Community and the Palestinian struggle for independence Moreover the regional order which emerged at the end of the war remained largely unchallenged for nearly four decades until the recent wave of democratic revolutions in the Arab world The fortieth anniversary of the October War provides a timely opportunity to reassess the major themes that emerged during the war and in its aftermath and the contributors to this book provide the first comprehensive account of the domestic and international factors which informed the policies of Israel Egypt Syria and Jordan as well as external actors before during and after the war In addition to chapters on the superpowers the EU and the Palestinians the book also deals with the strategic themes of intelligence and political economy as well as the socio political legacy of the war on Israeli and Arab societies **The Impact of the October Middle East War** United

One of the most momentous events in the Arab uprisings that swept across the Middle East in 2011 was the overthrow of President Hosni Mubarak As dramatic and sudden as this seemed it was only one further episode in an ongoing power struggle between the three components of Egypt's authoritarian regime the military the security services and the government A detailed study of the interactions within this invidious triangle over six decades of war conspiracy and sociopolitical transformation *Soldiers, Spies, and Statesmen* is the first systematic analysis of recent Egyptian history This paperback edition updated to incorporate events in 2013 provides the background necessary to understanding how the military rebranded itself as the defender of democracy and ousted Mubarak's successor Muhammad

Conflict and War in the Middle East Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this

subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi s examination of the Middle East wars in the period 1967 91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War

Arabs at War, 2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia and Syria during the post World War II era He shows in detail how each Arab military grew and learned from its own experiences in response to the specific objectives set for it and within often constrained political economic and social circumstances This first ever overview of the modern Arab approach to warfare provides a better understanding of the capabilities and limitations of the Arab militaries some of which are the United States most likely adversaries and some of which are our most important allies

Nasser at War L. James, 2006-10-02 From his 1956 Suez triumph to the 1967 defeat President Nasser of Egypt dominated the Arab revolution Drawing on new Arabic material this history casts a fresh light on Nasser s era and legacy of conflict and provides an essential background to developments in the contemporary Arab world

Stopping Wars James D D Smith, 2018-03-13 This is an attempt to catalogue the reasons why some wars are so difficult to stop even when both sides want the fighting to end Through detailed case studies the book assesses the obstacles and points toward solutions for ending wars more quickly Each chapter is devoted to a specific obstacle which the author analyzes and then illustrates with case studies drawing on such conflicts as the Iran Iraq War the Gulf War and the Yugoslav wars He assesses the role of third parties in trying to persuade people to stop fighting and examines what happens when obstacles to a cease fire cannot be overcome

From June to October Itamar Rabinovich, 2017-09-04 The causes of the October War in Israel can be traced to the political economic and strategic processes that occurred in the Middle East between 1967 and 1973 The papers compiled in this book were presented in the aftermath of the October War at an international colloquium held at Tel Aviv University The growth and power of Middle East oil producing countries changes in inter Arab relations domestic policies foreign policies and strategic changes in the Middle East arena are analyzed and evaluated by American and Israeli scholars American foreign policy Soviet military doctrine and Arab war aims are dealt with as well The introduction which summarizes the discussion reflects the perspective of December 1974 from which the events of the years 1967 1973 were seen and evaluated
