OECD Economic Surveys: Belgium 2020 OECD,2020-02-03 Belgium performs well in many economic and well being dimensions but risks are building up Maintaining the reform momentum will boost the resilience of the Belgian economy Rebuilding fiscal buffers should remain a priority to cope with population ageing Strong mortgage credit growth and easing of lending standards require adequate prudential measures The employment rate remains low and changes in the nature of work can exacerbate existing gaps according to socio economic status or regions OECD Economic Surveys: Belgium 2017

OECD,2017-06-20 Belgium performs well in many economic and social dimensions However in spite of several important reforms in recent years productivity growth has weakened markedly since the financial crisis Reinvigorating productivity growth is vital to sustaining increases in living standards OECD Economic Surveys: Belgium 2015 OECD,2015-02-04 This

2015 OECD Economic Survey of Belgium examines recent economic developments policies and prospects Special chapters cover integration of immigrants and the housing sector **OECD Economic Surveys: Belgium 2024** OECD,2024-09-23

Belgium s economy has been relatively resilient to recent shocks and is expected to continue to grow steadily Public finances have deteriorated though In absence of fiscal consolidation the debt to GDP ratio is projected to rise fast Cutting ineffective public spending and reforming the budgetary framework to increase accountability across governments would help ensure public finances are on a sustainable path Reforms to taxes and benefits could foster labour market activation and expand the tax base Strengthening prevention and return to work programmes could contribute to tackling the high and increasing take up of disability benefits and better support employment of people with reduced work capacity A coordinated strategy to reduce administrative costs and facilitate small firms access to training could increase business dynamism and productivity Targeted support for female entrepreneurs could also unlock additional potential of the SME sector Achieving the green transition requires setting up binding targets and improving coordination of climate policy across federal and regional governments Easing procedures and improved financing schemes would help deploy renewable energy production Transparency in future environmental standards with adequate and well targeted financial incentives would sustain household investment in energy efficiency and electrification particularly in the transportation and building renovation
