Oedipus Judaicus 1811:

Oedipus Judaicus W. Drummond, 2014-03 This Is A New Release Of The Original 1811 Edition **Egyptian Oedipus** Daniel Stolzenberg, 2013-04 Stolzenberg presents a new interpretation of Kircher's hieroglyphic studies placing them in the context of seventeenth century scholarship on paganism and Oriental languages Situating Kircher in the social world of baroque Rome with its scholars artists patrons and censors he shows how Kircher's study of ancient paganism depended on the circulation of texts artifacts and people between Christian and Islamic civilisations **The Making of an Anglo-Jewish Scholar** David B. Ruderman, 2025-06-16 This book is a study of the life and thought of the Polish Jew Solomon Yom Tov Bennett 1767 1838 who immigrated to London where he spent the last forty years of his life In focusing on Bennett's learned life it underscores the significance of this singular writer artist and public figure especially his remarkable dual interests in art and thought his biblical scholarship his social and intellectual connections with some of the most famous and accomplished Christian intellectuals of London and his self determination to complete his life long ambition of serving Western civilization by correcting and rewriting the entire standard edition of the English Old Testament Bennett's Christian associates respected his learning and were willing to accept him as a Jew in their ranks His integration into the upper echelons of the Christian literary establishment dukes jurists theologians and other scholars did not impede his loyalty to his faith On the contrary Bennett's Christian friends made him more Jewish more convinced of Judaism's moral force and more secure in his own skin as a member of a proud minority among Christian elites supposedly liberated so he hoped from the dark hostility of the Christian past His supreme act of translating the Bible constituted the ultimate payback he could offer the altruistic Christians he had met open to welcoming him not despite his Jewishness but because of it Bennett's transformation from a Polish Jewish immigrant to a proud Anglo Jew exemplifies a unique path of modern Jewish life and self reflection one ultimately shaped by the particular ambiance of his newly adopted country *Islam and the English Enlightenment, 1670-1840* Humberto Garcia, 2012-01-30 A corrective addendum to Edward Said's Orientalism this book examines how sympathetic representations of Islam contributed significantly to Protestant Britain's national and imperial identity in the eighteenth century Taking a historical view Humberto Garcia combines a rereading of eighteenth century and Romantic era British literature with original research on Anglo Islamic relations He finds that far from being considered foreign by the era's thinkers Islamic republicanism played a defining role in Radical Enlightenment debates most significantly during the Glorious Revolution French Revolution and other moments of acute constitutional crisis as well as in national and political debates about England and its overseas empire Garcia shows that writers such as Edmund Burke Lady Mary Wortley Montagu Samuel Taylor Coleridge Robert Southey and Percy and Mary Shelley not only were influenced by international events in the Muslim world but also saw in that world and its history a viable path to interrogate contest and redefine British concepts of liberty This deft exploration of the forgotten moment in early modern history when intercultural

exchange between the Muslim world and Christian West was common resituates English literary and intellectual history in the wider context of the global eighteenth century The direct challenge it poses to the idea of an exclusionary Judeo Christian Enlightenment serves as an important revision to post 9 11 narratives about a historical clash between Western democratic values and Islam

Buchwald, Diane Greco Josefowicz, 2022-05-24 A major new history of the race between two geniuses to decipher ancient Egyptian hieroglyphs set against the backdrop of nineteenth century Europe In 1799 a French Army officer was rebuilding the defenses of a fort on the banks of the Nile when he discovered an ancient stele fragment bearing a decree inscribed in three different scripts So begins one of the most familiar tales in Egyptology that of the Rosetta Stone and the decipherment of Egyptian hieroglyphs This book draws on fresh archival evidence to provide a major new account of how the English polymath Thomas Young and the French philologist Jean François Champollion vied to be the first to solve the riddle of the Rosetta Jed Buchwald and Diane Greco Josefowicz bring to life a bygone age of intellectual adventure Much more than a decoding exercise centered on a single artifact the race to decipher the Rosetta Stone reflected broader disputes about language historical evidence biblical truth and the value of classical learning Buchwald and Josefowicz paint compelling portraits of Young and Champollion two gifted intellects with altogether different motivations Young disdained Egyptian culture and saw Egyptian writing as a means to greater knowledge about Greco Roman antiquity Champollion swept up in the political chaos of Restoration France and fiercely opposed to the scholars aligned with throne and altar admired ancient Egypt and was prepared to upend
