**Théâtre complet du Comte A. de Vigny ... Nouvelle édition. Le More de Venise; Le Marchand de Venise; Le Maréchale d'Ancre.-Quitte pour la peur.-Chatterton.** Alfred de Vigny, 1848      **Making an Entrance** Juliane Vogel, 2022-10-03 How does the entrance of a character on the tragic stage affect their visibility and presence Beginning with the court culture of the seventeenth century and ending with Nietzsche s Dionysian theater this monograph explores specific modes of entering the stage and the conditions that make them successful or cause them to fail The study argues that tragic entrances ultimately always remain incomplete that the step figures take into visibility invariably remains precarious Through close readings of texts by Racine Goethe and Kleist among others it shows that entrances promise both triumph and tragic exposure though they appear to be expressions of sovereignty they are always simultaneously threatened by failure or annihilation With this analysis the book thus opens up possibilities for a new theory of dramatic form one that begins not with the plot itself but with the stage entrance that structures how characters appear and thus determines how the plot advances By reflecting on acts of entering this book addresses not only scholars of literature theater media and art but anyone concerned with what it means to appear and be present
