College students are now regarded as consumers not students and nowhere is the growth and exploitation of the university more obvious than in the realm of college sports where the evidence is in the stadiums built with corporate money and the crowded sporting events sponsored by large conglomerates. The contributors to *Sport and the Neoliberal University* examine how intercollegiate athletics became a contested terrain of public private interests. They look at college sports from economic social legal and cultural perspectives to cut through popular mythologies regarding intercollegiate athletics and to advocate for increased clarity about what is going on at a variety of campuses with regard to athletics. Focusing on current issues including the NCAA Title IX recruitment of high school athletes and the Penn State scandal among others, *Sport and the Neoliberal University* shows the different ways institutions individuals and corporations are interacting with university athletics in ways that are profoundly shaped by neoliberal ideologies.

Hockey Night in Dixie Jon C. Stott, 2011-04-15. During the 1980s the geography of minor league professional hockey changed radically moving from its roots in the Canadian Maritime provinces New England and the Midwestern states into the American south. In addition to cities like Dallas Charlotte Norfolk and Oklahoma City which had long traditions of minor league hockey unlikely places such as Biloxi Baton Rouge Little Rock and Augusta hosted teams. Over an 18 year period minor league hockey was played in 72 different southern cities and at one point there were more minor league teams in Texas than in all of Canada making Texas the place where many players learned their hockey skills. *Hockey Night in Dixie* examines this phenomenon with a historical overview of the period including interviews with people

involved in the founding and early years of each of the 13 leagues There are also in depth portraits of four teams one from each of the four lower minor leagues that played during the 2005 06 season These portraits feature interviews with owners coaches players officials fans and reporters Amply illustrated with photographs Hockey Night in Dixie paints a vivid picture of this extraordinary development in minor league sports
