Textures of Power Florence Bernault, Benoît Henriët, Emery Kalema, 2025-05-27 Central Africa has long been a fertile ground for engendering new concepts and innovative research, exerting significant influence on African studies and beyond. This edited volume offers groundbreaking multidisciplinary reflections on power in Central Africa from the Atlantic slave trade era to the present. By bringing together emerging and leading scholars, *Textures of Power* builds on the rich epistemic legacies of Central African studies and opens new research avenues across history, anthropology, and cultural and political studies. It offers fresh perspectives on colonial and postcolonial power structures, drawing on new findings while critically engaging with earlier theoretical frameworks. Employing the concept of texture as a red thread, the book showcases the central importance of power as an analytical tool in the humanities and the social sciences. It fosters dialogues between emotions and technology, colonialism and its aftermath, and between non-humans and the invisible world. Drawing on stories about women, social rebellions, digital technologies, slavery, languages, forest management, charms, care, and bio-medicine, urban life, radio music, witchcraft, homosexuality, and environmental pollution, this volume emphasizes bottom-up, long-term, and emic approaches, as well as local theories about power. This work

will appeal to students and scholars in African studies colonial and postcolonial studies and those interested in Africa s longue dur e history Beyond its spatial focus it will also be relevant to those studying power dynamics cultural studies queer and gender studies and environmental humanities Embrosewyn Tazkuvel,2010-05-01 **THE PROSPERITY BIBLE - Ultimate Collection** Niccolò Machiavelli,Elizabeth Towne,Elbert Hubbard,James Allen,William Walker Atkinson,Orison Swett Marden,Ralph Waldo Trine,Benjamin Franklin,William Crosbie Hunter,Harry A.
