Conan Doyle and the Crimes Club Stephen Wade, 2017-05-17 On 17 July 1904 an intimate group of like minded gentlemen sat down to dinner in London's Great Central Hotel They were united by one shared interest a fascination with crime and the workings of the criminal mind This meeting occurring in the golden age of literary dinners and good fellowship marked the birth of the Crimes Club a concept that quickly developed into a professional and academic society boasting members of the legal and literary elite with Sir Arthur Conan Doyle creator of Sherlock Holmes and gregarious bon viveur at its heart Until now the exclusive nature of the club meant that little has been divulged about these aficionados of murder but Conan Doyle and the Crimes Club gives readers a thrilling insight into the previously veiled lives of these celebrated men of the time Recounting their detective investigations spying escapades and criminous journalism that no doubt inspired Doyle's own literary feats Stephen Wade explores all manner of criminal activities that were examined and discussed by the club ranging from wives buried in basements to bodies cast into the River Thames and lovers poisoned with arsenic A lively and compelling read Conan Doyle and the Crimes Club provides a unique window into the Edwardian clique of criminologists and gentleman sleuths Welcome to the club

alongside specialisation of roles and hence college education was identified as the way to meet demands of the market and bankers began to develop a full suite of products to keep customers loyal The once professional bank manager who was a guardian of good practice eventually became absorbed into the needs of the leviathan organisation The end result is an unimaginable and interlinked financial crisis in 2008 that swept across Ireland and the globe This book explores banking organisation and practice as it transforms and across the period from 1960 to 2018 It argues that organisational goals over individual responsibility paved the pathway towards crisis Organisationally anxiety and fear of failure took the place of certainty and stability While the financial crisis is coming to an end banking organisations remains fragile and prone to influences that may lead them towards a path of continuous cycles of boom and bust Such a state has the potential to create an unending cycle of boom and bust and the end of stability and the institution of banking This book shines a light on that and will be of interest to banking and finance researchers students and practitioners **Handel** David Vickers,2017-07-05

is designed to accommodate historians of Britain and its empire who are unfamiliar with library history library historians who are unfamiliar with British history and book historians who are unfamiliar with both topics Association and Enlightenment Mark C. Wallace, Jane Rendall, 2020-12-18 Social clubs as they existed in eighteenth and early nineteenth century Scotland were varied they could be convivial sporting or scholarly or they could be a significant and dynamic social force committed to improvement and national regeneration as well as to sociability The essays in this volume examine the complex history of clubs and societies in Scotland from 1700 to 1830 Contributors address attitudes toward associations their meeting places and rituals their links with the growth of the professions and with literary culture and the ways in which they were structured by both class and gender By widening the context in which clubs and societies are set the collection offers a new framework for understanding them bringing together the inheritance of the Scottish past the unique and cohesive polite culture of the Scottish Enlightenment and the broader context of associational patterns common to Britain Ireland and beyond
