The Works of Robert G. Ingersoll Robert Green Ingersoll, 2018-05-23 Reproduction of the original The Works of Robert G Ingersoll by Robert Green Ingersoll **A Garden Of Bristlecones** Michael P. Cohen, 1998-09-01 An engaging well illustrated natural and cultural history of the oldest living organism the bristlecone pine Since Edmund Schulman discovered in 1958 that individual bristlecones live nearly 5 000 years the trees have been investigated primarily for the elaborate record their rings contain The trees have been read closely with major consequences for natural and human history Historians have read local and global environmental change Archaeologists have rewritten the history of civilization Writers have transformed them into figures pertinent to the human dilemmas of time and eternity A Garden of Bristlecones investigates professional and popular conceptions as a set of narratives drawn from the outside and inside of the trees It reveals the premises of the investigators the nature of their inquiry and the extent of their knowledge while also revealing the Great Basin bristlecone itself Illustrations by Valerie Cohen Lectures Robert Green Ingersoll, 1909 *The Works of Robert G. Song, 2005-07-07 Tell Us Our Names is a timely book beautifully written and understandable by all Its particular challenge lies in the folk and fairy tales that provide the text Here are the roots of both faith and reason and the direct way to dump excess baggage and discover new and better questions Scripture Oriental wisdom ecumenical theology all receive calm and imaginative treatment in Song s hands Joseph McLelland McGill University Montreal In this volume Dr Song offers us golden keys to open the stone gates of religion Gathering together intercultural insights from the experience of people in many countries these parables and stories usher us into the presence of Mystery The easy flow of storytelling smoothly mixed with sensitive interpretation makes this volume very readable To those who believe that theology has to do only with ideas and concepts this volume may come as a surprise and a joyful discovery S J Samatha former Director Dialogue Programme World Council of Churches Geneva C S Song explores the folk tales of the world and depicts God s answer to the thrust for the redemption of the people with one stroke of an Asian brush Here the culture religion history and suffering of the Asian people is the medium of God s redemptive revelation Certainly by this work he has contributed another transposition of the biblical message to Asia a monumental

accomplishment in the formation of Asian theology Reading this Theology of Folk Tales is exciting and illuminative Nam Dong Suh Director Institute for Mission Education Seoul Korea C S Song is Professor of Theology and Asian Cultures at Pacific School of Religion His recent publications include The Believing Heart *Darkness and Dawn* Frederic William Farrar,1891

Darkness and Dawn Frederic W. Farrar,2021-11-09 In *Darkness and Dawn* Frederic W Farrar embarks on a profound exploration of the human condition deftly weaving together themes of faith endurance and redemption in a narrative set against the backdrop of a world steeped in turmoil Farrar employs a richly descriptive literary style combining lyrical prose with philosophical introspection reminiscent of Victorian literature s deep moral inquiry The novel s allegorical elements invite readers to ponder the struggles between light and darkness both in the external world and within the inner psyche of its characters making it a poignant commentary on the societal challenges of his time and the eternal quest for meaning Frederic W Farrar was an eminent Victorian cleric scholar and author whose rich tapestry of experiences as a theologian and educator profoundly shaped his writing His deep understanding of Christian theology and human psychology is intricately woven into *Darkness and Dawn* as he aims to bridge the spiritual and temporal worlds Farrar s contemplative approach reflects both his pastoral care and intellectual rigor offering a unique lens through which to view the dilemmas faced by humanity This book is highly recommended for those seeking a thought provoking narrative that challenges the reader to confront moral dilemmas while providing a captivating story Its timeless themes resonate with today s societal struggles making *Darkness and Dawn* not just a work of fiction but a compelling call for introspection and hope The Human Situation W. MacNeile Dixon,2014-12-03 Originally published in the late 1930 s *The Human Situation* was written by W Macneile Dixon a great philosopher in his time The book comprises the Gifford Lectures delivered at the University of Glasgow between 1935 and 1937 and will prove a fascinating read for anyone with an interest in philosophy Introduction The most singular and deepest themes in the History of the Universe and Mankind to which all the rest are subordinate are those in which there is a conflict between Belief and Unbelief and all epochs wherein Belief prevails under what form it will are splendid heart elevating and fruitful **The Human Touch** Edith Nicholl Ellison,1905 *Purpose in the Universe* Tim Mulgan,2015-10-22 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan explores a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it *Purpose in the Universe* develops a philosophical case for Ananthropocentric Purposivism that it is at least as strong as the case for either theism or atheism The book borrows traditional theist arguments to defend a cosmic purpose These include cosmological teleological ontological meta ethical and mystical arguments It then borrows traditional atheist arguments to reject a human centred purpose These include arguments based on evil diversity and the scale of the universe Mulgan also highlights connections between morality and metaphysics arguing that evaluative premises play a crucial and underappreciated role in metaphysical debates about the existence of God and Ananthropocentric

Purposivism mutually supports an austere consequentialist morality based on objective values. He concludes that by drawing on a range of secular and religious ethical traditions a non human centred cosmic purpose can ground a distinctive human morality. Our moral practices, our view of the moral universe and our moral theory are all transformed if we shift from the familiar choice between a universe without meaning and a universe where humans matter to the less self aggrandising thought that while it is about something the universe is not about us. *Routledge Library Editions: Study of Shakespeare* Various, 2021-11-01.
